GANANOQUE

(From Our Own Correspondent)
 Jan. 10.—Judge Ruddy, of Whitby, was recently appointed as the third member of the Conciliation Board for the adjustment of the wage differences between the Steel Company of Canada and their employees, who are members of the Amalgamated Association of Iron, Steel and Tin Workers. Mr. Frederick Bancroft, of Toronto, well known as the prime mover in the fight for the Workmen's Compensation Act, arrived here yesterday afternoon. The board consists of Judge Ruddy (chairman), Frederick Bancroft, representing the workmen, and Dr. E. L. Atkinson representing the Steel Company of Canada. The initial meeting was held at four o'clock yesterday afternoon at the Provincial Hotel. Shortly after noon yesterday the T.R. train on her run from Gananoque Junction was derailed near Chesboro.

Mrs. Frank Garrah, King street east, has been confined to her home for some time past very seriously ill with very slight hope, entertained for her recovery.

Rev. Walter Cox left for Ottawa yesterday in the interests of the I.O.O.F. of Canada, of which he holds the position of Grand Master of Ontario.

Ptes. Percy Newton and Frederick Runnett came down from Kingston on Wednesday to attend the honorary banquet at the G.W.V.A. hall that evening.

The home of Mr. and Mrs. Herbert Cole, Arthur street, was the scene of a very pretty wedding at nine o'clock on Wednesday evening, when their only daughter, Miss Elsie Cole was united in marriage to Pte. James A. Back, of the Royal Dental Corps of Kingston. The ceremony was performed by Rev. W. S. Lennon, pastor of Grace church, before immediate relatives of the contrasting parties. Both were unattended and stood beneath an arch of flags, from which was suspended a large white bell. The bride was arrayed in her handsome travelling suit of navy serge with pink silk crepe de chene blouse and a corsage bouquet of carnations and maidenhair fern. After the cere-

mony the bridal party sat down to a dainty repast, the table being handsomely decorated in pink and white. The groom's gift to the bride was a beautiful pair of pearl earrings, while many beautiful tokens of esteem and regard bespoke her popularity among her large circle of friends. Mr. and Mrs. Buck will locate in Kingston.

Benjamin Wheel Factory Closed, Waiting For Machinery.

WITH THE RETURNED MEN

A REAL GRIEVANCE REGARDING DISCHARGE PAY.

Returned Men in Favor of the Salvation Army Campaign—Hard Weather for the Men at Fort Henry.

There are still a few returned soldiers who are picking holes in the Government's war gratuity scheme. One of the complainants stated a case in which there seems to be some room for grievance. Two men enlisted on the same day in 1915. One of them secured a staff position in the city, and remained in the city. The other went to England, was injured in training and returned to Canada without reaching France. He was discharged on November 9th, while the other, who had been in his office in Canada all these years, is discharged a week later. Under the terms of the new act, the man who has been as far as England gets three months' pay on discharge, while the man who has been in Canada during the war, receives six months' pay. Soldiers of all ranks from private up, are sincere in their sorrow at the passing away of Major-General Hemming. This has been the subject of much conversation in the veterans' club rooms for the last few days. The rank and file of the returned men are hearty supporters of the Salvation Army campaign to raise funds for their splendid work. Not one of them has a word to say against the work of the army in the past, but they are unanimous in praising their efforts on behalf of the troops. Some of the veterans are to make an active part in the campaign.

The billiard tournament at the Great War Veterans' rooms, which closed last night, was so great a success that another tournament is being organized. Comrade Hicks is in charge of the arrangements.

The boys on guard at Fort Henry are finding the severe weather of the past few days very trying. It is no joke to be on guard up on the hill during the night when the wind is blowing hard and the thermometer drops to fourteen below zero.

The new G.O.C. is already a great favorite with the returned men. He received deputations of the veterans' associations on various matters, and the boys were delighted with their reception.

FLY FLAGS FULL MAST

Order Still in Force Against Half-Mast During War.

The city buildings flags have been flying at full mast out of respect to the memory of the late Major-General Hemming, while the flags on the Royal Military College and the armory are throughout the 3rd Military District are at half-mast. When the civic authorities were asked by the local military authorities as to why the city hall flags were not half-masted, they were referred to the order issued by the British Government that flags must be flown at the mastheads only during the war, and as peace has not yet been declared, the order stands. The civic authorities claimed they were in the right, and convinced the military people of this.

Change in Commissionership.

London, Jan. 10.—It is widely rumored that a change is imminent in the Canadian High Commissionership. It is understood that Sir George Perley returns to Canada in April, whether permanently or temporarily is not yet known. Sir George Perley has declined the position, owing to the heavy personal expense entailed.
