

EATS DIRTY

GILLET'S LYE

MADE IN CANADA

Poisoned Wild Animals.
 Calabogie, Jan. 25.—John Stubbinsky was down from Mud Lake with the skin of a wolf, also that of a red fox. On the lake some time ago he came across the half-eaten carcass of a deer. He injected poison into it, and upon returning found it wolf and a fox lying dead beside it. Their pelts he brought to Calabogie and got \$35 for them. There were five other wolves in the pack, but they managed to crawl away. Mr. Stubbinsky is expecting to get them also, as they must be lying dead somewhere. The skin which he brought down was that of an exceptionally large wolf.

Soon Had it Opened.
 Perth, Jan. 28.—On Monday when the safe in the sub-branch of the Bank of Ottawa at Sharbot Lake refused to open to the persuasions or efforts of those who understood its combinations Roy Gravelle, the safe wizard of Renfrew, had to be brought down to manipulate it. As all safes are toys in his hands it was not long before he had the doors open.

REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market—because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is all medicine—100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin troubles and old sores which yield to the power of Zam-Buk after all other treatments have failed. The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germs which perpetuate in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the germs which perpetuate in Zam-Buk, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, which poison, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

21ST BATTALION CLUB TIDINGS FOR OUR READERS

WAS ADDRESSED BY BRIG.-GEN. W. S. HUGHES.

Who Reviewed the History of the Unit—Sergeant-Major Tugwood Was Elected President of the Club.

The first regular meeting of the 21st Battalion Club was held on Monday in the G.W.V.A. Club rooms. There were over eighty members of the battalion in attendance, amongst them Brig.-Gen. W. S. Hughes, who was elected chairman of the large and enthusiastic gathering. In a stirring address he reviewed the history of the 21st Battalion from the days on which the drafts from fifteen militia units mobilized in Kingston to make up the Battalion, down to the day on which their colors were victoriously carried across the Rhine. He told many stories of the experiences of individual members of the battalion, and said that he was proud to be able to meet so many of the good old boys who had served with him in the trenches, and to renew many happy acquaintanceships amongst them. He paid a high tribute to the splendid esprit de corps of the battalion, and hoped that the same spirit would animate the survivors in the formation of their club. He said that it was a splendid idea, and promised it every support.

Sergeant-Major Tugwood explained the objects and purposes of the club, and detailed what had been done in the way of organization. Sgt.-Major Tugwood was elected President, Sgt. Doolan secretary, and Captain A. W. Black treasurer. C. W. Topping, Sgt. Coleman, Sgt. Hood, Sgt. Steeth, Capt. McCall and Lieut. Westbourn were appointed as the executive committee.

A discussion arose on a proposal that the club should endeavor to secure club rooms where the club could make its home, and this scheme was unanimously adopted. Various plans for the raising of funds were suggested, and it was resolved that subscriptions would be accepted to enable the club to carry out the object in view.

A committee, composed of Captain A. W. Black, Sgt.-Major Kerrison, Sgt. Harrison, Sgt. Coleman and Sgt. Major Jarratt, was appointed to make arrangements for a 21st Battalion ball to be held in the near future. An offer made by the G.W.V.A. to let the club have the use of their rooms until a club room could be secured was accepted by the members, who expressed their appreciation of this action.

After the meeting, which continued until a late hour, the members fraternized with each other, and Gen. Hughes had a personal talk with each member.

The famous actress, Miss Edna May (Mrs. Oscar Lewisohn), who many years ago scored her great stage success in "The Belle of New York," benefits under the will of her late husband (Oscar Lewisohn) to the extent of about \$5,000,000.

Thomas J. Fitzgerald, taken in charge for desertion, and whose case was enlarged for eight days, was allowed out on \$1,000 bail.

Col. G. N. Cory, Dublin Fusiliers, formerly Canadian Militia, is promoted major-general for service in Salonika.

There is some likelihood of a troop of Boy Scouts being organized in Calabogie next summer.

The Lindsay News Bulletin

THE Lindsay News Bulletin makes its bow to the public with this issue of The Whig, Canadian music lovers in general, will find the LINDSAY Bulletin interesting, to say the least. Comments upon past and future musical events, timely news of the piano and phonograph world will be given, with now and then a biography of a master musician; in a word, nothing will be published that is not of some news value to that portion of the public which is actively interested in the development of music in Canada. It is said of Mischa Elman that his first violin was given him as a birthday present at the age of four. The little fellow astonished the family by starting to play tunes he had heard. Immediately after this his father, himself a violinist and a school teacher, began teaching him. Later Elman studied under Alexander Shtetman and then under Leopold Auer. Today, well, need we say what Elman is today? Montreal was fortunate in having had again this season the opportunity of hear-

phonograph in your home, Elman would play for you whenever you wish it. See Lindsay's about it.

Three of the artists of the San Carlo Opera Company, during their stay in Montreal, last December, used a Lindsay piano in their apartments at La Corona Hotel. All of which bears out a claim often made by us, "that the Lindsay Piano is recognized by connoisseurs and laymen alike as a quality piano."

Baby had fallen and hit the bottom of the piano. When mother tried to soothe the crying infant, little Johnny hoped to comfort both, and said: "She didn't hurt herself much, mamma, 'cause she fell on the soft pedal."
