

### Winter WEATHER DANGERS

Keep Peps handy as the sure and safe remedy for winter coughs, colds, sore throat, influenza and bronchitis.

Keep the boys at the front well supplied too. They can have nothing better than Peps to ward off colds and chest troubles caused by exposure to bad weather.

The Peps medicine is breathed in as a Peps tablet dissolves in the mouth. It penetrates where liquid medicine cannot reach; and provides direct and instant protection for every part of the throat and chest.

# Genuine Ford Parts

## cost less than the imitation

Genuine Ford parts are sold everywhere at prices fixed by the Ford Company. The same prices are usually charged for imitation or "spurious" repair parts. Yet "spurious" parts are, as a rule, made from low grade steel. They are not produced under rigid Ford inspection. They are inferior in quality and workmanship. Then, when you buy "spurious" parts, you do not get the same value for your money. But that is not the only loss to the Ford Owner. It costs more to repair with the imitation parts. They are not made to fit with the fine accuracy of the genuine parts made in the Ford plant. It takes more hours of labor at a high rate per hour to fit "spurious" parts into the car. Repairs with the imitation parts, must, in most cases, cost more than authorized Ford Service with genuine Ford parts. You pay more for the imitation without getting the satisfaction that you know you will get from the genuine. You incur the risk of damage to other parts of your car from the inferior repairs. You weaken your Ford. You invite repeated trouble and expense. There is no need now to accept anything but the genuine Ford parts.
