THE LOSS ON WHEAT MAY BE AVOIDED

Surplus of Seventy-five Million Bushels in Canada Will Sell Readily.

Ottawa, Feb. 1.—Inasmuch as the Canadian Government has guaranteed the price of wheat of the crop of 1918 and the carrying costs thereof, it is deeply interested in the disposition of the exportable grain remaining in the country.

WOMAN IS RULER IN N.Y. HOUSEHOLD

Magistrate Backs Up Wife Order to Husband to "Get Out."

New York, Feb. 1.—A husband has no more rights in the West Side Court than a Grand Duke has in Russia under the Bolsheviks.

MEDICAL DEGREES ARE CONFERRED

Twenty-Eight of the Graduates Have Seen Service Overseas.

ENDOWMENT FUND REPORT

WAS MADE BY PRINCIPAL R. BRUCE TAYLOR.

A Masterly Address Was Delivered to the Graduating Class by the Rev. Dr. R. J. Wilson.

Convocation Hall, at Queen's University, was filled to overflowing on Friday afternoon for the ceremonies of convocation, when fifty-eight graduates in medicine, twenty-eight of whom had seen active service overseas, received their degree at the hands of the principal, Dr. Bruce Taylor, who presided.

The proceedings opened with prayer, offered by Rev. Dr. Malcolm Macgillivray, after which the graduates were presented by Dr. J. C. Connig, dean of the medical college. Dr. A. R. B. Williamson read the names of the winners of the medals. A feature of the proceedings was the masterly address delivered to the graduates by Rev. Dr. R. J. Wilson of Chalmers church.

Principal Taylor made an announcement in regard to the endowment fund of the university. He stated that the university had received \$250,000 from the Carnegie endowment, provided the university could raise a million dollars by the end of May, and that a similar amount would be forthcoming from the estate of the late Dr. Douglas of New York, who was chancellor of the university at the time of his death.

In his address Dr. Wilson stated that the class of graduates was one of the most efficient which had ever passed through the college, and the members were deserving of thanks for the part they had played in fighting the recent epidemic of "flu" in the city, and also for their distinguished service overseas.

Twenty years ago there were twice as many doctors in Canada, while to-day there were not more than two-thirds enough. He remarked that out of the fifty-eight graduates there were twenty-eight who had seen active service overseas, and in addition to that, all in the class who were physically fit had been preparing to go overseas.

As a result of all this special experience, the class had been able to get a far better training than any previous class. "You are therefore older than your year," added the speaker, who pointed out that even with all this experience, the graduates, after six weeks' practice, would be appalled at how little they knew about the profession—about the mystery of life and the unfinished lessons to be learned from experience.

"You are a profession and not a trade," said Dr. Wilson, who also remarked: "This is too serious a task for men who are not in earnest." He reminded them that they were scientific men. It was a profession that called for deep study. They should take their work seriously. They must recognize the brotherhood they had entered into, and also the fact that they were fellow-laborers with God. They must not forget this. Their calling was one of warfare against disease. Every case that came under their attention must be carefully dealt with. There must be at all times sympathy, gentleness and devotion. There must be a love of service.

In extending thanks to Dr. Wilson for his address, Principal Taylor stated that the graduates had entered a work in which they could see what they were doing. "If I had my life to live over again I would be a doctor," added Principal Taylor.

French Customs Line Fixed. Paris, Feb. 1.—One of the first consequences of the reoccupation of Alsace-Lorraine has been the suppression of the customs line of the Vosges. A decree will appear in the Official Journal fixing the French customs line along the frontiers of 1870. The German customs agents have been dismissed and an agreement has been made with Switzerland for opening the frontiers.

Entirely Misleading. London, Feb. 1.—The official press bureau issued the following statement: "We are authorized to state that the account of the proceedings of the peace conference regarding the disposal of the German colonies and the territories of the Turkish Empire, which appeared in certain papers yesterday is misleading and inaccurate and entirely misleading."

\$100,000 As Prize For Flight. New York, Feb. 1.—A motion picture company has announced through its press agent that it will raise the sum of \$100,000 to be offered as a prize for the flyer who first crosses the Atlantic Ocean in an airplane, starting from England and landing in the United States.

PEACE TIME BEGINS MAY SOON BE BEGUN

There Is Hope Some Terms Will Be Inserted in the Armistice Conditions.

(Canadian Press Despatch) Paris, Feb. 1.—Preliminary peace terms will probably be presented to Germany along with conditions for further renewal of armistice this month, if the present plans are not changed.

Recognizing the need for a return of the world to normal peace-time basis the nations associated against Germany are considering making a start toward an actual peace treaty by inserting some of the elementary terms into the conditions which will be set forth in the German armistice commission, on Feb. 17th.

Some officials believe the armistice itself might well be developed into a peace treaty just as they think the society of nations recently developed out of the deliberations of the peace conference.

ENTRUSTED WITH TASK Of Bringing the Former German Emperor to Trial.

(Canadian Press Despatch) Paris, Feb. 1.—Committees of the peace conference are beginning work in earnest. The committee on labor is meeting to-day, and on Monday there will be meetings of the committee on reparations and the committee on ports, waterways and railways.

Sir Gordon Hewart, British attorney-general, will here-to-day. He has been entrusted with the task of supporting the demand for bringing former Emperor William to trial.

WILL NOT CALL On Germany to Pay Allied Costs of War.

London, Feb. 1.—The Peace Conference has settled one important point with regard to the indemnity question, the Paris correspondent of the Evening Standard says he has reasons for reporting. The conference, he declares, has eliminated any intention of calling upon Germany and her associates to pay the Allied countries the cost of the war or to impose heavy indemnities upon the enemy nations.

FAIRS ASSOCIATION FIXES DATES. Belleville, Feb. 1.—The annual meeting of the Central Ontario Fairs Association was held in this city and was attended by many delegates. The following dates were selected for the holding of fairs in this district: Belleville, Sept. 1 and 2; Wooler, Sept. 4 and 5; Brighton, Sept. 11 and 12; Striling, Sept. 25 and 26; Tweed, Oct. 1 and 2; Castleton, Sept. 30, Oct. 1; Frankford, Sept. 18 and 19; Seymour, Sept. 23, 24; Pleiton, Sept. 16, 17, 18; Shannonville, Sept. 13; Colborne, Sept. 25 and 26; Warkworth, Oct. 2 and 3; Madoc, Oct. 7, 8; Coshill, Sept. 25 and 26; Ancroft, Oct. 30; Marcora, Sept. 29, 30; Maynooth, Sept. 29.

Too Much Hard Coal. (Canadian Press Despatch) Hamilton, Pa., Feb. 1.—For the first time in two years the curtailment of anthracite coal production has been ordered. Some miners are not working and others are on short shifts. The mild weather has caused stagnation in trade and the shortage of anthracite at the mines has begun.

Glasgow Is Quiet. (Canadian Press Despatch) Glasgow, Feb. 1.—Everything is quiet this morning. Thousands of troops have arrived and sentries with fixed bayonets are stationed at strategic points. Councillor Shipwell, a strike leader in the Clyde district, has been arrested.

SERGEJ MAJOR E. O. TAYLOR. Son of E. J. Taylor (Alfred street, who has returned from overseas after spending three years and eight months in France.
