CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. CLOVER AND WHEAT SUFFER
Owing to Lack of Snow—Subscriptions to Church. Bloomfield, Feb. 3.—Clover and fall wheat are suffering and work belonging to this season of the year is at a standstill. The swamps are not frozen, so no wood can be cut. The annual meeting of the Bloomfield Cheese and Butter Co. was held on Jan. 27th. The old board of directors was re-elected: Finley Morgan was appointed auditor. George Sheriff was engaged as cheese maker for this year. Arthur Smith and wife of Gananoque were in Picton on Saturday attending the funeral of his cousin, Fred Smith, and spent over Sunday with his uncle, Louis Cleave, Bloomfield.

The afternoon train west bound was stalled for several hours on Wednesday by the trucks of the tender becoming loose. The wrecking crew from Trenton was called to help out. The canvas by Mr. McCutcheon, pastor of the Methodist church, to raise \$2000 to wipe out the debt and provide funds for other things, has resulted in the above amount being subscribed.

Creating Opportunities for Employment

BESIDES helping to distribute employment through a chain of Employment Offices, the Government has developed plans to create opportunities for employment.

Briefly, these plans cover the following phases:—

1. Public Works

During the war, many important Public Works have been held up. The Minister of Public Works, has his plans and preparations made to proceed with the more necessary of these in the near future. This Committee has also been in touch with Provincial Governments and Municipalities, with a view to impressing upon them the necessity for similar action. The building and public works programme now in sight will provide employment for many returned soldiers and war-workers.

2. Railways

During the past four years, a great deal of work necessary to keep our railways up to standard has been postponed. Some millions of dollars must be expended on improving road-bed, constructing bridges, buildings and other improvements. Vast quantities of ties are being got out this winter. Equipment of various kinds must be secured. The Minister of Railways states that as soon as weather conditions will permit, some thousands of men will be absorbed in various railway undertakings. The supplies and materials required will also provide employment.

3. Shipbuilding

The shipbuilding programme arranged for by the Government will provide employment for many men during 1919. It is expected that arrangements will be completed to keep the shipbuilding yards in active operation throughout the year. The Government recognises that this ship construction is one of the best means of providing suitable employment for many skilled and other workers.

4. Export Trade

The Government has established a Canadian Trade Commission. This Commission has an office in Canada and a "trade mission" overseas. Through this trade mission it is anticipated that Canada will secure an important share in the business of providing materials and manufactured products required for reconstruction work in Europe. A short time may be required before final details are completed and definite results are announced. The business so secured will be distributed through the regular channels of trade and, thus afford extra opportunities for employment.

5. Housing

The Government has set aside the large sum of \$25,000,000 to be loaned through the Provinces in order to encourage the building of workmen's houses. When the season for building arrives, this work should give employment to many hundreds of men both in construction work and in the supply of materials.

6. Land Settlement

The Government, as already explained in a former announcement, has developed plans to help soldiers to become farmers, providing land, granting loans and giving training and supervision where necessary. It is expected that a large number of returning soldiers will take advantage of these opportunities. The scheme will involve the expenditure of some millions of dollars, a good deal of which will find its way into building materials, supplies, machinery, etc., all of which will assist in providing employment.

7. Road Building

The Government now has under consideration the question of joining the provincial governments in financing the construction of public highways. Should a favorable decision be reached, a large field for employment opportunities will be opened up. Regardless of Federal action, provincial governments are preparing their own road-making programmes.

The Government is alive to the necessity for providing employment opportunities, and stands prepared to assist in every way possible. If corporations and private citizens will join in this feature of Repatriation Work, Canada should have little difficulty with the employment problem.

Why Hold Anglo-French United Kingdom Or Canada 2-Year Notes Until Maturity?
These are payable in New York. By allowing you the high premium now calling for American funds we could get you about 90-1-0 for Anglo's, par for U.K.'s and 101 for Canada notes. Just now there are some high yield, longer term Canadian securities in which you could re-invest your money to advantage. Neither good Canadian securities nor par American funds are going to continue at to-day's advantageous rates. We draw your attention to yesterday's increased price for Victory Loans 1923 to 1925.
