## SMILES FOR WHIG READERS

HA, HA

Jovial Bug—Ah, as I live, there is the lighthouse by the sea.

NO WONDER

Rabbit—What's the matter? Miss Porcupine—Boo-hoo, none of the boys ever hug me.

VERY USEFUL

Mrs. Bug—My I am glad I married Mr. Spider. He can carry so many bundles, when I do my shopping.

TO BEGIN ON

"So your husband refused to buy you an automobile?"  
"Not exactly refused; he said I ought first to become familiar with machinery in general, so he bought me a sewing machine."

A HUNCH

Let's play the game For all were worth Against the Kaiser Off the earth.

MODEST MAN

He—I would gladly die for you, but for one thing.  
She—And what is that?  
He—I'm afraid you could never replace the loss.

REVISED

I've never seen a decent Hun. I don't expect to see one, For Judging from the things he's done I'm sure there cannot be one.

QUESTION FOR QUESTION

Why does a woman say she's been shopping when she hasn't bought anything?  
Why does a man say he's been fishing when he hasn't caught anything?

NO LONGER CHILDREN

Any children in the family? Not any more. A few months ago we had three boys, but they're all full grown men and in the service of their country now.

**Lloyd George Golf Duffer.**  
It's one thing to be a duffer in golf and still another thing to acknowledge it and also be proud of it. This is the peculiar position occupied by Lloyd George, who says:  
"It is the only game in which the worst player gets the best of it. I obtain more out of golf as regards both health and enjoyment, for the good player gets worried over the slightest mistake, whereas the poor golfer makes too many mistakes to worry him, and is bent upon getting all his enjoyment he can out of the game. That is the position I occupy in golf, and I do not mind how long I occupy it."

**A Golfing Story.**  
It was a threesome golf match played after the signing of the armistice, and the man whose handicap was somewhere about 30 sliced his drive and the ball went into an abandoned quarry, where he descended after it. Presently the two waiting outside heard a series of whacks, and after a bit out comes the ball with the player in hot pursuit. "How many shots in the quarry?" asked his opponents. "Three," said the long-handicap man. "Why, Bill and I heard six plainly." "I know; but three or them were echoes."

### Wonderful for the Blood!

Cures Sallow Skin, Headache, Languor and Tiredness.  
You don't need to be told how you feel—blue, sort of sickish, poor appetite, vague pains, tired in the morning. This condition is common at this season.  
Fortunately there is prompt relief in Dr. Hamilton's Pills which immediately relieve the system of all poisons and disease-producing matter.  
Thousands have been so utterly depressed, so worn out as to be dependent, but Dr. Hamilton's Pills always cured them. "I can speak feelingly on the power of Dr. Hamilton's Pills," writes C. T. Fearman, of Kingston. "Last spring my blood was thin and weak, I was terribly run down, had awful headaches and a gnawing, empty feeling about my stomach, I couldn't sleep or work until I used Dr. Hamilton's Pills—they did me a world of good." At all dealers in 25c boxes.

**Giant Wolves Destroying Game.**  
Giant timber wolves in unprecedented numbers are ravaging the moose and other big game herds of Northern Manitoba, according to reports by George Morrison, M.P.P. for Rupert's Land, from Indians.  
"As we came down," the minister said, "I was shown by Indians, spots where moose had been pulled down by these huge wolves and devoured. One Indian trapper told me that he was carrying a rifle on all his journeys this season owing to the prevalence of the big wolves. This man asserted he had recently come across a big moose lying on the ground still alive, but with half a thigh chewed off. The Indian had frightened the animals away before they could finish destruction of the moose."

**Carpenter Would Meet Winner.**  
Tex Rickard has confirmed the story published on December 18th, that he had reached an understanding by cable with Georges Carpentier, the French heavyweight champion. Rickard said that he had just received another message from Carpentier expressing his willingness to meet Willard or Dempsey on American soil or in Europe.  
It is not improbable that Rickard will take the winner of the Willard-Dempsey affair to England or France in the fall for the purpose of arranging a battle with the pugilistic idol of the French nation.

**Baseball in Western Canada.**  
Charlie Moll has formed a stock company in Winnipeg, composed of several of the most influential business men of the city, and is leaving for the west to endeavor to reorganize the Western Canada Baseball League.  
Moll will first stop off at Regina, then go to Saskatoon and will double back to Moose Jaw. From there he will go on to Calgary and Edmonton. He hopes to interest the sportsmen of these Western cities in professional baseball, and feels confident that he can form an eight-club league that will prove a winner.

**Big Meets Arranged.**  
Teams from the Canadian Forces in France and Britain are to compete in the International Baseball, Football, Lacrosse and general athletic contests which occur this spring and summer. The Canadian Committee is considering details.

**New Marks By Lady Swimmers.**  
Helen Fitzsimmons lowered two Canadian records, and Mrs. Forrest made one at the competitions and exhibitions given by the Montreal A. A. last Thursday.  
The performance of Miss Fitzsimmons, who is 17 years of age, was a remarkable one. She lowered the mark for the 50-yards made by Mrs. H. J. Taunton, at Winnipeg, in 1917, by 3-2-5 seconds, while she lowered the mark for the 100 yards by almost three seconds. Her times were: 50 yards, 12-2-5 seconds; 100 yards, 1-20-4-5.  
The record made by Mrs. Forrest was another credible performance. Mrs. Forrest swam the 220 yards in 4-14-2-5 seconds. This is a new distance for lady swimmers.

### Old Folks' Coughs, Catarrh, Bronchitis Quickly Cured

This Tells of a Method That Cures Without Using Drugs.  
Elderly people take cold easily. Unlike young folks, they recover slowly. That is why so many people past middle life die of pneumonia. Cough Syrup seldom do much good because they upset digestion. Any doctor knows that a much more effective treatment is "CATARRHOZONE," which heals and soothes the irritated surfaces of the throat.  
In using Catarrhose you do not take medicine into the stomach—you simply breathe into the throat, nose and lungs rich piney balsamic vapor, so full of healing power that colds, catarrh and bronchitis disappear almost instantly.  
The germ-killing balsamic vapor mixes with the breath, descends through the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas with a syrup the affected parts could not be reached and harm would result through rhenumbing the stomach with drugs.  
A Catarrhose Inhaler in your pocket or purse enables you to stop a cold with the first sneeze. Large size costs \$1.00 and supplies treatment for two months, small size 50c; trial size, 25c; all storekeepers and druggists.

### Stop that Fray! But How? You Say.

### The cure is there, Wear "Double Wear"

"The cuff that doubles the life of the shirt"

## W.G.P.R. DOUBLE WEAR CUFFS

The cuffs wear out long before the body of the shirt. Because the Double Wear Cuff divides the wear between two separate pieces of fabric, the new W.G. & R. shirts give twice the service. They cost no more than good shirts should.
