**How to Make Your Hair Beautiful**

Ten Minutes' Home Treatment Works Wonders: Stops Falling Hair and Dandruff, and Makes the Hair Soft, Brilliant, Lustrous and Fluffy.  
Better than any so-called "hair tonic" in the world is a simple old-fashioned home recipe consisting of plain Bay Rum, Lavona (de'Composé) and a little Menthol Crystals. These three, mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and 1/4 dram Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small stand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again, rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days use and you will not find a single loose or straggling hair. They will be locked on your scalp as tight as a vice. Dandruff will disappear. You will find no more hair falling out, and your scalp will be healthy. This new hair will grow with wonderful rapidity.  
Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

**FOR ERECTING NEW SCHOOL**

(Continued from Page 3.)  
are: Collegiate Institute, \$1,000 with house; Victoria school, \$1,000. They applied for \$1,500 and \$1,400 respectively.  
3.—The salaries of the caretakers of the larger schools, viz., Central Macdonald and Frontenac were also considered, and it was decided to recommend that these caretakers, whose salary is \$700 each, be given a bonus of \$50 each for 1919.  
4.—That the caretaker of Macdonald school be allowed \$50 per year for looking after the Manual Training Department in that school.  
5.—That George Cornelius be appointed caretaker of Rideau school, two rooms, at a salary of \$200.  
6.—That Joseph Leonard be appointed caretaker of Macdonald School at a salary of \$700.  
The report of the finance committee was presented by the chairman, Trustee Sawyer. It recommended the payment of a batch of accounts and was adopted.

**Pupils Did Their "Bit."**  
A report was submitted by the secretary, John Macdonald, showing that the public school pupils contributed to the Red Cross Society, during the war, the sum of \$4,562.66, and to the Salvation Army drive, the sum of \$211 making a grand total of \$4,773.66. The report was received with much enthusiasm by the members, showing their appreciation of the work of the pupils.  
A letter was received from Parent-Teachers' Association of Victoria school, through the secretary, Mrs. Harold Day, returning thanks to the Board, for having taken up the question of teaching music in the schools and for the arrangements made for the care of the teeth of the children.  
On motion of Trustee Henderson, the Management Committee was instructed to secure information regarding the fifth form at the Collegiate, as to the number of pupils attending, the number of teachers engaged, and the number of hours per day they are engaged, the cost per pupil, and the number of study space per week.

Trustee Henderson drew attention to an account in the report of the finance committee, namely \$78.28 for water, for Victoria school. He asked that the Property Committee look into the matter, and see if this amount could be reduced.

Trustee Macdonald gave notice of a motion to have the fees for county pupils attending the public schools increased from 50 cents to \$1 per month.

Secretary Macdonald submitted a financial report for last year, on the Collegiate Institute and public schools.  
For the public schools the receipts were given as \$77,243.10 and the expenditure \$76,780.87, leaving a balance of \$462.23. The Collegiate Institute receipts were given as \$32,112.83 and the expenditure \$33,559.60 showing a deficit of \$1,446.

Mr. Macdonald explained that while the report showed a deficit for the Collegiate Institute, it must be remembered that the city held back \$2,000 on account of county pupils, so in reality there was no deficit; as these fees would be collected.

**School Attendance.**  
J. Russell Stuart, school inspector, submitted a report on the attendance at the schools for January as follows: Enrollment in public schools, 2,745; average attendance, 2,361; Orphans' Home, 37; average attendance, 32. In submitting the report, Mr. Stuart said:  
"As compared with last year, there is an increase of 16 in enrollment, and of 31 in average attendance, but it should not be overlooked that in September last all kindergarten pupils under five were excluded. The actual increase in public school attendance are therefore considerably larger."

The report submitted by Principal E. O. Sitter showed a total enrollment at the Collegiate Institute for January of 539; average attendance, 489; the enrollment was 51 over the same month last year, and the average attendance 45 higher.  
Mr. Sitter made some recommendations regarding new equipment. He asked that the sum of \$300 be expended on the library, on which there had been no expenditure during the war. He also asked for a

**WHEN OTHERS FAIL**

Zam-Buk cures the most stubborn skin diseases and is the only medicine because Zam-Buk's method of healing is entirely different and superior to that of ordinary ointments.  
When Zam-Buk is applied it does not remain on the surface skin, as an ordinary ointment would. Because of its unusual refinement it penetrates to the underlying tissues. This is where all skin troubles have their origin. The germicidal properties of Zam-Buk then destroy all germs and thoroughly cleanse the diseased parts. Having done this, the healing essences contained in Zam-Buk so stimulate the tissues that new, healthy skin is quickly produced. The result is a complete and permanent cure of the sore or injury.  
Zam-Buk is best for eczema, ringworm, scalp sores, boils, pimples, itching rash, alopecia, abscesses, running sores, "barber's rash," blood-poisoning and piles. As a first-aid, too, Zam-Buk is indispensable. It stops bleeding, ends pain, draws out soreness and inflammation, prevents blood-poisoning and heals quickly. All dealers give a FREE SAMPLE.—Send name of this paper, and 1c. stamp to Zam-Buk Co., Toronto, and we will send you free trial box.

**Was Troubled With BOILS For Six Months**

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race.  
Very few people escape from having them at some time.  
All the poulticing and lancing you may do won't cure them and stop more coming.  
Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.  
Mr. C. H. Bridges, 470 Barton St., E., Hamilton, Ont., writes:—"I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. B. to all who are troubled, as I was."

Burdock Blood Bitters has been on the market for the past 40 years and manufactured only by The T. Millburn Co., Limited, Toronto, Ont. in 50c. boxes, six for \$2.50.

flaying system, new typewriters, new seats, window shades and repairs to blackboards.  
Mr. Leonard, caretaker of Macdonald school, wrote asking for a salary increase of \$200.

J. J. Druce wrote the board on behalf of McKelvey & Birch, pointing out that this firm would like to instal a dust chute in Central school. It will be remembered that a recent fire in Central school started in the dust chute.

The Canadian Forestry Association is arranging for a number of forest travelogues, to be conducted at the expense of the association, for the benefit of Canadian children, and asking for the co-operation of the Board in arranging for an event in Kingston for the school children. Robson Black, a former well-known Kingston newspaperman, is secretary of the association, and is giving the entertainments, which are for senior pupils.

On the motion of Trustees Henderson and Sawyer, the management committee was given power to act on the communication.  
The chairman, F. R. Anglin, presided at the meeting, and the other members present were Trustees W. C. Campbell, J. B. Cooke, J. G. Elliott, J. M. Elliott, W. H. Godwin, James Henderson, J. F. Macdonald, T. W. Mills, Miss E. G. Mowat, W. J. Renton, W. A. Sawyer, L. C. Lockett.

**MAGNIFICENT BANQUET.**

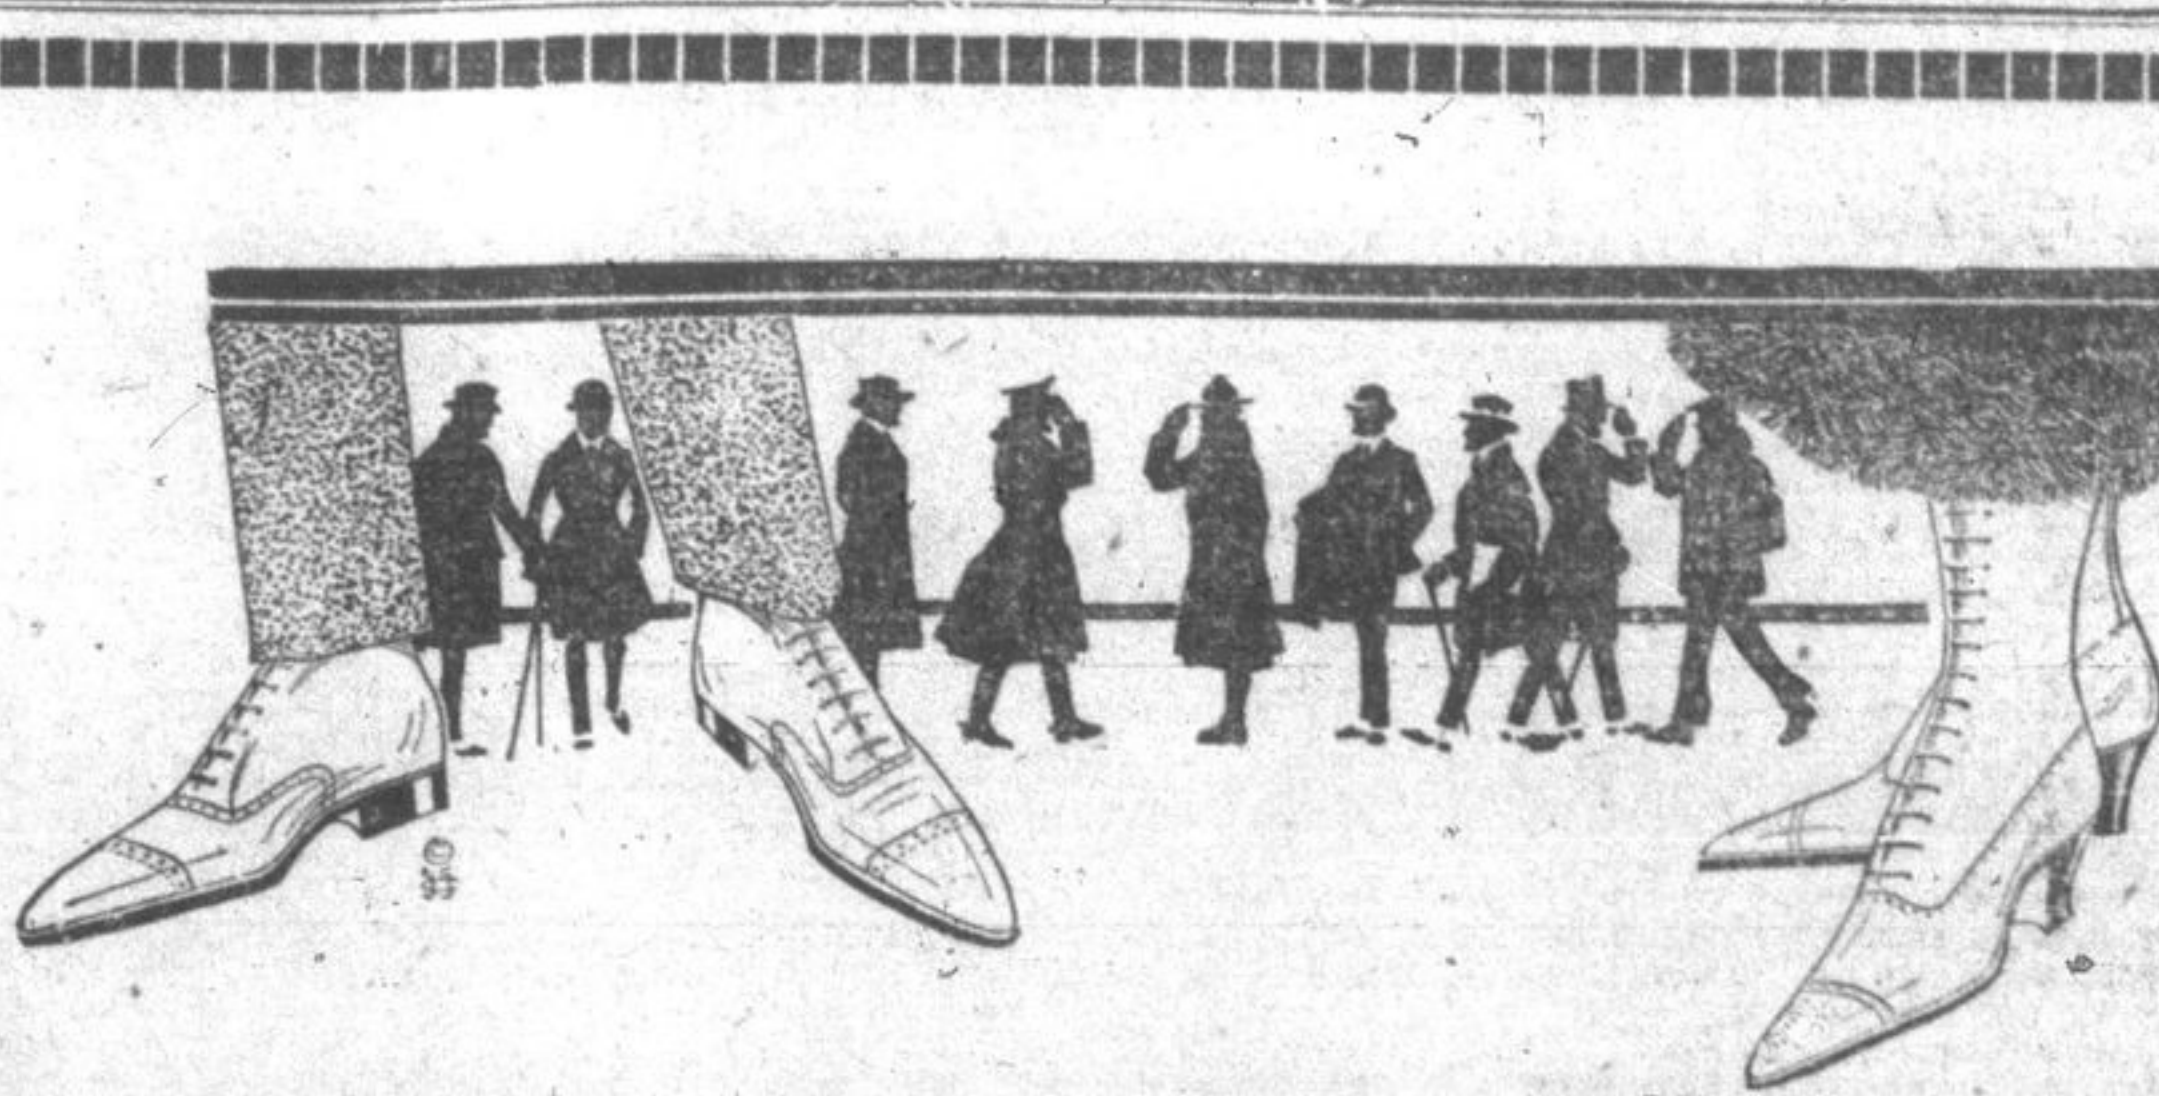

By Scholars of Chinese Department of Sydenham Street School.  
On Thursday evening in the lecture hall of Sydenham Street Methodist church the scholars of the Chinese department of the Sunday school entertained their teachers and a few interested friends to a sumptuous banquet. Under the able superintendency of Roy Ward and an efficient staff of teachers this department is in flourishing condition, and from Sunday to Sunday from 25 to 30 Chinese boys and young men, including some of our foremost Chinese fellow citizens, gather for instruction, and the sympathetic feeling existing between the pupils and teachers is very manifest.

After ample justice had been done to the good things, Mr. Ward, who looked the chief upon Rev. Mr. Brown, W. C. Jenkins and others for speeches, which were all well received. James Lee, a Chinaman, who is attending Queen's University acted as interpreter most efficiently. In a few remarks in English James Lee said the teachers could not realize the good they were doing. Perhaps some of the very pupils they were teaching would return to their native country to carry the message of the gospel of Christ, of whom he is an ardent follower.

After the speech-making, jolly games were indulged in, and it was a great joy to see the Chinese boys enjoy themselves. This was especially true of two little Chinese boys, 10 and 12 years of age, nephews of Peter Lee, of the Grand Cafe, who have very recently arrived in this city from China to attend school. These bright little fellows simply bubbled over with mirth.  
The evening's enjoyment was brought to a close by singing the national anthem and the benediction by Mr. Brown.

**CITY AND TOWN WIVES**

Wish Same Privileges Promised to Farmers' Wives.  
Mrs. John Macgillivray of Kingston, writes as follows to the Toronto Globe: In your issue of Thursday I noticed in the account of the evening session of the Women's Institutes that Dr. Cody made an announcement, authorized by the Prime Minister of Ontario, to the effect that an act was in preparation to render farmers' wives and daughters eligible as members of school boards.  
May I ask why such a measure should be confined to farmers' wives and daughters? Are the farmers' wives more deserving or more intelligent than their city or town dwelling sisters, that such an exception should be made in their favor?  
All over Ontario this year there was a movement to elect women to the school boards in towns and cities and in many places the effort was followed by success. For instance, in Kingston two women were elected. But the fact that only ratepayers are eligible excluded most married women from the running.  
I had occasion in connection with the matter to write to the Provincial Secretary. In reply to one of my questions, he stated, rather naively, I thought, that women could not vote on a property or income qualification, and were therefore on the same basis as men.  
May I point out that they are not
