**DEFENCE OF MISSIONS**

**PRINCIPAL B. TAYLOR AT ST. JAMES REVIEWED OBJECTIONS**

Converts and Cash Unfair to Estimate on Money Basis Good Work Done; Self-centred Church Would Go Under.

Montreal Gazette.

Preaching at St. James Methodist church Sunday morning, Rev. Dr. R. Bruce Taylor, principal of Queen's University, Kingston, made a defence of foreign missions, asserting that the church which centred attention on itself was the church most likely to go under, and that the people who took an interest in the welfare of the heathen were also those who bestirred themselves about those at their door, though this was the favorite excuse of those opposed to missions, that attention should first be given to home problems.

Dr. Bruce Taylor first reviewed the change which had taken place in the motive for foreign missionary enterprise. He admitted that the old idea of the "perishing heathen" which took Dr. Paton to the New Hebrides was not now generally held by the church and that theology had diverted itself from the future world more to this world.

"You cannot read anything about this Peace Conference," said the preacher, "without asking what is the relation of Christ to all these peoples who are bound to be included—such, for instance, as China and Japan, these great powers that are destined to be still greater powers. Why send money abroad, why bother about the Chinese over there when you have your problems in Montreal and also in the West? The answer is just this: If you are going to wait until Montreal is quite cleaned up, you are going to wait till doomsday. Nevertheless this place here, which I knew pretty well, is a changed place. Why? Because a handful of people have got together, determined to clean up the city and they have done more than any other effort. But I do not find among them any of those people who used to say, 'Montreal is the problem and you can leave Chinamen alone.' No; the people who are doing this are those of our churches who are also doing the other work."

Another objection made against missions, said Dr. Bruce Taylor, was the cost. Men would take a missionary report, figure out the cost at so much a head, and then say it was not worth all that. This method applied to Montreal churches would not answer, and it was equally unfair to foreign work and more so. No one, for instance, could estimate the value in money of medical and educational work on the foreign fields. "To judge a mission by the fact that a certain number of conversions have cost a certain amount of money is a deliberate injustice to the whole scheme of mission work," declared the speaker.

**"They Made Me Well; I Am Still Well"**

What Madame Gingras Says of Dodd's Kidney Pills.

Hundreds of Other Women in Canada Have Had the Same Experience With the Old Canadian Kidney Remedy, Dodd's Kidney Pills.

Morigeau, Montmagny Co., Que., Feb. 24.—(Special).—"Dodd's Kidney Pills made me well, and I am still well."

It would be hard to put a eulogy of Dodd's Kidney Pills in fewer stronger words. Yet these are the exact words of Madame Philippe Gingras, a resident of this place, who is both well known and highly respected.

These words speak volumes to women who suffer. For women all over Canada are fast learning that nine-tenths of the suffering to which their sex is heir come from sick kidneys.

Weak, worn women who carry a burden of pain to their daily duties now realize that the way to relief lies in finding the best kidney remedy. And the fact that Dodd's Kidney Pills have been in use in Canada for over a quarter of a century, and are more popular to-day than they ever were before, is the proof that they are the best kidney remedy.

Hundreds of women in Canada say with Madame Gingras: "Dodd's Kidney Pills made me well, and I am still well."

**You Can't Brush Or Wash Out Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this to-night, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

history of the churches and pointed out that both the Methodist and Presbyterian churches had flourished most according to the extent of their foreign mission work. Mission work by making a church keep its eyes on the ends of the earth, kept it from becoming insular and parochial. "On the other hand, if we turn our eyes away from the ends of the earth, and say we will look after ourselves only, I believe that is the way in which we shall die."

**Winter Rheumatism**

Rheumatism is a disorder of the blood. It attacks people when the blood is overcharged with acid and impurities, thus setting up inflammation in the muscles and joints. Wet weather or cold weather may start the tortures of rheumatism, but it is not the cause. The cause is in the blood and the blood only. Victims of this winter malady have every reason to fear the first dull ache in the limbs and joints, followed by sharp pains through the flesh and muscles; these are the symptoms of poison in the blood which may shortly leave the victim pain-racked and helpless.

There is only one way to cure rheumatism, and that is through the blood. Liniments, hot applications, and rubbing may give temporary ease, but cannot possibly root the trouble out of the system. That can only be done by the rich, red, new blood which Dr. Williams' Pink Pills actually make. This new blood drives out the poisonous acids and impurities, and the rheumatism disappears. If you are a sufferer from this painful malady begin curing yourself to-day by the use of Dr. Williams' Pink Pills, and see how soon the pains and stiffness of the joints fade away, leaving behind new energy and new health.

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**MINING INSTITUTE FORMED**

That Will Be Distinct Advantage to This District.

At Deloro, Feb. 19th, a branch of the Canadian Mining Institute, to be known as the Hastings District Branch, Canada Mining Institute, was formed, the boundaries to cover the following centres and surrounding district: Deloro and Marmora; Madoc; Tweed and Sulphide; Kingston; Belleville and Trenton; Havelock and Cordova Mines.

The following officers were elected: Chairman, S. B. Wright, Deloro; vice-chairman, Geo. H. Gillespie, Madoc; sec-treas., R. A. Elliott, Deloro.

Councillors: Kingston, Prof. G. J. McKay, Queen's University; Belleville, J. W. Evans; Tweed, W. H. DeBlais; Havelock, G. W. Rayner; Madoc, S. Wellington; Deloro, H. A. McNally.

It was decided to hold monthly meetings at the different centres at which anyone interested in mining and metallurgy would be welcome. At these meetings papers on subjects connected with the mining industry will be read, discussions will take place on local topics and every effort will be made to bring the advantages and possibilities of this district before the mining and metallurgical world. Student members of the Canadian Mining Institute will be enrolled free, and any person wishing to secure membership should get in touch with the local councillor for their district or communicate with the secretary.

This district has a great future in the production of the economic minerals and it is up to the local people to interest themselves, or others will come in from the outside and take the cream, therefore when a local meeting of this Institute is advertised in any of the above centres, take advantage of the opportunity to become acquainted with what this branch of the Canadian Mining Institute is doing to boost the Hastings district.

**Princess Street Church Concert.**

A splendid concert was given at Princess street Methodist church on Monday evening, which showed much talent and ability on the part of those who contributed to the pleasing programme. The church was filled and the receipts were most satisfactory. Mayor Newman occupied the chair. The programme was as follows: "Solo, Miss Anna Timmermann; violin solo, Ruth Redmond; vocal solos by D. **GRANTS TO SOLDIERS.**

\$2,000 For Man Who Served in France.

Calgary, Feb. 25.—In speaking to a resolution which asked for the payment of two thousand dollars to every man that served in France, which was carried unanimously by a crowded meeting of veterans, Major R. B. Eaton, M.L.A., declared that from a business point of view the Government owes a balance of money which is the sum between what the soldier received for his services and what should have been paid to him.

The scale of pay in the resolution calls for a thousand dollars for the man who served in Canada, \$1,500 for the man who was in England only, and \$2,000 for the man that served in any theatre of the war.

Former Crown Prince Rupprecht, former commander of the German army on the western front, reported at the head of a monarchical plot which resulted in the assassination of Premier Eisner. Rupprecht cannot be found.
