

CHIEF ENGINEER ALMOST GIVES UP

Thought He Would Have to Stop Working - Tanlac Makes Him Well Again.

"To my mind Tanlac is the greatest medicine in the world," said O. H. Mahaffey, chief engineer of the Life and Casualty building, Nashville, Tenn.

LAND SETTLEMENT BOARD

PROVISION TO BE MADE FOR RETURNED SOLDIERS.

To Make Farm Life Attractive for the Men From Overseas - W. J. Black is Well Qualified to Act as Chairman.

The chairman of the board, W. J. Black, is a man well qualified to fill that position. He is a graduate of the Ontario Agricultural College, and was the first Canadian to participate in the international stu-

dents' judging competition at Chicago, where he was successful in winning a larger number of prizes than any other competitor. He afterwards took the degree of bachelor of science in agriculture at Toronto University, and joined the staff of the Farmers' Advocate, going to Winnipeg as editor-in-chief of its western edition. In 1904 he was appointed deputy minister of agriculture for Manitoba, and 1905 he was entrusted with the task of organizing the Manitoba Agricultural College, of which he was president for ten years. In 1915 Mr. Black was appointed secretary of the economic and development commission, and in July of the following year he was appointed commissioner of agriculture, which post he relinquished on being urged by the government to undertake the chairmanship of the soldier settlement board. While commissioner of agriculture he made a survey of the activities of the federal and provincial departments of agriculture, and there is perhaps no one in the dominion more familiar than he is with what the provinces are doing in land development. His vast knowledge of the theoretical and practical sides of farming makes him a valuable man to the country and to the soldiers who are returning to the land, and his appointment is one that will meet with general approval.

The Market Reports

IN MISERY FOR YEARS. Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Okaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I tried it and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

Britain to Move Clocks Ahead. London, Feb. 25.—The daylight saving plan whereby clocks of Great Britain are set ahead will go into effect this year on March 30th, it is officially announced.
