A CAMPAIGN IS ORGANIZED

FOR THE RELIEF OF THE JEWS IN PALESTINE.

Prominent Citizens Spoke In Support of the Campaign—Meeting Held in the City Hall Council Chamber.

In the city council chamber on Wednesday evening a campaign was organized so that on Monday, Tuesday and Wednesday of next week the citizens of Kingston could systematically be asked for money for the relief of the suffering Jews in Palestine.

Mayor Newman presided at the meeting and opened with a stirring appeal on behalf of the Jews. He referred to the lamentable conditions of the Jewish residents of the Holy Land and spoke of the way that the war had brought to them starvation and almost nakedness. The Jews, the mayor pointed out, were always thrifty and industrious and certainly did not deserve the suffering which they now had to undergo. He was pleased that these suffering people had asked help from the Anglo-Saxons, and as mayor he gave his most hearty support and asked that the citizens give their assistance in the campaign which opens on Monday.

Principal Bruce Taylor of Queen's said that all down the ages Jews have heralded their allegiance to the Holy Land. Under Turkish rule there was no security for righteousness or prosperity. History showed that the Turks have always quenched all enterprises by unjust taxes or by other means. There was no creation of wealth and the labor portion of the community suffered in consequence.

He regretted that there had been no reports made on the situation as that made by Viscount Rice on the Armenian situation. He suggested that the answers to such questions as "Who will administer the fund?" and "What shipping arrangements have been made?" be made clear to the public so that this "essentially important need might be properly righted."

I. Cohen answered Principal Taylor's questions by showing that the country had been war-swept during the past four years. When the British started their march on Palestine, the Turks destroyed everything before them and the Jews—mostly old and feeble people—were particularly unfortunate.

In answer to the second question, Mr. Cohen said that the Canadian Red Cross Society would forward the goods to London, and the British Zionist movement would then take charge and forward them to Jerusalem for distribution under British supervision.

Prof. H. T. Wallace was called upon by the mayor. He had the language and the history of the Jewish people very fully. "As a Britisher I am able to say that for the most part the hands of Great Britain are free of guilt," said Prof. Wallace, speaking of the obstacles which history had placed on the Jewish race. He then showed the progress that the Jewish race had made in spite of these handicaps. In showing the rule of the Turks and the way they had ground down the Jews, the professor told of a tax of £1 which had at one time been levied on every olive tree. This was an indication of their system of suppressing prosperity. This condition has now been changed by the victory of the British army under General Allenby.

J. G. Elliott made an appeal on patriotic and sentimental grounds. The Jews of Kingston had always been thorough Canadians and during the war had given without stint to the common cause. For this reason we should help our Jewish citizens in their first appeal for assistance to their brethren in Palestine.

He said that he believed the Jews in Palestine would, under British rule, become faithful British subjects. In this, the second restoration of the Holy Land, there is the carrying out of a Biblical prophecy and on our own religious grounds we should sustain them, because they are of our own humanity. He referred particularly to the appeal of the starving children and expressed the belief that the people of Kingston would rise to the occasion. There has already been splendid contributions throughout Canada, and Kingston would do its part.

Rev. W. T. G. Brown stated that he represented the clergy of the city and their support of this campaign. He believed that Palestine will now on commence to prosper and that there is a wonderful future for them. The present feelings of the Jews throughout the world will have an effect of stabilizing conditions. The appeal from the standpoint of common humanity was a very strong one and coming from a land that had always been starved, it was now a particularly worthy campaign. He referred to the British patriotic spirit which should make the citizens respond nobly to this good cause.

Ex-Mayor Hughes, spoke at some length on the fact that there must be a vital reason behind the appeal, when one considers that during all this war, this is the first time that the Jews had asked for financial assistance. "It is up to every person in the Dominion of Canada to give in some way. The appeal deserves that support, even when all other appeals are considered. Mr. Hughes was sure that under the circumstances the citizens of Kingston would do as they always have done and give generously to relieve suffering and hardships. In closing Mr. Hughes asked that every person try their best to help so that the campaign can be the success that it deserves. The local Jews had always measured up well in their contributions and the citizens should in their turn do as well.

R. J. Rodgers, in giving his support to the campaign asked that the Jews present give their side of the situation.

Flight-Lieut. W. Susman discussed the situation in Palestine under the rule of the Turks showing how all prosperity had been suppressed. He was with Queen's Hospital in Cairo, Egypt, and could understand the reported living condition in the East ern cities.

Mr. Ellison spoke on behalf of the

Jewish committee and thanked the Gentle citizens for their support.

J. G. Elliott moved that ten Jews and ten Gentiles be selected to form a committee to complete the organization. The mayor then submitted this list of citizens as the Christian committee: R. J. Rodgers, J. M. Hughes, H. C. Nickle, O. V. Bartels, Dr. G. W. Bell, J. G. Elliott, W. Y. Mills, Rev. W. T. G. Brown, M. S. Grace, Elmer Davis.

Meeting Thursday Morning.

On Thursday morning, a meeting of the committee of citizens was held in the city council chamber to complete plans for the Palestine Relief campaign. The chairman of the campaign is Isaac Cohen. The executive is composed of the chairman, Mayor Newman, O. V. Bartels (city treasurer), R. J. Rodgers, W. Y. Mills and J. Zacks.

The canvassing committee appointed is composed of ex-Mayor J. M. Hughes, R. J. Rodgers, H. C. Nickle, I. Cohen, B. Lipman, I. Zacks, A. Shear.

It was decided to make an appeal through the city churches on Sunday and circulars setting forth the need of help for the Jews of Palestine are being prepared, and will be distributed among the church people. The clergymen will be asked to help in this matter.

The advertising end of the campaign was left in the hands of W. Y. Mills, and subscriptions will be received through the canvassers, and may also be left with O. V. Bartels, who is treasurer of the fund, in care of Secretary Wilson of the Y.M.C.A., or the Civic Utilities office, on Princess street.

In Kingston among the Jewish people, already the sum of \$1,500 has been raised, and it is hoped that the entire city will raise at least \$5,000.

NEW FEATURE IN BREAD

IT IS TO BE INTRODUCED BY H. H. TOYE & CO.

All Their Bread is Now to be Wrapped—A Sanitary System of Service—People Will Appreciate It.

In the year 1879 R. H. Toye started in business as a wholesale bread baker, and since that time the firm which bears his name has gone ahead by leaps and bounds. The progress and growth of the firm was remarkable, and at the time of the death of its founder, it was the leading baking establishment in the district. This position was only reached by steady improvement in the plant and service. The late Mr. Toye was always on the lookout for new features by which to improve his products and to put the firm on a high plane.

Since his death the firm has been under the management of his son-in-law, Arthur Lingham, and the same progressive policy has been maintained. The latest innovation is one which will meet with the approval of the customers and also of the sanitary authorities. A wrapping plant has been added to the bakery, and now the loaves will be wrapped as they leave the oven, and will not be touched by hand until they reach the consumer. This is a decided step forward, and is one which should be appreciated by the public. Apart from the fact that the wrapper prevents the bread being touched by the hands of the driver or any other salesman, it has a great effect in preserving its quality and flavour. The air is excluded and the bread is kept moist and soft until the last crumb is used, so that waste will be eliminated. The adoption of this plan is one more sign of the policy of the Toye Company in giving their patrons the very best service possible.

Although this plan means an added cost to the firm, there will be no increase in the cost of the bread to the consumer. The company has a reputation of giving their patrons the advantage of anything new in the baking business, at the same time keeping the price of bread at the lowest possible price in accordance with the cost of materials.

A sample of the wrapped loaf was left at the Whig Office on Thursday morning, and it is a decided improvement on the old unwrapped style. The firm of Toye & Co. are to be complimented on the efforts to supply their patrons with clean, sanitary and fresh bread, and this innovation should result in largely increased patronage.

Spartans in Leichtenberg stop and rob every well-dressed citizen. Several people have been decapitated, and the heads carried through the streets by women.

Hairs Quickly Vanish After this Treatment

(Helps to Beauty) Science has aided in simplifying the banishing of hairy growth from the face, and according to a beauty specialist, the most effective treatment yet devised consists of applying a delatone paste to the hairy surface for 2 or 3 minutes. The paste is made by mixing some water with a little powdered delatone. When this paste is removed and the skin washed every trace of hair has vanished. Be sure to get real delatone.

J. J. HARPELL, PRESIDENT.

Queen's Alumni Association Branch Organized in Montreal.

The Montreal Branch of the Queen's College Alumni Association was reorganized at a meeting on Tuesday night, of the members in the Central Y.M.C.A. An address was delivered by the Rev. Dr. Bruce Taylor. The following officers were elected: Honorary president, E. W. Beatty; honorary vice-president, Rev. Dr. Bruce Taylor; president, J. J. Harpell; vice-presidents, Dr. Milton Hersey, A. J. Melkiojohn and Miss MacDonnell; secretary-treasurer, A. W. Poole; executive committee, W. A. Newman, H. H. Black, Dr. Donald G. Falkner, Rev. George MacInnon, L. T. Server, W. McDougall and Mrs. Dawson Matheson.

What a Cushion Realized.

Desert Lake, March 11.—The autograph cushion begun some time ago in aid of Red Cross work by a member of the recently disbanded society of willing workers has at last been completed. The friends whose names were outlined upon the cushion contributed in all the sum of \$475. The cushion was bought by Miss M. A. Hawley for \$2.25, making in all \$3 realized from the cushion, which amount has been forwarded to the Red Cross Society in Kingston. Thanks are extended to the friends who helped to contribute the amount.
