GANANOQUE

March 18.—The Young People's Society of Grace church scored another big success at their musical entertainment last evening when they produced in fine style the humorous play entitled "Our Minister's Birthday," with some thirty-five members of the society taking part. A fine programme of vocal selections was sandwiched in between the respective parts and was enjoyed by a full house, the lecture hall of the church being packed to the limit. Between acts the young ladies of the society, under the direction of Miss Rebecca Edwards, produced a series of excellent tableaux, while ten of the society's young men gave a most amusing clown drill. The play will be produced by the same cast in Queen street Methodist church, Kingston in the near future.

Under the auspices of the bachelor maids of Gananoque an enjoyable dance was held in the assembly hall of the Oddfellows' Temple last evening.

Another enjoyable dance was held last evening at the assembly hall of the Gananoque Canoe and Motor Boat Association's clubhouse, the Mesdames George Lucy and Frederick Huriburt being the hostesses.

The rain on Sunday, followed by the rise in temperature yesterday, has made great inroads in the ice on the St. Lawrence river, which has opened to the west of the town considerably, and a strong wind would ensure its breaking up at any time. The Gananoque river is again open from the dam at Marble Rock to its mouth.

BETTER TRAIN SERVICE WILL BE DISCUSSED

Inspector McCaul, of Board of Railway Commissioners, Coming to Kingston.

AN EARLY DECLARATION.

Promised by Government Regarding the Grand Trunk.

(Canadian Press Despatch.)

Ottawa, March 18.—An early declaration of policy by the Government in regard to the Grand Trunk Pacific railways was promised at the first meeting of the railway committee of the Commons to-day by Hon. Dr. J. D. Reid, Minister of Railways. The matter came up when the consideration of the bill for further issue of Grand Trunk debenture stock was called for by Mr. Morphy, member for North Perth. Dr. Reid said he had no objection to the committee passing the bill but it would not reach the Commons till after the Government had stated its general policy. After an hour's discussion it was decided that the Grand Trunk might shortly be taken over by the Government and it was useless to pass a bill to permit the company to do its own financing.
