dainty as they can be. A charming

set consists of a sack, bootees and

By KATHERINE MUTTERER. . . shape and design. With scalloped The new embroidered garments for edges and prim little floral sprays, wee bables are just as pretty and the design lends itself to flannel or cotton materials as well as cashmere. The embroidery may be carried out in delicate color or white, raised satin stitch being used for the flowers and sprays. The scallops are, of course,

> The bib is made of fine linen cambric. It has just a little more body than the sheer handkerchief linen and is not so expensive and still is soft and pretty. The bib is embroidered in raised satin stitch with buttonholed scalloping. Ribbon is drawn through the eyelets and then tied at the back. This prevents the bib from moving upward. Use only two threads of stranded cotton for this

The pattern for the bootees gives two different styles, both of them exceedingly desirable. Baby rubs through so many pairs of little shoes that it is almost impossible to have too many. They may be made of corded silk or satin, or pique may be used for the purpose. Embroidery ornaments the fronts of the bootees, the

the sack pictured includes both the bootees.

mere and is lined with China silk or design being as simple as it is possilk crepe de chine. It may be in sible to make it. Solid satin stitch white, blue or pink, but popular taste is used in its development. Rosettes seems to prefer white with a lining in or bows of narrow satin ribbon may some delicate color. The pattern of be added to the trimming of the

THE HOME OF GOOD SHOES

Garment Almost as Expensive as Entire Frock.

Model Is So Simple That the Making at Home Would Not Be a Difficult Task.

It is impossible to eliminate the peplum or costume blouse from style discussions and reviews at the present time, because this garment is one of the most interesting and most talkedof items of the wardrobe. When an out-of-the-ordinary style is introduced it is usually taken up by the cheapest manufacturers and dressmakers, and developed in such inferior material and with such poor workmanship that it quickly loses caste.

This has not been the case with the long blouse. It seems safe to say, writes a correspondent, that for the present at least the woman who wishes one of these blouses must either buy material and make it or have it made, or else pay a very high price for it. Most of these blouses shown in the shops cost as much as an entire frock. Undoubtedly this accounts for the fact that up to the present time they are worn only by very well-dressed and smartly groomed

The blouse shown in the sketch is extremely good-looking and at the same time it is so simple that making it at home would not be difficult. The foundation of the blouse, which is a little longer than the overblouse, is or maize-colored satin with overblouse of black lace, a skirt of soft black satin to accompany it.

A narrow bead fringe finishes the dation is sleeveless. The blouse can

Costume Blouse of Satin and Lace, be more easily made and more easily slipped on if the two sections are made separate.

For very early spring wear some of haphazard chance that seems to be blouses of figured foulard to be worn with white satin or silk jersey cloth

A blouse such as the one shown in the sketch, worn with a handsome silk or satin skirt, makes a costume suf-

### SHAPE AND COLOR OF SHOES

Footwear Dealers in Annual Convention Limit Height of Shoe Heels to Two and One-Eighth Inches.

Simplicity in shape as well as in color will be the predominating style in footgear for the coming season, big dealers declared at the recent convention of the National Shoe Retailers' association at St. Louis.

Styles will conform largely to the standards set by the war industries board, for shoe manufacturers had advanced far into the output of 1919 goods when the government lifted shoe

taken up at the initial session of the eighth annual convention, which was the largest gathering of manufacturers, jobbers, wholesale and retail shoe men ever assembled. More than 3,000 delegates attended.

morality. The old Victorian order as regards wine, women, and song, was passing, had to pass, as its best exemplar prophesied-

The old order passeth, giving blace And God fulfills Himself in many It is not God, however, but

the clever designers are showing long fulfilling itself in the general shockening of the moral sense. I mean no more than I say. I do not mean decadence; I do not mean corruption; but it is certain that men and women are confused and doubtful in their judgments of sex relations, inconsistent in their actions, less sure ficiently dressy for any afternoon of right and wrong than before in this generation. As the church has vacillated, now choosing one moral attitude towards war, now another, so men and women-whose lives may be unexceptionable-are vacillating feeling their moral sanctions and inhibitions melting beneath them. I think that this had to come. Perhaps it is a blessing, not an evil. Much of it, I know, is, transitory

# DOMINION RAYNSTERS

"Made-in-Canada" Raincoats

# Are Good Style

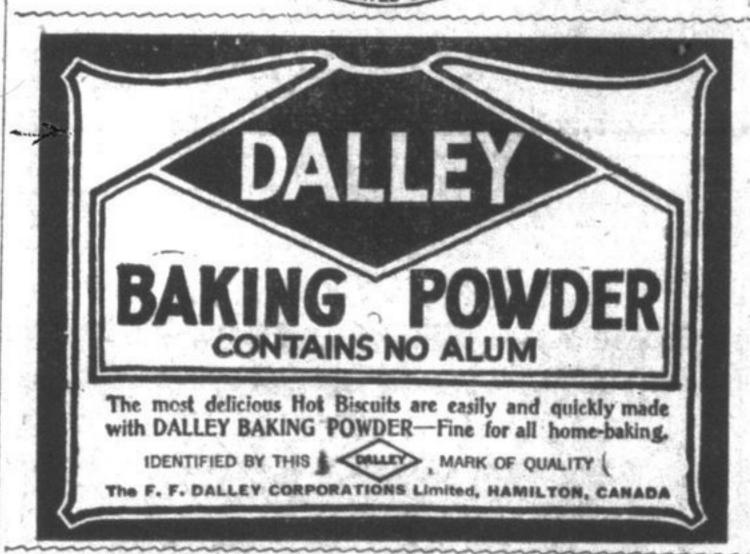

Dominion Raynsters correctly interpret the happiest styles of the spring season in men's, women's and children's coats.

In addition, they are absolutely waterproof; which means that a Dominion Raynster will retain its stylish lines and a shapeliness after many months of wear.

This is because of the absolute reliability of the materials used in these garments and the thoroughness of every detail of their manufacture.

Made in a wide variety of styles and patterns. Ask to see the new spring models at your favorite store. All genuine "Raynsters" carry the guarantee label of the Dominion Rubber System. Look for it in the coat you select.

Wherever you see Gold Soap resting on a grocer's shelf near other laundry soap you will notice that Gold Soap cakes are larger. Five cakes of the Gold are as large as six of the other. Gold Soap is unsurpassed in quality, unequaled in quantity at the price. Hence you save money when you say "Gold Soap" to your

Gold Soap is made in the Procter & Gamble Factories at Hamilton, Canada
