The Monthly Cheque That Never Fails

How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—"

I simply had to help father with his business, he was so worried—"

and I thought it best to invest something in real estate at once. Well, that failed—"

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

The Young Man's Best Recommendation

A Savings Account is more than a start towards financial independence—it is a mark of character.

One of the strongest recommendations in the world of business that a young man can present, is a Merchants Bank Pass-Book, showing a record of consistent savings.

A Savings Account may be opened with \$1.00, which shows how highly we regard the accounts of those who desire to save.
