

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-LIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q. "Fruit-a-lives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-lives' and strongly recommend them to every sufferer from Rheumatism".

Suffered Since Childhood

Kidneys at the Root of the Evil

Think of it! The joys of youth marred by agonizing pains, and all hopes of a bright future blotted out by thoughts of a life burdened with Backache and other sufferings.

Such was the case of Mr. A. Cail and a good friend advised him that there was a remedy for his trouble and he would find it if he used GIN PILLS. Read what Mr. Cail says:

"I was troubled with my Kidneys since childhood and spent a large amount of money on doctors trying to get cured. Instead of getting better I kept getting worse until a friend of mine advised me to try GIN PILLS. I did so, and after taking one box I was able to get out of bed and walk around. Two more boxes relieved me completely and since then I have had no return of the trouble."

This remarkable testimonial was written by a man whose statement cannot be doubted. Mr. Cail's reason for writing this history of his case was gratitude for the relief that GIN PILLS brought him. Wouldn't you do the same if your case was similar? If you suffer now—don't suffer any longer. Use GIN PILLS and obtain relief from Kidney or Bladder Trouble, and the pain, suffering and inconvenience that they cause.

10,000 MEN GET WORK

Through the Efforts of the Dominion Employment Agencies. The report of the Dominion Employment agencies operated under the department of soldiers' civil re-establishment for the purpose of placing discharged soldiers in employment gives a clear idea of labor conditions all over the Dominion. The figures of men applying for positions and those placed are as follows:

Table with columns: Province, Applicants, Number, Percentage. Rows include Nova Scotia, New Brunswick, Quebec Province, Ontario, Kingston, Toronto and Hamilton, London, New Ontario, Thunder Bay, Manitoba, Saskatchewan, Alberta, British Columbia, Total.

These figures show that through the government's system of employment bureaus, positions were found for over ten thousand men who would otherwise have experienced great difficulty in obtaining work, and who in all probability would have been in the ranks of the unemployed. It is interesting to notice that the Kingston Employment Bureau stands fourth in the list for the percentage of men placed in positions. This speaks well for the co-operation given by employers in filling vacancies they may have on their hands. Don't employ a silent man; he may be a reformed prize fighter. Firing a ball sometimes rips the feelings of the heirs.
