Avoid Harsh Pills! Doctors Condemn Them

Most pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's, which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective, so mild, so certain to quickly cure as a 25c box of Dr. Hamilton's Pills.

ROADS IN WORST POSSIBLE CONDITION Throughout Country.

The roads in the district are in the worst possible shape and cars are being hauled out of mud holes regularly. The frost has heaved roads and made deep holes.

Some of the farmers are making money by using their teams to rescue the cars. One farmer near Odesa charges \$5 to pull cars out of the holes on the road, near the village, which is now under construction. He is kept busy. A local photographer got "back" one Yarker and paid out \$2 to be rescued. While he was there two other cars came along, got mired and also paid the toll. It is stated that the Gananoque road is quite as bad and particularly on the hair-pin curves near the Finger Board the mud is very deep and cars are continually being stalled. One big car sunk in mud over the axles at this point and had to be left all night recently as a tow-out could not be found.

ONLY ONE SEMI-READY STORE IN EACH TOWN

It is the Most Economical and Efficient System of Merchandising.

When asked the question, "Why is there only one Semi-ready Store in each town or city outside of Montreal?" the president of the company said:

"It's the most economical as well as the most efficient system of merchandising. Not only does it save money, but it prevents deception. The man who reads knows that in only one store can he secure the genuine.

"Then it saves us \$50,000 a year, or nearly a dollar on each suit in travelling expenses alone. We send one man each season to each city for a day. He books orders for 600 or 1,000 suits from the proprietor of the store—in one or two days. The traveller who sells indiscriminately will spend fourteen days getting such a large order. His expenses and salary will cost from 50 cents to \$1.50 on every suit he sells."

David J. Will, the Semi-ready Store, 215 Princess street.—Advt.

Run Down and Killed. New York, April 21.—Harlow Niles Higginbotham, president of the World's Columbia exposition in Chicago in 1893, and former member of the firm of Marshall Field & Co., died in embarkation hospital at the Grand Central Palace, where he had been taken earlier in the day after being run down by an automobile. He was eighty years old.

Quashes Daylight Saving By-law. London, Ont., April 21.—Justice Logie, in the weekly high court, quashed the by-law which put daylight saving into effect in London. A citizen, Dennis Flanagan, brought the action on the ground that the City Council had no power to pass such a law.

Duty is bound to make the call and your part and mine is to respond.
