LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and costs only few cents

Pain? No, not one bit! Just drop a little Frezzone on that toasty corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents. Try Frezzone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and caluses, without one particle of pain, soreness or irritation. Frezzone is the mysterious ether discovery of a Cincinnati genius.

Acid Stomach Is Dangerous

Often Followed By Serious Gastric Ulcers, Says Authority. Most Frequent Cause of Dyspepsia and Indigestion, Says Keep Stomach Sweet With Magnesia.

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic 'acid stomach,'" says a well known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepper or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines. The acid, which caused the trouble, remains in your stomach as dangerous as ever.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better to sweeten and settle an acid stomach than a good magnesia bath. It soaks up the harmful excess acid much as a sponge soaks and seals fine in just a few minutes. Bisurated Magnesia is the special magnesia that should be used for this purpose and it can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.
