LAST "SUPREME" EFFORT

TO GET TARVIA FOR ROADS DEFEATED BY COUNCIL.

Ald. Smith Would Abolish the Utilities Commission—City Solicitor Advises Passing By-laws in Awarding Contracts.

A last effort was made by the few supporters of tarvia to get the City Council last night to substitute the name of that superior road oil for liquid asphalt. Ald. Couper presented the matter to the council, and intimated that the tarvia company had announced a reduction in price from twelve to nine cents a gallon in view of the drop in oils. However, the council decided to hold to its previous decision, and passed the by-law awarding the contract to the Imperial Oil Company at 8.6 cents a gallon.

No Case Is Too Old None Too Severe

Mrs. Riches Proves Once Again That Dodd's Kidney Pills Cure.

She Suffered for Seventeen Years from Kidney Trouble and Now a Well Woman Says, "Dodd's Kidney Pills Cured Me."

St. Denis Riviere, Richelieu, Quebec, April 28th, (Special).—One of the most remarkable cures in the long record made by Dodd's Kidney Pills is that of Mrs. A. M. Riches, well known and highly respected here. For seventeen years Mrs. Riches was a sufferer from kidney disease in its worst forms. To-day she is a well woman. And she says with an earnestness born of conviction, "Dodd's Kidney Pills cured me."

"I suffered for seventeen long years," Mrs. Riches goes on to say, "From backache, headache and sleeplessness my troubles grew to rheumatism and diabetes. I tried the doctor and other medicines, but I got no lasting good. I tried Dodd's Kidney Pills. I took 12 boxes of them in all. They cured me."

Dodd's Kidney Pills are purely and simply a kidney remedy. But no case of kidney trouble is too severe or of too long standing to resist them. If you haven't used Dodd's Kidney Pills, ask your neighbors about them.

When the by-law to purchase road oil was presented, Ald. Mills asked why it was necessary to pass such a measure. Had it ever been done before, he asked. The city clerk replied that it had not. Ald. Graham, chairman of the Board of Works, stated that the city solicitor had advised his committee that a by-law should be passed for the awarding of all city tenders in order that there should afterwards be no question of their validity. It was pointed out that if this was done, a great deal of work would be added to the council. It is likely that the by-law will only be passed in the case of large contracts.

The council again paid its compliments to the city's water supply when a by-law was presented for the raising of \$39,000 by debentures to pay for the water-works' electric pump. Some of the aldermen were inclined to vote against the by-law, but it was pointed out that if the measure was defeated the Utilities Commission would have to add perhaps fifty per cent. to the water rates for the next year to cover the cost. The Council had endorsed the purchase of the pump over a year ago and it had been installed.

Ald. Smith went so far as to declare that he would favor putting a by-law to the people to abolish the commission altogether. Ald. Graham supported this view. It was pointed out by Ald. Kent that there had to be a commission to look after the electrical department owing to the Hydro-Electric Commission, but the

FARMER DIED FROM A BOIL

The death of a young farmer was recently reported from blood-poisoning, which developed from a boil. Such a small beginning to end so disastrously! Yet this is liable to happen to anyone who allows a sore or wound to become infected. The surest and easiest way to safeguard yourself is by using Zam-Buk. As soon as it is applied to a sore or wound it destroys all germs and acts as a protection, thus preventing infection and possible blood-poisoning. At the same time, Zam-Buk ends pain and draws out inflammation. Then its action on the tissues results in the quick growth of new skin, so that sores and wounds are healed in the shortest possible time. Get a box to-day and be prepared. 50c box.

IF YOU ARE GOING TO SELL THAT PROPERTY

This spring, why not start your advertising campaign NOW—and "get the jump" on competitive advertising? But, you say, if everybody followed that advice there would be no special advantage in this policy. True; but not everybody, not even half or a quarter of the people, are in the habit of taking good advice. Sometimes nobody takes it; but, usually, a few wise people do, and profit.

The Spirit of Maytime Is Abroad GOOD DAY, MR. GARDENER
