HOUSING BY-LAW LAID OVER

AFTER A LONG DISCUSSION BY THE CITY COUNCIL.

Ald. Rodger Thought It Best to Withhold a Final Vote For Another Fortnight.

The housing by-law was before the City Council on Monday night, and after it had received a pretty thorough discussion, Ald. Rodger, chairman of the housing committee, who introduced it, moved that the council, then in committee of the whole under the chairmanship of Ald. Smith, and report progress. This resolution was agreed to, and the by-law will come before another meeting of the Council. Ald. Rodger stated that he thought it wise to withhold final action on the by-law until the aldermen learned if the Ontario Government would make further changes in the housing act whereby there would be less objection to it on the part of the smaller municipalities. Toronto raised objections to it and was receiving special legislation.

There was a good deal of discussion on the by-law, with Ald. Graham as its chief opponent, and Aids. Rodger, Litton, Patterson, Anglin and Simmons and Mayor Newman as its champions.

Ald. Graham pointed out that a workman could not afford to pay \$30 a month for a house, as he would have to do now. Furthermore, he objected to the drastic conditions imposed which gave the housing commission very wide powers. If he could see that the housing legislation was going to be of any benefit to either workmen or others he would support the by-law, but he could not see that any benefit would result.

Ald. Rodger stated that the special committee appointed by the council had given the question full consideration. The city solicitor had reported that the council could not control the housing commission. Ald. Rodger disagreed with Ald. Graham's figures as to the monthly payments. He had secured reliable information that the payments would be as follows, including interest, tax, local improvements, repairs and insurance: On a \$3,000 house \$27.05 a month; on \$2,500 house, \$22.25. Ald. Rodger further stated that he thought a good many people could afford to make the above payments and eventually own their own houses. If they curtailed expenditures in luxuries. He had in his hand a petition from twenty-six people who said they were waiting the passing of the housing by-law so that they could borrow money to build houses. Ald. Rodger pointed out that the commission the council would appoint had the power to refuse to loan money if it saw fit. Even if this city did lose a little in the scheme of loaning, it would eventually get the money back in taxes.

Ald. Graham disputed Ald. Rodger's figures and contended that a \$3,000 house meant a monthly payment of \$31.33 for twenty years. He pointed to Toronto refusing to accept the act as passed by the legislature and getting special legislation for itself.

In reply, Ald. Rodger declared that more houses were certainly necessary. He had proof of this.

Mayor Newman said he was supporting the by-law. He knew of the shortage of houses in the city and was of opinion that the housing by-law would be the remedy. The mayor declared that the city would be very backward if it did not take advantage of the new act.

Ald. Patterson pointed out that there was too much assumption as to what the workmen could not do. There were many working men to-day who were paying from \$20 to \$30 in rental and receiving nothing but receipts. He could not see that the city was going to lose anything.

Ald. Litton declared his intention of supporting the by-law and Ald. Simmons intimated that he was quite satisfied to take a chance of voting for it if a few more provisions were put into it.

After some further discussion the

BEAUTIFUL, HAIR THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist-Cloth Through Hair and Double Its Beauty At Once.

Save Your Hair! Dandruff Disappears and Hair Stops Coming Out.

Immediate? — Yes! Certain? — that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, charming lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet-counter and try it as directed.

Juice of Lemons! How to Make Skin White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get 3 ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smooth rough, red hands.
