GANANOQUE

(From Our Own Correspondent)

April 30.—Mrs. Bessie Lariviere has been appointed to the position of organist at the Christ church to fill the vacancy occasioned by the resignation of Mrs. Thomas Field.

V. K. Johnston, son of Mr. and Mrs. George L. Johnson, King street west, at the recent examinations in Queen's university, was awarded his B.A. degree, and also won the medal for portrait and economic science.

At the session of Gananoque Lodge No. 114 I.O.O.F. on Monday evening, the following past grands were elected as delegates to the district meeting: Elzie Andrew, Gilbert Orser, Joseph Case, George A. Baker, W. G. Bate and Job Lloyd. The following P.G.s were elected as representatives to Grand Lodge: Ross Lloyd, Frederick Lloyd and Gordon W. Meggs.

Mr. and Mrs. William Allen, who have been residing in Kingston for some time past, have moved back to town.

Mrs. William Davidson, spending the past ten days with relatives in Kingston and Collins Bay, has returned to town.

Death of a Pioneer

A much respected pioneer resident of Cedar Valley passed away, on April 24th, in the person of Anthony Rogers. Deceased had been in failing health for some time and gradually lapsed into unconsciousness followed by death on Thursday afternoon. The late Mr. Rogers was born near Harlem, eighty-four years ago, and while still a baby his father moved to Portland and became the first settler on the farm that has been in the hands of the family ever since and where deceased died. Mr. Rogers had always been a very active man in the affairs of the county and much improvement is due to his energy. He was always ready to lead a helping hand in anything that conducted to a neighbor's comfort, and the genuine regret felt at his passing bespeaks the esteem held for him. Many spiritual offerings covered the casket and gave silent testimony of respect and love. The funeral, which was largely attended, proceeded to the Church of the Holy Martyrs, Phillipsville, on Saturday, where solemn requiem mass was sung for the repose of the soul, after which the libera was chanted and the remains then laid to rest in the family plot beside those of his wife, who predeceased him by four years. Two sons, Richard, a farmer of Cedar Valley, and William, on the home-stead, and two daughters, Mrs. Jennie Hart, Retford, Alta., and Mrs. T. J. Pelow, Kingston, survive to mourn his loss. The hearers were Messrs. J. C. Allen, Andrew Lyons, William Ripley, J. E. Sullivan, James Rolph, Edward O'Meara.

MAY DAY STRIKES

And Other Troubles Are Expected In Canada.

(Canadian Press Despatch)

Toronto, April 30.—May day strikes are expected in various parts of Canada. In Toronto the machinists are expected to be out, interfering considerably with ship building and other industries. In Ottawa a big strike of bulking trades is promised, and in other cities conditions are generally unsettled. In Montreal there will be a big May day demonstration, and it has been officially announced by the mayor that any red flags carried will be confiscated, and arrests made. Brantford, St. Catharines and other cities in western Ontario were flooded with radical communist literature last night and arrests are expected.

REMARKABLE ACHIEVEMENT

Four Million Britishers Are Already Demobilized.

(Canadian Press Despatch)

London, April 30.—In defending the Government's policy of donations to unemployed, Sir Robert Stevenson Horns, Minister of Labor, in the House of Commons to-day, said it was unnecessary to take a gloomy view of the unemployment question. Since the armistice, he said, four million persons have been demobilized from army and naval forces and from civilian employment, and one million remain unemployed. Eighty per cent. of the demobilized soldiers, fifty-five per cent. of the civilian males, and forty-five per cent. of the civilian women have been absorbed by peace industries. This, the minister said, was a remarkable achievement.

Dr. J. C. Connell has taken out a permit for the erection of a residence on the harbor shore on King street west.

Serge-Major and Mrs. Code, Brockville, with their family, will hereafter reside in Kingston.

Next week the work of paving Kensington avenue is to start.

INSPECTORS SEIZE LIQUOR AT NAPANEE

The Man Who Took It From the Train Got Away in Auto.

Inspector William McCammon, of Kingston and Exley of Napanee had a lively time on Tuesday afternoon at Napanee. They were on the trail of liquor smugglers and awaited the arrival of the G. T. R. train from the east, expecting that their quarry, two men and a woman would get off. However, only one of the men came from the train. In his possession were five suitcases, for which an automobile was waiting, but the inspectors managed to direct the cases to another auto which they had engaged. The man however, got into another car and rushed away with the inspectors in pursuit, but they lost connection. They sent word ahead to the Deseronto authorities to be on the lookout for the man. The liquor, twenty gallons in all, is held at Napanee. It appears that there has been a good deal of dealing in liquor across the border, and suspects had been under observation.

How to Re-Forest.

Kingston, April 29.—(To the Editor): That was a brilliant lecture last night on forest conservation, and if it had been given forty years ago and put into practice in Frontenac county it would have meant thousands of dollars.

Now our timber is practically all gone, except scrub and Jack pine. Springs and creeks are dry. What is the remedy? is asked on all sides.

On a recent visit to the county of Welland I was surprised to see large areas of bush, and learned that they had a system of re-forestation which might well be applied in Frontenac, viz., to draw leaves that drop in the fall to the land in October from hard wood trees, as such are all propagated from seed.

I was shown a plot of three acres that had been stocked, from two hard maple trees that grew near. Our sons don't need a college education to start a sugar bush or any other kind of a bush; simply gather and scatter the leaves and nature will do the rest.

That is just the beginning. Cattle, hoes and sheep must be kept off the land so planted or the work will be useless, as they will eat the tender leaves as fast as the young trees show above the ground.

In the township of Crowland and Wainfletes, miles from Niagara, they have a system of exempting from taxation all land where tree seeds have been sown and stock excluded. My friend that I visited had forty acres so exempted.

ALL KIDNEY TROUBLES DISAPPEAR

23 THE PR

POTATO SUITS AFFECTED

An Enactment of the Legislature Legalizes the Purchase of the Potatoes by the County.

The Ontario Legislature recently passed an amendment to section 408 of the Municipal Act which, apparently makes the purchase of the seed potatoes by the county of Frontenac Council in 1917 quite legal and the loss can be legally, through this amendment, paid out of the county treasury, it is understood.

The case has been the subject of much discussion through the county, as the potatoes were purchased at too high a price in Winnipeg and would not sell here, finally being disposed of to a dealer at a loss. Dr. Spankie and others refused to draw the money dropped in the transaction to be taken from the county treasury. The matter was handed over to the county solicitors, Nickle, Farrell and Day, and three suits for the recovery of the money were entered and will be heard at the sittings of the Supreme Court on May 19th. The actions, which were brought against the townships of Pittsburg, Strorrington and Portland would involve over a thousand dollars.

The amendment to the Municipal Act was inspired locally, and it reads that all municipalities have power to purchase supplies of vegetables, seeds, seed roots and tubers to aid production. This amendment "shall be deemed to have been in force on and after the 12th day of April, 1917." This was the date that the Frontenac deal came off.

The next move in the game is being anxiously awaited as there will undoubtedly be an attempt to carry out the intention of the original suite in spite of the assistance from the Ontario Legislature.

TO MAKE IMPROVEMENTS.

TO UNION BAPTIST CHURCH—MAY ERECT PARSONAGE.

Extensive improvements are being made in the Union Street Baptist mission church. A furnace is being installed, a kitchen is being equipped for the Ladies' Aid and a vestry will be made for the pastor and the choir. The whole internal arrangement of the church is being re-arranged and when completed the main entrance will be from Collingwood street. A meeting is to be held to decide whether or not the congregation will erect a parsonage beside the church.

This church has not had a regular pastor for some time as the revenue is not sufficient, but students and others have carried on the work. At the present time Capt. the Rev. J. K. Fairful, vocational officer at Queen's military hospital under the Invalided Soldier Re-establishment Commission is pastor but received no salary from the church. He has taken great interest in the mission, and it is stated, that it is owing to his interest that the proposed extension and improvements are being undertaken.

Miss Madeline Greenwood and Miss Julia Hawkins, Wolfe Island, have returned home after spending the last three weeks visiting friends in Cape Vincent and Rochester, N.Y.

Delegate E. Cain, of Kingston, was elected fourth vice-president of the Journeymen Barbers' Association on Tuesday at the convention being held in Guelph.

The social situation in Cacico-Shevak is considerably improved and the general economic outlook is good.

- this afternoon for England and
- Hawker will probably follow one
- hour later.

ONTARIO CREEDS.

What the Boys and Girls of This Province Are Thinking.

After talking with thousands of boys and girls in rural districts of Ontario, Dr. Creelman has drawn up a fair representation of what is in their minds, which he has embodied in the following Ontario boys' and girls' creeds.

- #### Boys' Creed.
1. I believe that life in the country can be made just as pleasant and profitable as life in the city.
 2. I believe that father and I can form a partnership that will suit both of us.
 3. I believe that if I kill every weed on my father's farm we shall be well, paid by the increased crop alone, to say nothing of the benefit to our neighbors.
 4. I believe that by careful selection of our chickens I can double the output of the flock.
 5. I believe that by introducing alfalfa on our farm that we can keep twice as many domestic animals as at present.
 6. I believe that by keeping twice as many animals we will be able to grow much larger crops of alfalfa and other things.
 7. I believe that by planting shade trees, growing flowers, shrubs, and keeping a tidy homestead that we will be better contented and happier in every way, and our farm will increase in value.
 8. I believe not in luck, but in pluck.
 9. I believe that farming is a most honorable calling, and having decided to stay on the farm, it is my duty to make the best use of my time, now in school, that I may be the better farmer in the days that are to come.
 10. I believe in working when I work and playing when I play, and in giving and receiving a square deal in every act of life.
- #### Girls' Creed.
1. I believe that I have a right to be happy every day.
 2. I believe that God's blue sky and God's green earth are a part of my inheritance.
 3. I believe that I have a right to love little chickens and ducks and lambs and puppies as well as dolls and ribbons.
 4. I believe I would love to keep house better than anything else, and I only wish they taught housework at school.
 5. I believe that keeping a garden all my own would be great fun, and I believe that I could be happy in giving away flowers and in cooking the vegetables that I raised myself.
 6. I believe that I could study real hard at my grammar and geography and arithmetic and spelling if I could do cooking or sewing with the other girls in the afternoon.
 7. I don't want to go to town and leave my father and mother and my brothers and sisters behind while I live in the city, for I know I will miss them all, and the trees and the creek and the green grass and the old woods and everything, but oh! I don't want to stay at home and do nothing but wash dishes and carry water and do the chores, and grow old like auntie. I want to laugh and love and live.
 8. I believe I can learn to sew and cook and do laundry work, and do them well, and I want to learn them, and I want to do them well.
 9. I believe in the square deal for girls as well as boys, and I want everybody to be happy all the time—the old as well as the young.

TO MAKE IMPROVEMENTS.

Extensive improvements are being made in the Union Street Baptist mission church. A furnace is being installed, a kitchen is being equipped for the Ladies' Aid and a vestry will be made for the pastor and the choir. The whole internal arrangement of the church is being re-arranged and when completed the main entrance will be from Collingwood street. A meeting is to be held to decide whether or not the congregation will erect a parsonage beside the church.

This church has not had a regular pastor for some time as the revenue is not sufficient, but students and others have carried on the work. At the present time Capt. the Rev. J. K. Fairful, vocational officer at Queen's military hospital under the Invalided Soldier Re-establishment Commission is pastor but received no salary from the church. He has taken great interest in the mission, and it is stated, that it is owing to his interest that the proposed extension and improvements are being undertaken.
