SERVICE!!

Have you ever stopped to consider that service was one of the big factors in winning the war? How many men were necessary behind the front line trenches to keep one fighting soldier there? Perhaps a dozen. Make no mistake when you consider purchasing an Automobile. The most important factor for your consideration is: Has the dealer you intend purchasing from got the equipment to give you Perfect Service? Also, is he willing to give you that Perfect Service? A dealer is known by what he handles, and by the service he guarantees. When we have sold you a car we require you for a friend. The only way we know of keeping our friends is by using them fairly, and justly. Ask the man who owns a Reo or a Gray Dort. Service is our motto, and that's what counts. Be fair to yourself and be fair to us. Consider the Service.
