HARNESS RACING WITH OR WITHOUT BETTING Four Days at Toronto Exhibition and Then on Eastern Ontario Circuit.

A mere matter of betting will not keep the provincial harness horsemen from actively the coming summer. There may or may not be running meetings until late in the season, but W. P. Fraser, secretary of the C.R.A. and O.J.C. showed when spoken to at Toronto that though gloom had settled on the followers of the thoroughbred, he at least had not abandoned hope.

What will become of the running meetings is likely to be determined when the committee of the Canadian Racing Association and the "board" of the Ontario Jockey convenes this week.

Meanwhile the owners of the trotters and the pacers are cheerful and daring as to their summer meetings. Already the Canadian National Trotting Association has allotted the following dates: May 24—Galt. May 24—Picton. June 3—Belleville and Kingston. The Toronto Exhibition have decided to hang up \$4,000 for the trotters and pacers, and the owners will go after this money next autumn, whether or not the order-in-council against gambling is lifted by that time. There will be two races a day for four days, each for a \$500 purse, starting the first Saturday of the exhibition.

Also, with or without betting, the horses will move from the exhibition through the eastern Ontario circuit to Oshawa, Peterboro, Lindsay and Beaverton, and back to Newmarket, Markham and Weston.

Pro. Lacrosse Due For Revival.

A general revival of lacrosse for this season was decided on at a meeting of the National Lacrosse Union held in Montreal. Six clubs were represented, and five will figure in the schedule this summer. The schedule will comprise the Shamrocks, Nationals, Ottawa, Cornwall and Caughnawaga, the latter having been admitted to membership at the meeting. The schedule will probably be played in two halves, the winner of each to play off at the end of the championship. The union will be conducted on the same plan as in former years, the clubs having the privilege of paying some or all of their players.

It was announced that the schedule would start the first week in June and the season continue until September.

Let Citizens Decide.

The Buffalo Courier says editorially: "Governor Smith's signing of the measures, which give to each municipality the right to decide about moving picture exhibitions and baseball games on Sunday gratifies every liberal-minded man and woman."

"These acts sustain the principle of home rule in cities, and so most public approval on that ground. All so they give to the liberal elements of the communities a chance to

BULL ISN'T CHAMPION.

Clonie Tait, of Edmonton, holds the Lightweight Title. "Paddy" Jones, of the Hamilton Herald, writes as follows: "Why the Toronto sport writers persist in calling Frankie Bull the lightweight champion of Canada is a mystery. They ought to know better. Clonie Tait, of Edmonton, is the Canadian title-holder. He won the title from Johnny O'Leary, and so far no person has taken it from him. Bull right now would, no doubt, give Tait a great battle, in fact, might stop him, but until he does that he will not be the Canadian champion. And, as a matter of fact it is doubtful if either Tait or Bull can make the lightweight limit."

The Racing Situation. Hamilton Spectator: The matter of appointing a commission to govern racing will not be considered by the government at Ottawa, but will be left to the provincial legislatures to deal with. That was the announcement made by a member of parliament to the Spectator, and he does not look for any action that will permit of spring meetings being held. It is understood that if the House prorogues early enough, the order-in-council will lapse automatically, after which it will be up to the various provinces to decide what percentage of the receipts the government will take, or what tracks will be granted licenses. There is a feeling that politics has played a big part in the granting of licenses, especially in Quebec, and it is thought that for the good of the sport, a commission, composed of men who really have the interests of the thoroughbred at heart, should be appointed to govern the sport and keep it up to the standard it enjoys in other countries. There is not spot where racing is more popular than in Kentucky, and it is owing to the fact that a state commission has charge of it there that it enjoys popularity second only to Bourbon whiskey.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent, Jct., N. B.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak, and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles, these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

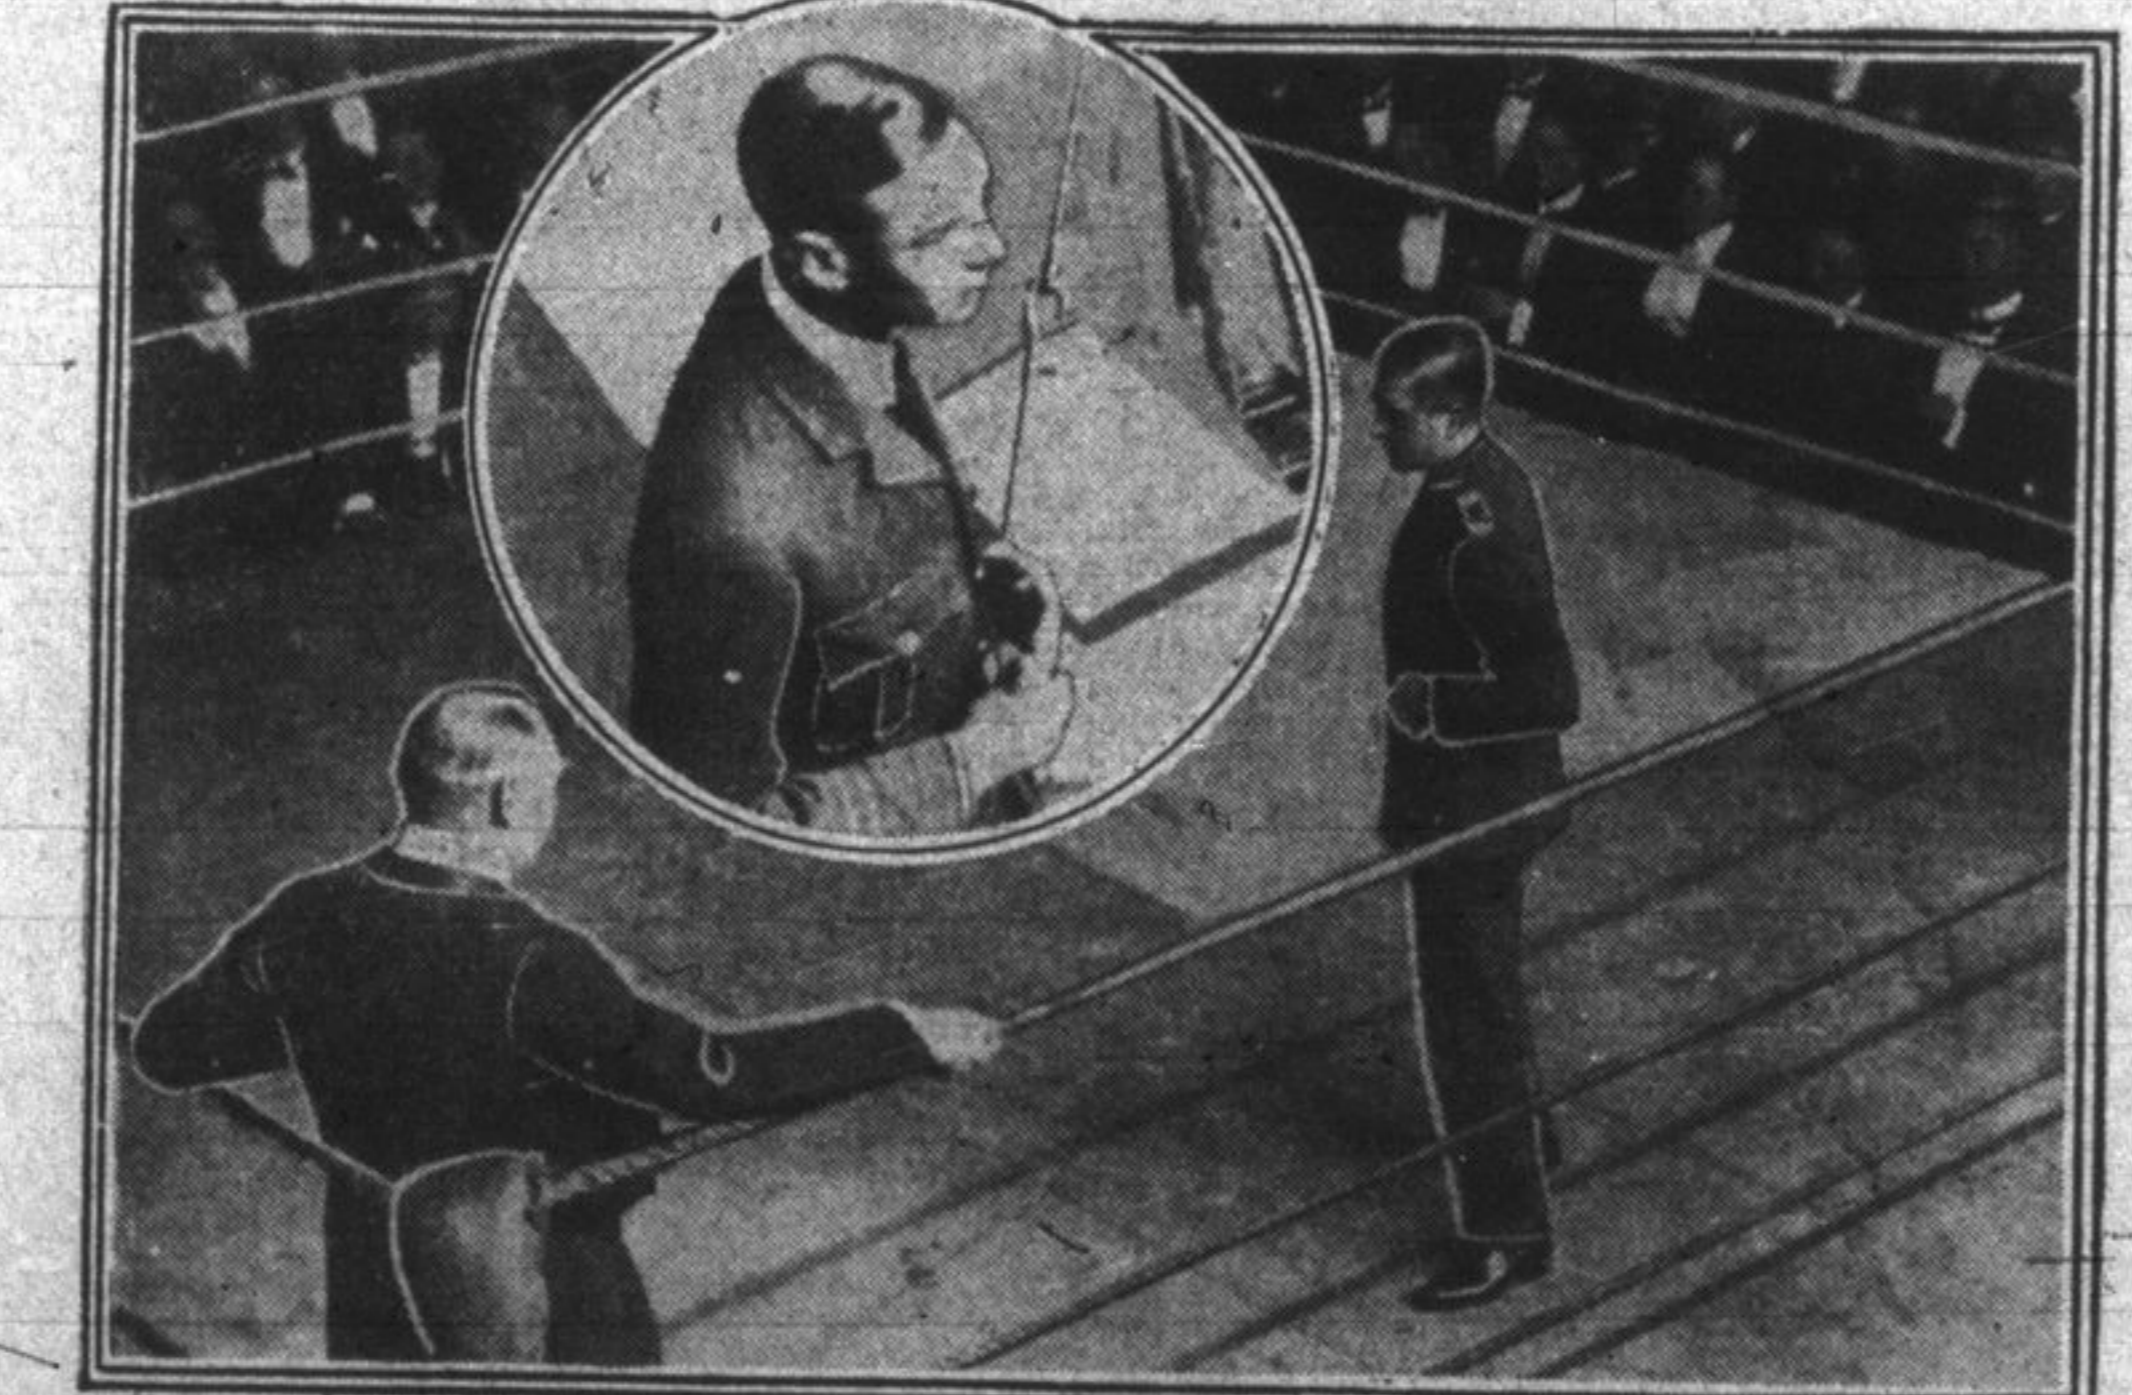

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mr. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c per box, or six for \$2.50, sold by all dealers.

Some men who are always talking about treasures that they are laying up in heaven will come very near losing them.

BRITISH PRINCES AT A BOXING MATCH.

There was a brilliant gathering including the Prince of Wales and Prince Albert, at the National Sporting Club, March 31st, where Jimmy Wilde, conceding at least a stone to his opponent, defeated Joe Lynch on points, in fifteen rounds. After the match the Prince of Wales vaulted into the ring and shook the victor warmly by the hand. The Prince is shown addressing the crowd from within the ring and Lord Lonsdale is in the corner. Inset is a picture of Prince Albert, who spoke to the spectators from the side of the ring.
