DETROIT HAS FIVE JOBS PER SOLDIER
Also Two Jobs For Every Workless "Civvy"—Taking Bolshevik Places.
Detroit, Mich., May 6.—In Detroit at the present moment there are five jobs available for every soldier who returns from the war and two jobs for every civilian now out of work.
That statement is made on the authority of the Red Cross established for the purpose of finding employment for returned soldiers. Every day the office has appeals for men, which must be met, and the Red Cross cause there are not enough soldiers to take the places.
Not only is this true, but the rate of pay is going up daily, and is now said to be at the highest point in the history of industrial Detroit.
Employers have decided that they will have none of the Bolshevik element and other disturbers. The Red Cross bureau has an order for 375 men a week from a single large industrial plant. These 375 men are to take the places of Bolshevik and other agitators, who are un-American. They are being dropped from the payrolls of factories as rapidly as their tendencies are learned, and regular Americans are being engaged to take their places. This one firm will keep up its system of employing only such men as are loyal Americans until there is not a Bolshevik or an anarchist in its entire organization. It figures that there will be vacancies for decent men in its organization at the rate of 375 a week. As it hires loyal men, it raises their pay over that given to the disloyal men discharged.

AN IMAGINARY ACT PRETEXT FOR WAR
The German Staff Reported French Invasion Without Ascertaining the Facts.
Paris, May 7.—The imaginary invasion of German territory by the French was the pretext for the declaration of war on France, says Gottlieb von Jagow, former German Foreign Minister, in a book which he has just published entitled, "The Universal War, Its Causes and Beginning." The alleged French incursions were reported to the German staff by subordinate officers, von Jagow says, and the staff communicated the information to the Government without attempting to ascertain the facts.
The former Foreign Minister avers that before the war he was convinced of the necessity of an accord with Great Britain, and expresses regret that Germany unfortunately received offers of an alliance made in 1899.
When the Austro-Hungarian ambassador in Berlin communicated to him the text of the ultimatum to Serbia, von Jagow says he thought its terms were too rigorous. He declares he expressed some astonishment at Berlin had not been informed earlier of the steps taken at Vienna.
Theodore Wolff, in the Tagblatt, commenting on von Jagow's version of the interview he had with the Austrian ambassador concerning the ultimatum to Serbia, says that after reading it he is more at a loss than ever to understand why the proposal made by Sir Edward Grey to call a conference of ambassadors to examine the conditions to be enforced on Serbia was rejected so categorically by Germany.

At The Peace Table.
In the conference room, on M. Clemenceau's right was President Wilson and the other American delegates, while on his left Premier Lloyd George and the British representatives were grouped. Flanking the Americans was the French delegation, with Marshal Foch in the centre. Next to these were the representatives of Italy, Belgium, Brazil, Greece, Portugal and Serbia. On the left side and seated below the delegates of Great Britain were those of the British dominions, Japan, Poland, Rumania and Czechoslovakia.
The names of Sir Joseph Flavelle, Sir George Foster, Sir Charles Gordon, and Lloyd Harris are all mentioned as being in the running to become Canada's first "ambassador" to Washington.
The Donnelly steamers Cornwall and Frontenac left Wednesday morning to assist the Howard W. ashore on the shoal at the head of Carleton Island.

AFTERMATH OF TRAGEDY
LIQUOR CASE WAS BEFORE MAGISTRATE WEDNESDAY.
John Gunn Was Fined \$10 and Costs for Being Intoxicated On Saturday Last—A Charge of Theft Against Young Woman Was Dismissed.
An aftermath of the sad tragedy which occurred on Thomas street, on Sunday morning, when the home of John Gunn was destroyed by fire, and Daniel Gallivan lost his life, was heard in Police Court Wednesday morning, when John Gunn was charged with being intoxicated on the street on Saturday and also with having liquor in a place other than his own private dwelling. He was found guilty on the first charge, and fined \$10 and costs, but the prosecution fell down on the second charge, which was dismissed. Inspector William McCammon, with C. R. Webster, conducted the prosecution.
The charge of theft against a young woman on remand for a week, was dismissed. She was taken into custody by Sgt. Marshall Armstrong, in connection with the theft of a number of skirts from the store of McIntosh Bros. Sgt. Armstrong got some skirts in her possession, but she claimed that another young woman had given them to her. The young woman in question left the city very hurriedly at the time of the trouble.
"I have decided to give you the benefit of the doubt," said the Magistrate. "The goods were found in your possession and were wearing them, and the other girl disappeared at the time. It certainly looks suspicious, but I trust that this will be a warning to you. The case will be dismissed."

TO COST A BIG AMOUNT.
Rains Causing Great Damage to Roads in the County.
The continued rains will cost the county thousands of dollars to put the roads back into shape for traffic. With the exception of such roads as those to Harrowsmith and Sydenham, which were recently rebuilt and are now fairly well drained, there are no roads which are fit for travel.
There will be \$68,400 spent by the county of Frontenac this year on its roads. This is made up by an appropriation of \$40,000 for construction, \$6,000 for machinery, \$1,400 for superintendent, \$4,000 for bridges and \$16,000 for repairs. This last amount was expected to take care of the usual maintenance charges, but the condition of the roads now would indicate that much more will be needed if the work is to be done properly.
