Sporting Notes

Charlie Christie, just returned from France, will meet "Red" Gallagher in ten rounds at Peterboro, May 22nd.

Connecticut has a bill which provides for a commission, eight-round contests and eight-ounce gloves. It now goes to the governor.

Larry Doyle continues to slant them out for the New York Giants. He is regarded as one of the most dangerous sluggers in the majors.

It is estimated that the Willard-Dempsey bout at Toledo will draw \$300,000, of which the city's share on a seven per cent. tax would be \$21,000.

Montreal would appear to possess almost as many light clubs as New York has ball teams. George Kennedy is back in the scrapping game, livelier than ever.

When the Cincinnati and Philadelphia clubs come together, Quaker Town people won't know who to cheer for. Pat Moran still has an army of friends in Philly.

Tecumseh May Get Franchise.
The Tecumseh Lacrosse Club of Toronto may be given a franchise in the National Lacrosse Union. Chas. Queric pointed out to resident Damouche and Secretary Brown of the union at Montreal that his club was willing to make concessions to become members of their association. He stated that the Tecumseh club would have a strong team this summer, including several returned men, and would be willing to make trips to Montreal to play all three clubs, Nationals, Shanrocks and Caughnawagas, if taken into the Union.

The Tecumseh also promised to compensate the Cornwall club for the defaulted game two years ago by paying their expenses to Toronto when that club was scheduled to play Tecumseh. President Damouche and Secretary Brown favor taking Tecumseh into the Union and will call a meeting at an early date to deal with the question.

Queric is confident that Ottawa will give Tecumseh their support in the matter and Cornwall may be the only club to hold out against it.

Make Bout Two-Ring Circus.
Tex Rickard is now convinced that minds other than his are working on schemes to make it plain sailing for Willard and Dempsey in July. Yesterday Tex received a letter from a fellow who proposed that Rickard build a double ring, one-half just inside the Jersey State line, and the other just over the line in Pennsylvania.

Then this "second thinker" goes on to say that if necessary, Jess and Jack could fight eight rounds according to law in the Jersey ring, and, if individual supremacy was still in question, then step into the Pennsylvania ring and fight six more rounds according to Pennsylvania Hoyle. "Funny thing about this two-ring circus—it could be done," said Rickard, as he fired up a new dollar stogie.

Ottawa Ball for Toronto.
George H. Lawson, recently discharged from the Canadian army, in which he was Sergeant-Major in the Royal Engineers, announced at Boston plans for the formation of an outlaw baseball league, to be known as the Allied League. He said that only men who had seen service in the American Expeditionary or allied armies would be eligible to play.

Mr. Lawson, who promoted the outlaw United States League, a few years ago, said he had assurances of backing which would enable the league to start its season on June 1st. He announced as the probable circuit: Boston, Providence, Brooklyn, Baltimore, Philadelphia, Montreal, Ottawa or Toronto and Newark. He said grounds were available in all of these cities.

Would Mix With Pros.
The Northern Division of the Canadian Canoe Association desires at Ottawa to support the idea of permitting professionals in other lines of sports to participate in the events of the Canadian Canoe Association.

The proposal will be brought before the parent body at its annual meeting on Saturday next. If it goes through it will make eligible for paddling events Eddie Gerard, Harry Broadbent, Archie Atkinson and many others.

Strong Canadian Eight.

Ottawa will be well represented in the big allied military regatta, which is to open on June 3rd at Henley-on-Thames. In addition to Col. Jim McCuaig, Capt. Eddie Phillips, Capt. Felix Snowden and Lieut. Jack Topley, who were selected last month to train for the events, word has been received that Rainsford Harvey, who is a Sergeant in the 38th Battalion in Belgium, has also been recalled to England to prepare for the regatta.

Harvey rowed with the Britannia and Ottawa crews and was a promising oarsman. There will be an eight-oared race, open to crews from each of the allied countries, for a trophy donated by His Majesty King George, and it is expected that Canada will be able to launch one of the strongest in the race. A number of the Toronto Argonaut soldier oarsmen are also at Henley training for the military regatta.

There will be a meeting of the Canadian Racing Association in the near future, following which some announcement may be made with regard to the plans of the various clubs for the coming season.

Manager Miller Huggins of the Yankees intends to alternate behind the bat with Ruel and Hannah, believing he will get better results in this way.

At each scene game of the Giants and Yankees' 60 soldiers will be admitted free.

WILLARD VERY CONFIDENT.

The Short Bout Robs the "Go" of Much of Glamour.

The Willard-Dempsey heavyweight championship bout, scheduled for July 4th at Toledo, Ohio, is one topic of discussion among eastern fight followers. While there is evidence of a wide difference of opinion regarding the outcome at this time.

In fact, those who take more than a passing interest in ring affairs find it difficult to reconcile the idea of a heavyweight championship battle with the twelve-round contest which is proposed to stage on the shores of Lake Erie.

The glamour which surrounded the virtual fight-to-a-finish in which Sullivan, Corbett, Fitzsimmons, Jeffries and even Johnson defended their titles, appears to be lacking in this contest. It is also a decided ring novelty for a heavyweight champion to agree to place his title in jeopardy by a referee's decision over such a short route. Many expressed the opinion that it showed remarkable confidence on the part of Willard to successfully defend his title against the rushing tactics of such a formidable opponent as Jack Dempsey.

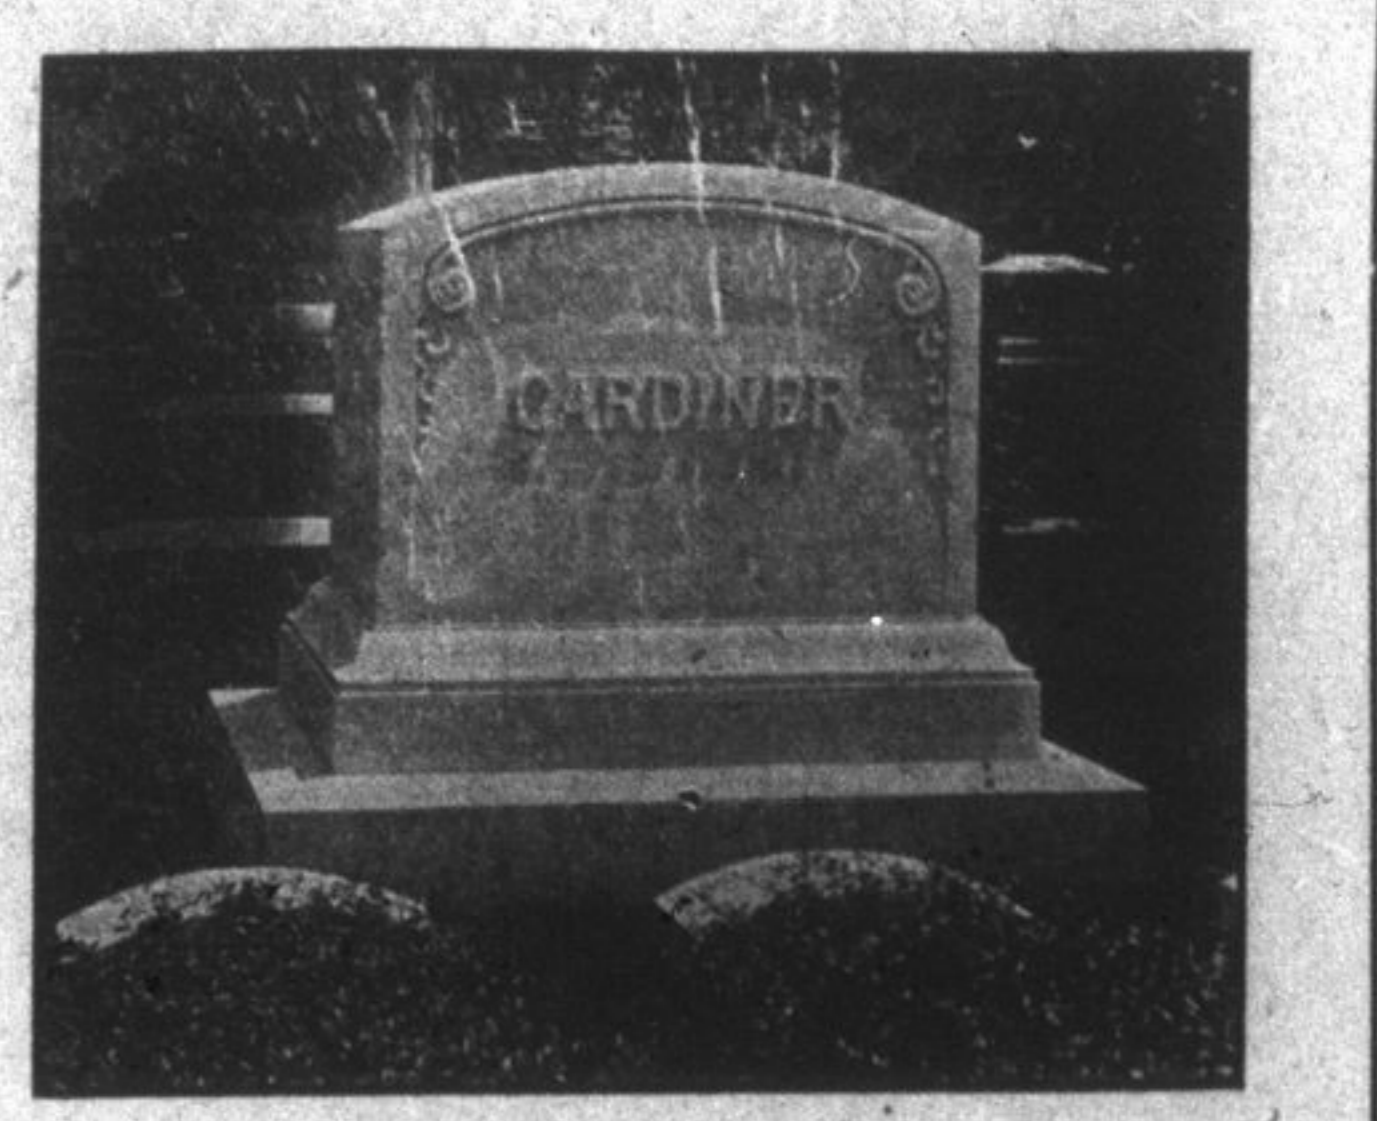

With the exception of the ten-round, no-decision bout between Willard and Frank Moran in New York three years ago, which few ring fans took seriously, from a title-passing angle, there is no record of such a short scheduled battle in the modern history of heavyweight fighting.

Dubuc Giants' Pitching Hope.

New York papers are hailing Johnny Dubuc, of Montreal, as a pitching hope for the Giants. Dubuc went in as a relief pitcher at Philadelphia the other day. He took up the burden after George Smith had given the Phillies a winning lead by miserable mound work. And he held the Quakers to two hits and no runs in four innings.

Dubuc pitched high class ball, so it is declared by the critics. In only one inning, the sixth, did the Phillies threaten him. And in this round he showed the stuff that is in him when facing a dangerous situation. The Sun says: "This performance bids fair to have been typical of what Jean will do for the club this year, for he is just the kind of a pitcher who probably will save many a ball game by holding the opposing club at bay in the last few innings of a close contest. He has a fair assortment of stuff, a good head on his broad shoulders and plenty of nerve. Also he is a good hitter. Dubuc, in fact, is a pitcher on the order of Doc Cravall, who was a mighty handy man."

Zbyszko is to wrestle "Strangler" Lewis for the championship, to a finish, at Chicago, May 19th.
