40TH ANNIVERSARY SALE

ENTIRE WEEK

Monday, May 12th to Saturday, May 17th

ENTIRE WEEK

NOTHING OVER 15 CENTS IN THIS STORE

FORTY-FIVE years ago Frank Woolworth, a poor farmer's boy of nineteen years, came to town with his father on a load of potatoes, struck a job in a store in Watertown, N.Y., where he worked for three months at \$3.50 per week. At the end of two and one-half years he was earning \$6.50 per week, and felt that with that income he was in a position to marry Jennie Creighton of Picton, Ontario, Canada.

Two years later, with a wife and baby on his hands, he was able to save money on a salary of \$10.00 per week, and to open his first five-cent store in Utica, N.Y., in the Spring of 1879, just forty years ago this month.

From that beginning, after wrestling with a thousand difficulties that might have sent back to the farm one less determined, he worked up to the

modern Woolworth Store as you know it to-day. His business has grown in forty years to a total of 1053 Woolworth Stores, incidentally also the Woolworth Building, the largest and tallest building in the world, with 57 floors for offices; costing 14 million dollars.

The hundreds of men who compose the present organization of F. W. Woolworth Co., all entered the service as boys at a salary of \$10.00 and less per week. This, to-day, comprises the largest and strongest retail organization in the world.

The 94 stores in Canada and 77 stores in England are benefiting by the wonderful purchasing power of over one thousand stores, which enables them to offer values unequalled by any mercantile firm in the world.

THE 40th ANNIVERSARY SALE, MONDAY, MAY 12th TO SATURDAY, MAY 17th

Fighting Summer Time.—Tweed, May 10.—That the adoption of the Daylight Saving Act, as in force here and in other towns, still jars upon some of the farmers in this locality, is borne out by the following cases, said to be authoritative: A farmer purchased goods to the value of \$50 from a local merchant, and upon hearing that the latter's name was appended to a petition asking for daylight saving, returned

the goods. Another farmer is said to have driven into Tweed at about 5 o'clock one day, and upon finding the stores closing, drove home and mailed a \$50 order the following morning to a city departmental store. Another called in this town for some repairs and exhibited \$100 in cash, which he said he would spend that afternoon in a neighboring town as he was not obliged to buy goods in Tweed.

OAT CROP A FAILURE

Farmers Lament Damage Caused by the Continual Rain. The oat crop of Frontenac county will probably be a total failure this year if the weatherman does not immediately change his tactics and give a week or more of continued warm weather. Many farmers have not yet prepared their land for the grain and those who are ready are equally as bad a condition as it has been almost impossible to do any seeding. A farmer who keeps an accurate account of the expenses and accounts on his farm stated on Friday: "This continued rain is costing me \$50 a day. I cannot do any work and the time in which the work should be done is expiring."

Seeley's Bay News.

Seeley's Bay, May 7.—Last Tuesday the post office was removed to its new quarters in the house formerly occupied by F. W. Young. The house was fitted up nicely for the purpose. Mrs. A. Duggett is not enjoying very good health at present. Mrs. A. W. Chapman has gone to Kingston for medical treatment. The Hornspies have commenced the erection of their new frame chapel on Adelaide street west. The foundations are already completed. Some much-needed repairs are being made to the roads. The members of the I.O.O.F. had a parade last Sunday to the Methodist church. Rev. A. Duggett preached a fine sermon. Mrs. W. Chapman's condition remains about the same. Seeding operations are much delayed by the frequent showers.

Lot Bought; House To Go.

Perth, May 10.—Among the many property changes which this spring has brought about is the purchase of a lot from the Henry Graham estate by Mervyn Chaplin. This includes the old frame house adjoining the house on the corner, and this will be pulled down to leave room for the residence Mr. Chaplin intends erecting for himself. This old house is one of the most ancient in town, and long years ago the site was used for the first Orange Society hall in town. The elder Graham, great grandfather of Mrs. Chaplin, was the builder and owner of the building, and was also one of the prominent Orangemen of his day, having seen a native of Ireland.

McGowan vs. Town of Perth.

Perth, May 10.—An action brought by Thomas McGowan, of Perth, against the corporation of Perth for damages for the death of his son, Gerald McGowan, on the evening of August 29th, 1918. Gerald McGowan came in contact with a wire dangling from a pole in the public park and was instantly electrocuted. The case was settled before trial in favor of the plaintiff for \$800 including costs.

\$4,400 in B. O. T. A. Fines.

Brockville, May 9.—During the past month inspectors Tabor and Sykes, working under the Ontario Temperance Act, secured convictions against 24 persons, and \$4,400 in fines.

THE BUSY BEAVERS

They Are Very Active in Lanark County.

Perth, May 10.—Beavers around Ned's Creek, Parks Lake and Bowler's Lake in Dalhousie township are becoming quite plentiful now and they are hunting up new quarters to build their dams and huts. The water being quite high one old chap came down as far as Umpherson's Mills one night and pretty nearly chewed the top stop log in two, so as to let the water off. It was caught at it in time and chased round into the flume where it got upon one of the sills of the water wheel and sat there until the flume was opened

when it got through into the river below. Its flat tail was about fifteen inches long and about five inches wide and from its appearance it looked to be a fairly good size.

The Late Mrs. Catherine Robinson, Belleville, May 9.—On Saturday night at the old home at Massassaga, Prince Edward county, the death occurred of Mrs. Catherine Robinson, in her 87th year. The late Mrs. Robinson was born at Onabrook, being a daughter of the late James and Catherine McWilliams. Her husband, James Robinson preceded her to the tomb about thirty years ago. She has resided at Massassaga for almost fifty years and was well known

in that locality. She is survived by three sons, Henry of Toronto; and James M. McCoy, Belleville; Mrs. E. W. Hawkins, of Rawdon and Miss Ella at home. She is also survived by one grandson, Lieut. T. M. McCoy, C.A.M.C., now in England, and two granddaughters, Miss Mabel Robinson of Toronto, and Miss Ray Heath of Rawdon.

MR. SWAISLAND.—Dear Sir, I take great pleasure in praising your Swaizema. About 3 months ago I had an operation performed which resulted in blood-poisoning, and my whole body from head to foot was covered with a terrible rash. I consulted several doctors and used all kinds of salves being advertised, without any relief. I could not walk nor sleep, for the burning and itching almost drove me out of my mind; so one day I sent my daughter to the drug store and she was advised to try a bottle of Swaizema which she brought home. When I had taken a half bottle, I began to feel a great change; my appetite came back; the bitterness of my mouth left me; I felt myself on the way to recovery, so I decided to keep on taking it until I would see the last of this terrible tormenting disease. Eczema leave my body. I have now taken six bottles, and am still taking it, as my case was so bad, not only with the Eczema, but also over one hundred boils covered my body. My friends were afraid to come near me, as I was a terrible sight; on my head I had the Weeping Eczema and it was running all matter; for weeks I could not comb my hair; my ears running matter, and face and neck all full of the rash. I never thought of once getting well again, but thanks to Swaizema, I am now able to do all my work, and the rash has left almost all my body, with the exception of two spots which I think will soon be healed up. I can strongly recommend Swaizema as the only remedy for skin diseases and boils. Anybody doubting this statement can get my address from Mr. Swaisland, and write or ask me personally. Name a request. This is one of the many testimonials that I receive, taken and that this case, when sent by one of Canada's leading physicians, he remarked that she would die. Also in explanation, he writes: "I noticed that the whole of the inside of the mouth was covered with the disease. One more bottle made an absolute cure."
