

Hawker Probably Lost; Winnipeg Strike May End

HAWKER'S FATE YET UNKNOWN

British Admiralty Thinks He Came to Grief Soon After Starting.

WOULD HAVE SAID FAREWELL BEFORE GETTING OUT OF RANGE IF ABLE.

The Government Criticized For Omitting to Provide Means For Assisting Hawker in His Flight Across the Atlantic.

(Canadian Press Despatch.) London, May 20.—All reports that Aviator Harry Hawker and Lieut. MacKenzie Grieve have been sighted off the coast of Ireland, or that their airplane in which they made an attempt to fly across the Atlantic has fallen into the sea off the estuary of the river Shannon, are unconfirmed this morning. The only exact news received here from the daring fliers is that they left St. John's on Sunday. In view of the Admiralty's statement that the reports current yesterday afternoon and last night were unreliable, and because of the obscurity surrounding the source of those reports, they are now regarded as negligible.

The opinion held in Admiralty circles is that Hawker came to grief soon after he started. It is pointed out that the aviator almost certainly would have sent a farewell message before getting out of radio range, had an accident not befallen him in the meantime.

In the House of Commons last night Josiah C. Wedgwood and other members severely criticized the government for omitting to provide means for assisting Hawker in his flight across the Atlantic. Capt. Elliott declared the country would hold that the government had been lamentably remiss and desperately careless of the honor of the country "and the life of a gallant gentleman."

Another Flight to Come. (Canadian Press Despatch.) St. John's, Nfld., May 20.—With the result of Hawker's endeavors in doubt plans for another race began to develop similar to that for which Hawker and Frederick P. Raynham were lined up here longer than a month. Alcott and Brown of the Vany bombing plane, which is due to arrive here to-morrow, announce that this flight for Ireland would be undertaken with the coming of the next full moon. Alcott to-day wired Vice-Admiral Kerr at Harbor Grace for permission to use the flying field of the Handley Page plane now assembling there for a "take off."

Alcott said he would fly from St. John's to Harbor Grace and there would start with a full load on his trans-Atlantic journey. The Handley Page will be ready at the same time in the opinion of Admiral Kerr, and the race for what may still prove to be the first crossing is expected to result. Meanwhile the \$50,000 prize offered by the London Daily Mail apparently is still open to competition.

Another employee was wounded, and one of the robbers was shot.

Terms Unacceptable.

(Canadian Press Despatch.) Copenhagen, May 20.—The conference of German political leaders and German peace delegates at Spa on Sunday agreed that the peace terms were unacceptable, according to the German semi-official statement, and that Germany will leave no stone unturned in an attempt to find a practicable basis of peace which takes into account our opponent's justifiable demands and these capable of being borne and carried out by the German people.

James Reid's motor ambulance was summoned and Mr. Guess was removed to the General Hospital, where it was found that his leg was broken.

Sees His Name on Roll of Dead.

(Canadian Press Despatch.) St. Catharines, May 20.—When Sigiswald Jack Sexton of the 42nd Canadian Overseas Battalion visited a school in England, which he attended twenty years ago, he found his name on the honor roll of the dead. Yesterday he sprang a surprise equally as great upon his father in this city by slipping into the house unheralded and unannounced after nearly four years' service.

The U.S. President's Address to Congress Cabled From Paris—Too Premature to Talk of Peace Matters.

AMERICANS, AUSTRALIANS AND NEW ZEALANDERS ARE ALSO REPORTED RESTIVE—THREE OF THE CANADIAN SAILINGS HAVE BEEN POSTPONED UNTIL JUNE.

(Canadian Press Despatch.) Washington, May 20.—President Wilson, in his message to congress to-day, recommended the repeal of the war-time prohibition law, so far as it applies to wine and beer only; announced definitely that the rail systems and telegraph and telephone lines would be returned to private ownership; urged a revision of war taxes and outlined generally a programme respecting labor. These were the "high spots" of the president's message cabled from Paris.

MORE CANADIAN CAMP UNREST

Minor Outbreaks and Demonstrations Because of Delays in Sailings.

THE UNREST IS UNIVERSAL

AMERICANS, AUSTRALIANS AND NEW ZEALANDERS

ARE ALSO REPORTED RESTIVE—THREE OF THE CANADIAN SAILINGS HAVE BEEN POSTPONED UNTIL JUNE.

(Canadian Press Despatch.) London, May 20.—Every Canadian camp in England has now been affected by the wave of unrest which has passed over the Dominion solidly owing to delays in demobilization. Reports just arrived tell of minor disturbances at Buxton, the discharge depot, as a result of which two trouble-makers were arrested, while there have been demonstrations at Shorncliffe, where certain hospital cases have objected to the C.A.M.C. restrictions. The cavalry at Bramshott have also shown signs of unrest, but there have been no serious outbreaks anywhere since the Seaford and Witley incidents.

FOR MAY THE SAILINGS OF CANADIAN TROOPS ARE VERY HEAVY, BUT THE SAILINGS OF THE BELGIC, MAURETANIA AND ADRIATIC HAVE BEEN POSTPONED UNTIL JUNE.

By the end of May it is estimated by General Turner that 182,000 troops will have returned. It is understood the Canadian authorities recently objected strongly to the Ministry of Shipping regarding the delays as a result of which the Mauretania and Aquitania were secured, and there were fewer postponements of other sailings.

Lieut.-Col. Raymond Colhinsshaw's Canadian Flying Squadron expects to start for southern Russia about May 20th.

PLAN GIGANTIC LABOR UPHEAVAL

The Strike Situation in Winnipeg is Still Unchanged.

TWO CABINET MINISTERS HAVE LEFT FOR WINNIPEG TO VIEW CONDITIONS.

(Canadian Press Despatch.) Winnipeg, May 20.—The strike situation is unchanged. So far no serious disturbances have been reported.

CONDITIONS ARE BAD IN BRITISH COLUMBIA.

(Canadian Press Despatch.) Vancouver, May 20.—The strike situation is unchanged. So far no serious disturbances have been reported.

OTAWA, MAY 20.—THE MINISTER OF LABOR AND THE MINISTER OF THE INTERIOR HAVE LEFT FOR WINNIPEG.

Ottawa, May 20.—The Government last night received a communication from British Columbia intimating that the situation in the Pacific province is very bad. Serious strike complications are feared.

NIAGARA FALLS, MAY 20.—THE TRADES AND LABOR FEDERATION PREDICT A TIP OF THE ENTIRE HYDRO-ELECTRIC SYSTEM UNLESS AN EIGHT-HOUR DAY AND AN INCREASE IN WAGES ARE AGREED UPON BY WEDNESDAY.

FORT WILLIAM, MAY 20.—IT IS A CURRENT REPORT IN WINNIPEG THAT 125 I.W.W.'S ARRIVED THERE FROM THE UNITED STATES LAST WEEK AND ARE NOW HELPING THE STRIKE COMMITTEE.

On Saturday night a raid was made on the Canada Bread Company and thousands of loaves of bread were seized. Some hundreds were destroyed. Drivers taking milk to Grace Hospital and the Tuxedo Soldiers' Home were mobbed Sunday morning. The strike committee is making no effort to settle with the heads of the iron works, and this leads to the belief that this Winnipeg strike is a long contemplated one to start a social revolution in Canada with the end no one has ever dreamed of.

Gen. Ketchen is confident that he has sufficient troops loyal to him who will cope with the situation. If the worst comes, mounted police have been supplied with cartridges and are now in barracks here. There are 3,000 troops here, but there are 20,000 returned soldiers who are deeply in sympathy with the strike movement.

THE ITALIAN DELEGATES ARE DISPLEASED AT "OVERSYMPATHY" FOR VIENNESE.

(Canadian Press Despatch.) St. Germain, May 20.—The Austrian plenipotentiaries have passed another quiet day. There was only one conference, a meeting to discuss the financial and food provisions for Austria with M. Chevalon of Paris and representatives of the Netherlands Bank, who, with Italian and British associates, represented France when the negotiations were instituted several weeks ago at Vienna. The matters discussed had nothing to do with the peace treaty.

There is considerable dissatisfaction over the tender treatment accorded to Dr. Renner and his associates among both residents of St. Germain and the Italian delegation here. The former object that as both the elevator and the flight of steps leading down the steep slope of the village of pecc in the Seine valley are in the Austrian inclosure, they are forced to make a detour of two or three miles to reach the village where many of them are employed in the factories located there.

The Italians complain that the French press have been oversympathetic to the visitors from Vienna, who, in Italian eyes, are quite as dangerous and untrustworthy as the Germans.

It is rumored that the Prince of Wales may marry a daughter of the Earl of Lovelace.

SCOURING SEA FOR AVIATORS

Hawker and Grieve Had Not Been Found on Tuesday Morning.

HAWKER'S WIFE WAITED FOR HER DARING HUSBAND AT BROOKLANDS, ENGLAND.

(Canadian Press Despatch.) London, May 20.—Admiralty quarters at Queenstown at 11.15 o'clock last night denied receiving a wireless from Castletown station saying Hawker's machine had landed forty miles west of the mouth of the Shannon river. The destroyers are scouring the sea in an effort to locate the airmen.

Hawker's Wife Awaited Him.

(Canadian Press Despatch.) Brooklands, England, May 20.—The reports received yesterday afternoon that Harry G. Hawker, who flew from Newfoundland in his Sopwith airplane, had been sighted off Ireland, were received with the greatest enthusiasm here, where the Sopwith headquarters are located.

So confident were Hawker's friends that he would succeed in his trans-Atlantic flight that as soon as his departure was announced arrangements were made for his reception. Mrs. Hawker, wife of the aviator, and her little daughter, were among the many who came to Brooklands in the afternoon in anticipation, as it was known to Mrs. Hawker that her husband intended to make directly for the Brooklands airfield if he found it possible.

Weather No Better Than Before.

(Canadian Press Despatch.) St. John's, Nfld., May 20.—Capt. Frederick P. Raynham, whose attempt to join Hawker in his dash for non-stop honors and make a race of it, met with an accident, was able to drive his automobile away from his hangar, but Captain Morgan, his navigator, was more seriously injured, his face being pierced three deep cuts which required several stitches to close.

The Martinsyde plane is practically a wreck. Examination of the wreckage showed that the machine is out of the running for the trans-Atlantic prize.

The flight by Hawker will not mark the last of the trans-Atlantic attempts to be made from this port. Vice-Admiral Mark Kerr before returning to Harbor Grace, where the giant Handley-Page planes are being assembled, said that his expedition would make the trip in the interests of science.

For six weeks Hawker and Grieve had been waiting for favorable weather. The conditions Sunday were no better than they have been frequently during the six weeks, but Hawker was determined to start, and make an eleventh hour dash to beat the American seaplanes to Europe.

Airplanes Cannot Search.

(Canadian Press Despatch.) London, May 20.—The weather is so bad off the coast of Ireland that the airplanes, ordered by the Admiralty to search for Aviator Harry G. Hawker's machine, are unable to fly. There were strong south-east winds, and rain fell at intervals during the night. All communication centres in London are silent as to news from Hawker and Lieut. Commander Grieve, even the rumors which prevailed yesterday and last night have died out.

Set Out For Ponta Del Gada.

(Canadian Press Despatch.) Ponta Del Gada, May 20.—Seaplane NC-4 started for Ponta Del Gada, Azores, at 12.40 p.m. today, Greenwich meridian time. The weather was clear and the wind favorable.

WHEN THE TREATY MAY BE SIGNED.

(Canadian Press Despatch.) New York, May 20.—The Associated Press this morning issued the following: The treaty of peace may not be signed until some time near the middle of June, according to advices from Paris. It will probably be known by June 30th, however, whether the Germans will accept or reject the terms of the Allies.
