GREAT INTEREST TAKEN INCIDENTS OF THE DAY

IN THE ATLANTIC FLIGHT BY HARRY HAWKER.

Report That He Had Landed Afterwards Proved to be Unfounded—Whig Received Numerous Enquiries.

On Monday afternoon and evening the editorial offices of the Whig were the centre of news distribution concerning the progress of Harry Hawker's flight. Seldom has an event been watched with such keen interest in Kingston and the wishes of Kingstonians followed the young Australian in his flight. "We don't want them there any more to put it over us," remarked one man "or they'll crow for the next generation." The telephone rang incessantly and a special service to answer questions regarding the flight was kept up until after ten o'clock. A flash report was received by the Whig just at press time on Monday that Hawker had safely arrived, but it afterwards proved to be unfounded. The report was also received at the Parliament buildings in Ottawa, according to an announcement made by the acting prime minister, Sir Thomas White, and he dispatched a letter of congratulation to Mr. Hawker and his pilot.

There was great disappointment when it was announced that Hawker had been forced to descend. The late despatch said that Hawker had been forced to land in the sea and one gentleman asked the Whig the poser of the day, "How could Hawker land in the sea? He could land on the land or sea in the sea, but I don't see how he could land in the sea." The answer will have to be left to experts in the English language.

When it was announced on Tuesday morning that Hawker was missing and that the sea was being searched for him, there was great regret expressed. Kingston sympathies were with Hawker and everyone hoped that he would be found. It was said that considerable money was put up on the flight and the odds were in favor of a successful landing by Hawker.

Y.W.C.A. ANNUAL MEETING

WAS HELD AT HEADQUARTERS ON MONDAY EVENING.

Splendid Reports Received of the Year's Work—A Money Balance Reported—A Swimming Tank Needed.

The annual report of the Young Women's Christian Association was held at the residence on Monday evening. There was a large attendance of persons interested in the welfare of the association, who listened to the reports on the various activities of the year. The reports were read by the secretaries of the girls clubs such as the business girl's club, the factory girl's club, etc. These clubs were formed for recreation as well as to help others. The Bible classes were also represented. These reports showed that the clubs were doing good Christian work and affording opportunity for those belonging to them to appreciate the value of the institution.

The financial report showed that the total amount of money used was \$7,000, and that the balance at the end of the year was on the right side. In this connection it was pointed out that the management of the residence had been very good. It had not only paid for itself but helped out other departments. It was impossible to accommodate all applicants for rooms in the summer and the camp at Dead Man's Bay enabled the association to give much pleasure to a large number of girls, but it was evident that something more should be done to enlarge the camp and this will be done in time for the hot weather.

The question of a gymnasium with a swimming tank was dealt with and a committee was appointed to solicit subscriptions. The first subscription was received during the meeting. A splendid musical programme was rendered during the evening. Those contributing were Miss Barrels, Vivian selections; Miss Foster, solo; the Misses Posselwaite, piano solo and recitation.

MADE PRESENTATIONS.

To Three Retiring Members of the Penitentiary Staff. Just recently the penitentiary staff lost three valued members. James Bennett, shoemaker instructor, W. W. Cook and Harold Grant, guards. The three men are held in high esteem by their colleagues on the staff, and the latter, in order to show their appreciation, presented each with a purse of money, each gift being accompanied by an address, which bespoke of the esteem in which the men are held.

Messrs Cook and Bennett are retiring owing to ill-health, and it is the wish of every member of the staff that their health will improve as a result of the rest they will have after many years of faithful and honorable service.

Getting Racers Ready. The horsemen are training their pacers for the great event on June 3rd, and on Monday evening Earl Eves set the pace when he took the mount behind Alvera. A couple of hot milks were made and the few spectators held their breath as he tore around. Some surprises are on the programme for the big day.

A Forceful Preacher. The Toronto Globe says: "Rev. R. J. Wilson, D.D., Chairman of the church, Kingston, occupied the pulpit at both services in St. Andrew's church, King street, yesterday. Dr. Wilson is a forceful preacher, with a strong personality and a searching message."

Millinery Opening. George Mills & Co. announce for to-morrow their formal summer millinery opening.

LAKE YACHT RACING MEET.

Revival of Sailing After Lapse During the War. The annual meeting of the Lake Yacht Racing Association was held Saturday afternoon at Toronto with Judge Reeves, commodore of the Watertown Yacht Club, presiding. A committee was appointed to arrange if possible the details of a point to point cruising race. The suggestion is that the yachts would start at Toronto, race to Hamilton, run the next day to Rochester, from there to Oswego, to Kingston and back to Toronto. The secretary has been instructed to write to all the yachting clubs.

The following officers were elected:— President, Commodore Vila, Royal Hamilton Y.C.; Vice-President, Norman-Gooderham, R.C.Y.C.; Secretary, J. D. McWilliams, R.C.Y.C.; Acting Secretary, M. A. Kennedy; Council, the above officers and commodores of the various clubs affiliated with the association.
