1919 Indian

On account of the U.S. government taking over the plant of the Indian motorcycle this is the first machine we have been able to secure, so come in and look it over and leave your order as we can't get many this year.

Over 60% of the motorcycles used by the U.S. Army in France were INDIANS

If it stood the government tests and is good enough in those shell holes and bad roads it ought to be good enough for us.

INDIAN BICYCLES

And the good old Indian bicycles are made in the same factory as the famous motorcycles, and will stand the test of bicycle riders.

IT SEEMS THAT

There will be a bicycle meet in Kingston on Labor Day which occurs on September 1st. The labor men in the city are planning for a big celebration on that day and Harvey Milne has consented to arrange a bicycle meet. Definite plans have not been made but it is anticipated that a splendid meet will be held.

Kingston may have "Ruby" Millan, Jimmie and Charlie Stewart here during the summer. They received their degrees as dental surgeons on Friday night and are now with their parents. Definite plans have not yet been made as to what they will do in the summer.

The local bowlers are going to have a great season from all accounts. The healthy increase in membership is most encouraging, and it may be necessary to start another club if the numbers of those desiring admission increases. Already the Queen's rink is cramped for room and an auxiliary rink would be a great boon.

Mayor Newman will have to give up his bowling and Dr. Sands his work if the little town of Kitchener is not to heat out old Kingston.

At Kitchener the following Canadian team is to play in a series of

Every Woman's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them!

But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy.

The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood.

Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength.

Many a woman who has allowed herself to run-down, to develop that tired, worried look has built up again in this simple way. Why don't you try it?

At the close of every meal, just take two small chocolate-coated Ferreroze Tablets—any person can do this in a minute. The action of Ferreroze is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again.

Ferreroze puts you on the right road—the one leading to health.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferreroze.

As a tonic and restorative, as a health-bringer and body-builder, Ferreroze is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Ferreroze yourself, sold everywhere, 50¢ per box, 6 boxes for \$2.50.

Charlie Mason, the most experienced fancier and judge on the continent—if not in the world—will act as all-rounder. Mr. Twigg may go down for a day or two to look over the exhibits.

CANADIAN RACING TO START JULY 1st

The uncertainty regarding the resumption of racing in Canada had taken some edge off the King's Plate race, but from now on interest will revive. The Ontario Jockey Club is trying to ascertain at Ottawa on what information Hon. Mr. Meighen based his statement that racing would not be proclaimed in Great Britain until August.

The intention now is to race just as soon as the proclamation is issued in the following order: Windsor, Kenilworth, Fort Erie, Hamilton, Connaught Park, Blue Bonnets, Dorval and Woodbine, one meeting of seven days each. This arrangement was based on the expectation that racing would resume July 1st.

BOWLERS' PALMS ARE ITCHING

A successful season for the bowlers is anticipated by the officers of Queen's Bowling Club, and plans are being made to have as interesting competitions as possible.

The schedules are now in the hands of the printers and the games will commence on June 4th. Twenty rinks have been formed, and there is considerable increase in the number of membership of the club.

Last year there were eighteen rinks played, and now there are eight or ten men on the waiting list who will substitute. At the present time there are over eighty active members in the club, and there is some apprehension lest the grounds at Queen's University prove inadequate. However, as they cannot be enlarged, an effort is being made to accommodate all the teams and it is expected that the games will be satisfactory.

No tournaments have been announced, but four rinks will likely go to Ottawa and Prescott to represent the local club at tournaments during the summer. Already the bowlers' palms are itching to start the games, and it is possible that practice may begin as early as the 24th of May.

Oral Betting Prevails.

There will be no change in the enforcement of the laws against bookmaking at the New York tracks this year. The same condition of oral betting will prevail at Jamaica. The law which prohibits the public display of odds and the handing of cash, will be obeyed to the letter. There will be private speculation on credit and bettors will be permitted to write the terms of their wagers on slips of paper. But there will be no organized betting privileges and the operations of professionals will be curtailed as much as possible.

Racing in the Empire state can be successfully conducted without open bookmaking and public betting. This fact has been demonstrated ever since 1913, when the New York tracks were re-opened on the present conservative basis.

A cool, clean shave for 1/5 of a cent!

A cool, clean, satiny shave for 1/5 of a cent—think of it! At least 500 shaves are obtained from 12 Auto-Stop blades, and you often get more than that.

A turn or two on the strip and your Razor is ready. After shaving you press a little lever, put the blade under the tap, wipe it off, and it is ready for the next shave.

There is no need to take the razor to pieces and assemble it again; simply leave the blade where it is from start to finish. This means time saved in the morning rush—and a razor blade that's good for about six weeks' clean, cool shaves. There's nothing to learn about the Auto-Stop Razor. A man takes as naturally to it as a duck to water, and he gets head-barber results from the start.

The Auto-Stop Razor is sold with a money-back guarantee. Everywhere—razor, strip and 12 blades, complete, in an attractive case, \$5.00.
