Royal Cord
A Dominion Tire
The Tires for Distinguished Cars

THEY are handsome tires, with their grey-black and white exterior and black tread. They look distinguished, in keeping with stately limousines and expensive touring cars.

There is also the luxury of easier riding, because "ROYAL CORD" Tires require less air pressure.

There is the additional luxury of greater safety in the freedom from puncture and blow-outs, due to the enormous strength and flexibility of the tires.

"ROYAL CORD" TIRES are made of tens of thousands of slender cords in many compact layers; each cord and each layer laid parallel to one another; and each imbedded in pure rubber, and bringing its individual strength to the sum total of power and resistance.

"ROYAL CORD" TIRES are undoubtedly the most economical tires for heavy cars when added safety, increased comfort and extra mileage are considered.

You can get DOMINION INNER TUBES to fit "ROYAL CORD" Tires, built with the same care as "ROYAL CORD" Tires.

When you choose a DOMINION Tire fitted with a Dominion Inner Tube, you have a tire perfectly balanced and a warranty for perfect satisfaction and service.

DOMINION Inner Tubes cost no more than ordinary tubes.

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

103 BOTTLES IN CISTERN.

What Inspector Arnott Found in Trenton on Friday.

Belleville, May 27.—License Inspector Arnott visited a house at Trenton and made a search for liquor, with the result that he made a considerable haul. He was informed by the woman in charge that she was not aware of any liquor being about the place. A cistern containing about a foot of water was uncovered and a trunk and two valises were found. These receptacles contained no less than 103 bottles of G. & W. Special, which the inspector confiscated. Owing to the material in the valises not being water proof they fell apart and a few bottles were broken. The liquor was placed in safe keeping. Later the man of the house arrived upon the scene and he also denied knowledge of the liquor. An information will be laid against the occupants of the premises under the Ontario Temperance Act, and the case will later be investigated by the police magistrate at Trenton.

Many a good resolution has been shattered by a single "smile."

SUEZ CANAL STRIKE.

All Workers at Port Said Affected Reports Allenby.

London, May 27.—Right Hon. C. Harmsworth, Under Secretary for Foreign Affairs, stated in the House of Commons that General Allenby had reported that a strike of employees of the Suez Canal Company broke out on the 13th of May and that subsequently all the workers at Port Said had struck. The strike had now spread to Suez. In view of its vital importance, said Mr. Harmsworth, the Suez Canal service must be maintained, and this is now being assured with naval and military assistance.

Country Estates Under Hammer.

London, May 27.—A number of the big country estates with which England abounds are going under the auctioneer's hammer, judging from the advertising pages of real estate journals. One advertisement of a country house for sale says the house contains fifty bedrooms. Old timers are sadly asking whether the "fifty bedrooms" scale of entertaining will ever be seen again.

Llewelyn Roberts of Clarence square, Toronto, and formerly of St. Catharines, was found on the Island shore with his throat cut.

Col. W. A. Bishop, V.C., has been ordered by his doctor to take a complete rest.

Save Difference in Price First Year

Some people hesitate in buying a Reo because it is a little higher in price. Perhaps so. But it is worth every cent of the difference.

It's worth the difference alone, from the standpoint of reliability. You can depend on it to get you there and bring you back.

And again you will save the difference in repair bills in the first year's driving. Something you can't do with a cheaper car.
