

# Lawn Mowers Sharpened

There is a great difference in the way lawn mowers are sharpened. Only experts should be allowed to put your mower in proper running shape.

### JUST THINK

What a lawn mower has to stand and the rough ground it has to go over. Give your mower a chance; have it overhauled now.

### ONLY EXPERTS

Touch your mower when it comes to us. And we make it cut grass properly, (not stones and bones.)

# Bicycles Repaired

We give you the best service in repairs that you have ever had. Bicycles repaired the day they are left.

# Tires, Tubes

Bells, chains. Everything for your bicycle. If you haven't got a bicycle you should have.

Some men are candidates for office because they can't help it—and some because the people can't help it. The average woman doesn't believe in equality of the sexes; she thinks she is a little more than equal.

## IT SEEMS THAT

The City League is going ahead to make arrangements for the junior games. There seems to be no reason why several good teams should not be entered in the league. Both the Collegiate Institute and Public Schools are carrying on a league from which good material might be drawn later on. Fans would be glad to see the youngsters given a chance to show their ability. The entry list will be kept open for a few days to permit the boys' organizations to decide whether they will enter the league.

The Y.M.C.A. is going to have a bicycle hike to Kingston Mills next Saturday morning. A good time is expected and among those who have signed up already are E. Batten, G. W. Young, Donny Morgan and A. M. Germain. A good sized party is expected to take part in the outing which is the first that has been held in Kingston for some time.

Joe is saying that it is nearly time that some of Kingston's successful business men should take an interest in home sports. There are all too few men like the late lamented "Jock" Hart.

Arrangements are being made for a local bowling tournament of Queen's green on Tuesday, June 3rd. The regular schedule begins on June 4th.

Dempsey and Willard aren't training as hard as the would-be champions in the old days did. Perhaps there are more attractions now.

The celebration at the Fair Grounds on June 3rd is going to be some "bumdinger." Additional entries which have been made are: Golden Rex, 2.12; Frank Larush, Hull; Dick Bison, 2.18; George Powell, Belleville; Dolly Patch, 2.30; Dr. David R. Benson, Belleville; Ellis Pointer, 2.16; Tom Ellis, Chesterville; Gusto the Great, 2.50; Proctor Griffin, Brockville.

Laura Pointer stepped a quarter of a mile in 36 seconds the other night at the Fair Grounds.

Paust Patch touched the mile in 2.35. The railbirds are keeping their gleamers on the steeds as they slip around.

G. Esford is confident of getting some pickings for his artists when the ball games start in earnest. He

says he has the best bunch that he has ever gathered together.

M. S. Grace, honorary president of the driving club, may be invited to act as official starter at the races on June 3rd. He is well qualified for the position.

Y.I.C.B.A. are right on the trail of teams that are willing to play exhibition games. To-night the Vocational Training School are scheduled to clash with the Irishmen and arrangements are being made to meet a picked team from K.C.I. at a convenient date.

The boys at the Collegiate Institute are taking a great deal of interest in sport. Besides the regular team a picked team will represent the institution at exhibition games. No definite word has yet been received but A. E. Thompson, a former teacher at K.C.I., now in Brockville, is arranging a game between the Brockville High School and the local scholars on the King's Birthday in the river town. The local collegians are getting lots of practice and should give account of themselves if they get the chance to meet the Brockvillians.

### Manager Hammond Asks "Who Has the Suits?"

"The suits, the suits, who has the suits?" asks W. Hammond, manager of the justly famous Young Irishmen. The aggregation expects to show up at the Cricket Field for their first game in a little over a week. But alas! they have no suits. Manager Hammond claims he loaned them to some of the aspiring "big leaguers" at Portsmouth but they were never returned. Consequently everyone is looking for togs and the Hatter's Bay boys will be asked to send back the uniforms they borrowed.

### CLEANED UP ON FORM II.

K.C.I. Third Formers Pulled Sensational Win on Wednesday. Form III of K.C.I. pitched a tent over Form II in a regular game of the schedule played at the Cricket Field on Wednesday afternoon and the score was unimpeachable. The youngsters were in fine trim for the performance but the final curtain was entirely unsuspected. G. H. Smith handled the game satisfactorily.

The teams:  
Form III—Sugel, p; F. Morris, ss; Brennan, cf; Hunter, c; Lyons, rf; Wilkinson, 3b; Cliffe, lf; Moore, lb; B. Morris, 2b.  
Form II—Wilson, c; Douglas, p; Hooper, 3b; Nicholson, lf; Derry, 1b; Ralph, 2b; Hughes, cf; Gardiner, rf; Marsh, ss.

## THINGS THAT NEVER HAPPEN

### C. L. C. Ball Team May Not Organize

It is quite improbable that the Canadian Locomotive Co. workmen will not organize a baseball team for this season. The death of ex-President J. J. Hartly struck the works pretty hard, and for that reason it is probable that no C.L.C. team will grace the diamond during the season. The strike has also dislocated any arrangements that might have been made for organization of a team, and players will likely be absorbed into other local teams.

### REVIVE POLO IN ENGLAND.

Hurlingham Club Preparing for the Opening Match This Month.

Indications point to a revival of polo in England where it has been inactive since the outbreak of the war. Hurlingham is being made ready for the reopening of the season.

The opening contest will be for the Social Club's Cup followed by the Whitney Cup ties, beginning simultaneously at Hurlingham and Rochampton, with the finals at Hurlingham on May 31st. The championship cup last won by Walter Buckmaster's famous Cantabs, will be played for during the third week in June. The interregional tournament, June 23rd to July 5, will conclude the season.

### KAHANAMOKU HAS RIVAL.

Kelli, a Countryman, to Swim Against Famous Duke.

John Kelli, a Honolulu swimmer, is now regarded as a possible successor to the famous Duke P. Kahanamoku. In practice Kelli has shown ability which has set his Hawaiian friends to matching his speed against that of his famous countryman. The two will probably clash this month, when the first important swimming carnival of the Hawaiian season will be held in Honolulu harbor.

### Does Not Underrate Dempsey.

"I am not underrating Jack Dempsey," said Jess Willard in discussing his coming battle at Toledo. "There is too much at stake for me to take a chance with him. I have him dogged out as a rushing batter, and quite a boxer, who is able to take advantage of every opening and to shoot in and knock a man out with either hand.

"I know only too well that I can punch hard enough to stop Dempsey or any living man. My hitting power is greater than ever it was, and there isn't a suspicion of muscle-binding anywhere. "And I can absorb punishment, too. Johnson hit me some awful cracks in that battle, but didn't stop me for a second. In fact, neither Johnson nor the crowd knew that I was hurt at all during those twenty-six rounds. I feel sure that Dempsey won't damage me as much as the 'Big Smoke' did, but even if he does, he won't have the satisfaction of seeing me give any sign of it."

### Most Representative Athletic Meet.

The first meeting of the Advisory Committee of the inter-allied games was held in Paris Monday. The committee is composed of two members of each of the competing countries. Delegates were present from Canada, Australia, Belgium, China, Czechoslovakia, France, Guatemala, Italy, New Zealand, Portugal, Roumania, Serbia, Greece and the Kingdom of Hedjaz.

The various speakers drew a parallel between the comradeship of the trenches and that of the athletic field. At the suggestion of the British colonial representatives, events may be added to the games program. If this suggestion is adopted, these events will include endurance contests and exhibitions of Slavic gymnastics by a hundred picked Serbians.
