HEARD ON THE SIDE

With Old Sol drying up the land, the farmers are now hard at it making up for lost time. They are even observing daylight saving in order to hurry up the work of putting in crops, even though they do not believe in putting on the hands of the clock.

The R.C.H.A. is due to arrive here on Saturday. Let every citizen who has a stock of flags and bunting make good use of the decorations. The brave boys deserve the heartiest welcome.

Already a good many homes have been decorated for the boys of the R.C.H.A. "Welcome" signs are to be seen in front of many of the houses.

To have served sixty-one years in the ministry is certainly a record to be proud of. Canon E. Loucks, who has just completed this long service is to be warmly congratulated.

It takes the Weather Man to speed up the lawn mowers. They have been working overtime in Kingston the past two weeks. Now for greater production, with the change in the weather.

The strikers are not all over yet. With the opening of the baseball leagues here it will be in order for Mr. Ump to call quite a number.

Some of the boys who have been wearing khaki for the past four years are having quite a time breaking into "civvies" again. "It certainly does feel queer to get back into these togs," one young fellow was heard to remark to-day.

My, but isn't it a grand and glorious feeling to wake up these mornings and know there is no fussing to do around a stove or a furnace?

Talking about the increase in prices of foodstuffs cheese is still going strong. All records were broken on Thursday, when it sold at 32.1-14 cents on the Frontenac Board. Twenty-five years ago 5 cents was a big price for cheese.

Imitation may be the sincerest kind of flattery, but more men acquire wealth by doing as they see others do not do.

Many a good resolution has been shattered by a single "smile."

IMPRESSIVE CEREMONIES. Met Similar Fate to That of Miss Cavell.

Brussels, May 31.—The transfer of the body of Gabrielle Petit, a young Belgian woman, whom the Germans executed on a charge of treason, was carried out with impressive ceremonies.

The streets were lined with thousands of spectators, and the city had the appearance of national mourning. Piles of flowers covered the coffin, and troops, patriotic societies and school children followed the cortege to the communal cemetery, where military honors were paid.

Frontier De La Croix and other officials delivered eulogies before the coffin left the Town Hall of Schaerbeek, a suburb.

Mlle. Petit was put to death in 1916.

PEEL CROPS PROMISING. Farmers Report That Growth is Now Rapid and Steady.

Brampton, May 31.—Farmers coming to Brampton speak in a promising manner of the crops. Growth is now rapid and steady. The hay crop is most promising, while the fall wheat is excellent.

No immediate promise is made of a lower price for butter, all farmers questioned agreeing that butter is very scarce. A great deal is being made and sold to city buyers. Some concern is felt in districts where the water lay on the land, that the barley would be scalded, but in the northern part of the county the reports are highly satisfactory. While farmers in the south of Peel say that they got only 50 to 60 per cent. of their crops in, farmers in Alton and Caledon on the lighter land got in all the regular crop.

Millions for defense—and the same amount for prosecution—is the lawyer's motto. It is difficult to court the beasts in the heart of a great city.
