NEW SCHOOL SITE CHOSEN

ON BAGOT STREET BETWEEN DUFFERIN AND CORRIGAN.

Principals Given Power to Dismiss Their School Classes if the Weather Becomes Too Hot For Teaching.

On the recommendation of the property committee, of which Trustee W. H. Godwin is chairman, the Board of Education at a special meeting held on Thursday night approved of plans and specifications for the new ten-room school to be erected in Cataragui ward. On the recommendation of the committee, the board also decided to have the architects call for tenders at once so that the cost of the building can be ascertained as soon as possible.

The site secured for the new school by the property committee is in the block in Cataragui Ward, bounded by Rideau, Bagot, Dufferin and Corrigan streets. The purchase price is to be fixed by arbitration and expropriation if necessary.

The new school will face on Bagot street, and will be thirty feet back from the line, and will be modern in every respect. Just as soon as the cost of the building can be ascertained, the board will ask the city council to provide the necessary money to go on with the work.

The members had the pleasure of welcoming back to the board Mrs. A. Newlands. Mrs. Newlands, it will be remembered, was elected to a seat on the board at the last election, but owing to the fact that she found that she could not be a member while living outside the municipality she resigned. Mrs. Newlands lives just outside of the corporation. One side of the street where her home is located is in the city, and the other side (and Mrs. Newlands just happened to be on this side) is outside of the corporation. However, her services on the board are much appreciated. The city got the legislature to pass a special legislation which gives Mrs. Newlands the right to sit on the board. This legislation was put through recently, and as a result Mrs. Newlands was in her place at the board Thursday night, and the members gave her a warm greeting. Chairman Anglin welcomed her officially, and the chairman's remarks were applauded and brought forth a very modest "thank you" from Mrs. Newlands.

In connection with the erection of the new school, Mrs. Newlands brought forth a most important matter, that of having gas put into the school, so as to prepare for the teaching of domestic science. Mrs. Newlands has in view, and gave it out as a suggestion for the other members, the opening of classes in domestic science for young married women and others. In fact, her scheme is to have the school utilized as a community centre. Her suggestion received hearty support, and the necessary arrangements will be made to provide the school with gas.

Too Hot For Classes.
For the first time in the history of Kingston, the hot weather has been responsible for dismissing classes at the Collegiate Institute and public schools and Old Sol keeps on working overtime. The principals of the various schools are to have the power to dismiss the classes if it is found to be too warm to carry on study.

The matter was brought to the attention of the board by Trustee Godwin, who moved to give the principals this power, and his motion was passed, after it had been seconded by Trustee Campbell.

Trustee Godwin stated that some of the parents had been wondering why the board had not taken action in the matter. He said that some of the teachers and pupils had been ill as a result of staying in the rooms in the sweltering heat. Asked for his opinion on the matter, Inspector Stuart stated that he considered the dismissal of classes suffering from the heat quite proper. He regarded it as cruel to keep scholars in rooms where it was so hot they could not keep their mind on their studies.

Principal E. O. Sifton stated that on Wednesday (which was the day Old Sol did his finest work) he found it necessary to dismiss four classes at 3 p.m. He said that this was the first time in his experience he had found it necessary to dismiss a class on account of warm weather. It would have been cruel to have kept the scholars at their studies in such weather. On Thursday conditions were better and no classes had to be dismissed. This motion, however, does not mean that there will be a wholesale dismissal of classes, as there are some rooms where the heat is not so oppressive as others. There are rooms where the sun does not penetrate so much in as others.

Trustee Macdonald drew attention to the fact that it was very often necessary to dismiss classes owing to cold weather, and times when the heating of a class room could not be regulated, and he did not see any objection to dismissing a class when it was too hot.

THIS AGED WOMAN

Was Made Strong by a Simple Remedy.

The following letter from Mrs. Wells adds another link to the great chain of evidence which proves that there is nothing equal to Vinol to create nervous conditions.

Malone, N. Y.—"I am 84 years of age and got into a feeble, weak and nervous condition so I could not sleep. Vinol has not only built up my strength, but it has given me a good appetite and I sleep all right now."—Mrs. S. B. Wells.

We strongly recommend it. Malwood's Drug store and at the best drug store in every town and city in the country.

at the meeting, and the other members present were: W. Campbell, Isaac Cohen, W. H. Godwin, Allan Lemmon, J. F. Macdonald, T. W. Mills, Miss E. G. Mowat, Mrs. A. Newlands, A. W. McLean, W. A. Sawyer and L. C. Lockett.

TARIFF CHANGES ARE ANNOUNCED

(Continued from Page 1.) and industrial development. We must adopt the motto: "Produce and save."

Period of Transition.
In concluding his address Sir Thomas said: "The question which now arises is what shall be our policy in the matter of taxation for the present year. It is a year of great industrial instability and business uncertainty. If the war were still continuing it would be necessary to recommend heavily increased taxation in order that we might pay a substantial portion of the principal of our war expenditure. If it were not for special circumstances arising out of this transitional period from war to peace, that course should be adopted, but we must not do this because we shall have this year so heavy a volume of what is really war expenditure, that is to say, our outlay for demobilization and all that it involves. We must, however, bear specially in mind the anxieties and burdens of the general public at a time of dislocation, unrest and high prices, and endeavor to wisely bridge over this troubled period by giving such measure of relief as may be practicable, having regard to the heavy financial obligations devolving upon us and our national credit in the eyes of the outside world."

"The cost of living in Canada has, in common with all other countries, gradually increased during the war, and is causing hardship to a large portion of our population, especially those of limited means and slender incomes. I am of opinion that for this transitional period we are justified in adopting the policy of reducing only our ordinary expenditure and borrows for our capital and demobilization expenditure."

"In considering the question of reductions and increases in indirect taxation most careful attention must be given to their effect upon established industry and the employment of operatives dependent upon its success for the maintenance of themselves and their families, and upon the domestic trade and commerce which it supports."

METHODIST CONFERENCE

The Chairmen and Secretaries of Districts Named.

At the Montreal Methodist Conference the following chairmen and secretaries of districts, respectively, were elected: Montreal, Rev. E. I. Hays, D. D., Rev. J. H. McConnell; Matilda, Rev. J. H. Miller, Rev. J. B. Hicks; Brockville, Rev. W. A. Hamilton, Rev. T. J. Vickery; Kingston, Rev. J. D. Ellis, Rev. W. T. G. Brown; Perth, Rev. Thomas Brown, Rev. Melvin Taylor, D. D.; Pembroke, Rev. W. H. Boney, Rev. W. H. Stevens; Ottawa, Rev. A. T. Radley, Rev. G. S. Clendinning; Quebec, Rev. T. P. Perry, Rev. Johnson Sellar; Stanstead, Rev. J. L. Hughes, Rev. A. T. Jones; Waterloo, Rev. P. Porigan, Rev. James Peets.

Rev. George Stafford has been appointed to Sydenham succeeding Rev. F. A. Read, who goes to Waterloo.

PUPILS SUSPENDED

For Endeavoring to Kidnap Officer in Cadet Corps.

Three boys attending the Collegiate Institute have been suspended and one expelled for misconduct. It is charged that they endeavored to carry out a scheme to kidnap one of the officers of the cadet corps on Friday afternoon when an inspection of the corps was about to be made. The plan, so it is reported, was to get the officer in question away in an automobile with the idea of having the inspection called off. They were not able to pull off the "stunt," however, and as a result of the episode three of the boys have been suspended for two weeks and the other has been expelled.

We have them all in great variety, and priced to suit you. See our special raincoats at \$12; spring overcoats at \$15, \$20, \$25, \$30, \$35, \$40, \$45, \$50, \$55, \$60, \$65, \$70, \$75, \$80, \$85, \$90, \$95, \$100. Your inspection is invited.

COCONUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain, mulsified coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

THOMAS COPLEY Telephone 987

Nothing done in the carpentry line. Estimates given on all kinds of repairs and new work; also hardware stores of all kinds. All orders will receive prompt attention. Shop 4 Queen Street.
