R.M.C. MOUNTED SPORTS

EXCELLENT HORSEMANSHIP SHOWN BY THE CADETS.

The Jumping Was Particularly Good—The Prizes to Be Distributed by the Governor-General Next Monday.

The annual mounted sports took place at the Royal Military College on Saturday afternoon and a very large number of visitors was present to witness the events as guests of Brig.-Gen. Perreault, commandant of the college. The weather was of the best and no untoward incident marred the pleasure and interest of the occasion. Four marquees had been set up for the use of the visitors and the sports took place within a roped area that was well sodded.

Excellent horsemanship was shown throughout, particularly in the jumping which was pronounced by the most experienced horsemen to be of a high order. This event was divided into three parts, individual jumping, half sections and sections. It was a beautiful sight when they rode up four abreast and cleared the fences together. The riders did their best and it was evident that any irregularity was due to the individual characteristics of the mounts rather than to any deficiency in the riders.

Twenty cadets comprising the senior class took part. They were dressed in puttees, breeches, shirts and felt hats. "A" Company wore khaki shirts and "B" Company white shirts. Major W. F. Ingpen was in charge of the field, assisted by Captain L. D. Gammans, R.F.A., C.E.F., and the judges were Majors Hanson and Lafferty. The first event was the best turned out man and horse and it was won by Lance Corporal Garrett. Sixteen cadets took part in the musical ride. The horses were of uniform size and build and admirably adapted to saddle work. The riders were divided into two parties and in the ride carried out movements similar to those of an old-fashioned square dance. Six cadets rode in the relay race which was won by "B" Company. In this race the horses took the hurdles, climbed the steep embankment of Fort Frederick from the outside and descended the incline on the inside. One animal balked at the embankment but the others did well.

The judges of the jumping were Brig.-Gen. Williams, G.O.C., M.D., No. 3, Lt.-Col. Constantine, D.S.O., Major Lafferty, Captain Roberts, Lieut. Clark, M.C., and Lieut. Brownfield, all of the R.C.H.A. In individual jumping G. C. Belson was awarded first place and G. C. Russell second place. In half sections, G. C. Belson and Corporal Carr-Harris won for "B" Company. In sections, "B" Company also won. The section consisted of G. C. Belson, Corporal Carr-Harris, Serg't Hutson, G. C. Wendler.

In the Lloyd Lindsay race two sections raced from one end of the field to the other, dismounted, knicked half a dozen cans off a fence by throwing stones. "B" Company won by proving better stone throwers.

Musical chairs was an old parlor game played on horseback, and it was admirably calculated to teach the rider the quickest way to get his horse at a given position. D. C. MacDonald was winner. Wrestling on horseback was won by "A" Company after a very exciting contest. The horses behaved well during the tussle and trotted straight for the stable when free from the riders. The tug-of-war mounted presented many amusing sights. It was won by "B" Company's superior combination.

The programme concluded with the Salome race, in which the riders raced around the field, dismounting at short intervals to divest themselves of part of their clothing and finally the saddle. They then turned about and rode back stopping to put on their clothing. G. C. Wright won by a narrow margin.

The prizes will be presented to the winners by His Excellency, the Governor-General on the occasion of his visit to lay the corner stone of the new educational block on June 16th.

Brig.-General Perreault and his staff were highly complimented at the conclusion of the sports upon the horsemanship of the cadets as well as upon the manner in which the many events were carried out.

Among the visitors present were representatives from Queen's Uni-

versity, district headquarters staff, Major General John B. Rutherford, late G.O.C., M.D., No. 8, Col. G. Hunter Ogilvie, and many other officers.

SERVICE FOR CHILDREN

HELD IN CHALMERS' CHURCH SUNDAY MORNING.

A Missionary From India Speaks In St. James' Church—Rev. H. D. Whitmore In Calvary Church.

A very impressive children's service was held in Chalmers church on Sunday morning when the Sunday school classes occupied the central pews. A children's choir filled the choir loft and the church choir took its place in the two front rows of the gallery. The service of song was a feature. One selection was read by the little ones of the primary department. Rev. Dr. Wilson gave an interesting talk on "Samuel the Prophetic Child," and also held a baptismal service.

In the evening Dr. Wilson preached an admirable sermon from the text "It might have been sold," the remark of the disciple Judas when the woman anointed Jesus with precious ointment. He pointed out that the great things in life, the things that are eternal, cannot be bought. We must receive them as a gift.

Missionary At St. James.

The story of missionary work in India, was told in St. James' church on Sunday evening by Rev. F. S. Ford, missionary at Kongra, who gave a very interesting account of the work undertaken and the progress being made. Rev. Mr. Ford was one of the speakers at the recent meeting of Synod. During the service, Serg't-Major Scott rendered a fine solo.

At Calvary Congregational.

Rev. H. D. Whitmore of Maxville, Que., was the special preacher on Sunday in Calvary church, in the absence of Rev. E. J. McKenzie, the pastor, who was attending the Congregational Union at Hamilton. Mr. Whitmore was pastor of Calvary church for a period of six years and he expressed his pleasure at the opportunity to meet his old friends. The subject of both his sermons was "Materialism," and the present great need for a return to spiritual things. He warned his hearers against the corroding influence of materialism which is at the bottom of much of the distress and unhappiness in the world to-day, and exhorted them to place an abiding faith in the unseen and the spiritual, for here eventually was to be found the solution of all difficulties. This was Christ's great message during his ministry on earth, and amidst all perplexities, disappointments and sorrows it is necessary to turn to Him and worship Him in spirit and in truth.

Holiness Movement Service.

Special evangelist services were held in the Holiness Movement church at both services on Sunday when Evangelist W. J. Tompkins was the preacher. There was a very good attendance of adherents and visitors, and helpful sermons were preached. Special evangelist appeals were heard.

BAY'S NEW HOTEL TO BE BUILT SOON

As Soon as Building Conditions Are Stable—Will Cost \$500,000.

A new summer hotel of the most modern construction, costing approximately \$500,000 and with a shore line of a half mile on the St. Lawrence river at one of the most beautiful points in the Thousand Islands region is to be erected near Alexandria Bay, when business conditions assume some semblance of stability.

A committee of representatives of Alexandria Bay has for some time been in conference with a prominent firm of New York architects, who have prepared the first plans, and it is proposed to put up a fireproof structure of attractive design. It will not be over three stories. At first there will not be over 200 rooms, but the design will be such that without destroying any of its architectural beauty or impairing its safety or convenience.

CHANGES PROPOSED NOW AND IN 1911

The Reciprocity Bill and the Budget Which Has Just Been Enacted.

BROKE HIS FINGER.

Clarence Knight of A.T.S. Injured on Friday Night.

While doing some work with the Vocational Training School team on Friday evening Clarence Knight, who aids in the supervision of their work, had the misfortune to break the third finger on his left hand. He was in the act of catching the ball when his finger was forced back and snapped at the first joint. He now has his arm in a sling and it will be several weeks before he can resume playing the game.

Compiling family trees is an industry subject to more or less graft. Some poets are always a-musing but not necessarily funny.

BORN TO BE—

London Tit-bit.

If you are between the ages of twenty and 30 when your son is born, he should make a good soldier. If you are between 30 and 40, his tastes will incline towards literature and art. If you are between 40 and 50, he will make a good business man or administrator. If you are over 50, his tastes will incline to philosophy and science.

A Rumor Abroad.

There is a rumor abroad that the Frontenac at Round Island may be rebuilt, and that so less prominent and wealthy interests than the Duponts, of Wilmington, Delaware, are back of the proposition.

No man can truly estimate the true value of a woman or a gold mine; but thousands have gone broke trying to find out. A stitch in time may close the mouths of gossip.

BAKER'S COCOANUT

"The Cocoanut With a Tin Shell"

It is juicy, tender and delicious; just fresh cocoanut, nothing added. The rich cocoanut milk in the can accounts for its delicacy and richness of flavor. It saves shortening, and adds flavor.
