LONG IN HOLY CITY

American Resident of Jerusalem for Many Years.

M. M. Whelan First to Welcome British Troops When They Entered—Was Representative There of the Bible Society.

Although it is a year since Allenby's victorious army entered Jerusalem, and the greatest Christian shrine in the world was wrested forever from the clutches of the infidel Turk, one of the most striking episodes of all those that marked that entry has only recently become known.

To Americans this episode is of special interest, since it came as the climax of perhaps the most picturesque of all the many services that have been rendered by the allied nations, and to humanity generally, by individual Americans, from Gerard and Brand Whitlock down, since the beginning of the war.

For nearly three years, or from early in 1915 until the deliverance of Jerusalem in December, 1917, one of the oldest and most famous of British organizations remained in unobtrusive ignorance as to what had become of its "depot" in the Holy City.

In February, 1915, or soon after Turkey threw in her lot with the central powers, the Bible society's depot in Jerusalem, which contained many thousands of volumes, had to be abandoned hastily. The workers there were brought to Egypt on an American warship.

Germany Has Lost Mexican Trade. All the drinking glasses and most of the jewelry sold in the Salinas Cruz district of Mexico are of American manufacture.

But Mr. Brand warns American manufacturers that the goblets and tumblers they ship to Mexico are too small. The tropics are a thirsty climate and Mexicans drink deeply.

New Orleans French. Negro troops from Louisiana have a linguistic advantage over other American soldiers.

Unpatriotic. "Why did you change your boarding house?" "My landlady got too enthusiastic about this food conservation."

Its Meaning. "What is elastic currency, pop?" "It is my Christmas money this year, son. It had to keep stretching to cover everything."

The curiosity of a devilfish in a fresh-water creek, whose only source is a spring, and which has no connection with the Niagara River, was discovered by a Niagara Falls man, Geo. C. Pescock.

"What kind of luck did you have?" "Oh, pot luck, to be sure!"

DESCRIBED. Pa, what is the meaning of the word Bolshevik? That's Russian, for again the government, my boy.

"Do you ever keep any secrets from your husband?" "Do I, oh my! No! I'm so busy finding out the secrets he is trying to keep from me that I have not time for any of my own."

One Tire With All Virtues

Lower Cost Through Great Mileage. Comfort and Freedom from Trouble. Saving of Gasoline and Car.

All the things a tire should be have long been known to the scientists and engineers in the Goodyear organization.

Fourteen years ago they started to develop a tire which would combine every virtue.

The Goodyear Cord Tire as offered to you to-day is the result.

In it are embodied features of construction which give it:

Strength to battle with the road long after cheaper tires have failed.

Suppleness which puts unbelievable smoothness into the riding of your car; saves gasoline; lowers car depreciation; combats tire injuries.

A tread which overcomes skidding and adds to the appearance of your car.

No difference in price can compensate you for the saving Goodyear Cord

Tires bring. One season on them will convince you.
