

Probs: Wednesday, fair and cool.

Store Hours 8.30 to 5 o'Clock Daily, Except Saturday

There's An Old Saying:—

The onlookers see more than the players. Applying this old proverb to this business, always branching out in every direction, naturally we need the help of the "onlookers." We shall be glad to have the best thoughts of our patrons and friends to improve the plans and methods of this store, and will take suggestions not as complaints, but as evidences of good will and co-operation.

Our constant aim is better service!

Beautiful Blouses

Of sheer fine voile and georgette crepe in plain tailored and novelty effects. Many quaint and original ideas in the collar question. Unusual cuffs and dainty embroidery and trimmings—in a broad assortment of color and design.

- Priced from \$1.50 to \$7.50 in voile.
- From \$6.50 to \$18.50 in Georgette.
- From \$2.98 to \$9.50 in Habutai.
- From \$3.95 to \$17.50 in crepe de chene.
- And from \$3.50 to \$15.00 in novelty combinations.

You should see these at your earliest convenience while stocks are complete.

Smart Summer Frocks of Irresistible Loveliness

A broad variety of the most charming New York novelties in light and dark shades of voile, French net, gingham, silk georgette, summer silk, crepe de chene and silks—beautifully developed in the season's most bewitching models.

Priced moderately from \$5.50 on up.

The June Festivities of 1919

After four dreary years of war and sorrow, will outdo any former social event at the Royal Military college. We have prepared specially for the occasion with the most complete stocks of choice evening frocks, lingerie, silk underwear, kid and silk gloves, silk hose, lace brassieres, French tulle and other accessories.

THE NEW TRAFFIC BY-LAW
HAS BEEN PASSED BY THE CITY COUNCIL.

A Mediation Committee Appointed to Try and Effect a Settlement of the Locomotive Works Strike.

Motoring magnates of the city council had a regular love feast when they discussed the technicalities of the roads and incidentally passed with few alterations a traffic by-law submitted by the Kingston Motor Club. Those whose inclinations or pocket-books did not favor the ownership of an automobile sank back for nearly an hour in their leather-upholstered chairs, crossed their legs and smoked very serenely the Tuckett's Preferred which His Worship had thoughtfully provided.

But not so for the motorists, aspiring or experienced.

As if they were bent on winning a race, Aids, Peers, Litton, Graham and other notables leaned forward, laid aside the distractions of the aforesaid cigars and discussed with great vivacity the new traffic rules.

The by-law was allowed to stand as presented, except for the following revisions:

It will not be necessary to throw out the right arm when a turn is being made.

The distance which cars must stand from street corners and by-drains was increased from fifteen to twenty feet.

At the suggestion of Chief Armstrong, parking area is allowed on the north side of Brock street from Sydenham to Bagot streets for unlimited time. The other area changes were to permit parking on west side of Brock from Princess to Brock for an unlimited time and on the west side from Princess to Queen streets only from 7 p.m. to 12 p.m.

Private owners have the right to reserve parking area should they so desire.

The clause dealing with turning right about at street corners was eliminated.

Ald. Chown introduced a clause that street cars shall stop in paved areas before crossing the street in intersection with the front platform in line with the nearest foot crossing of the intersecting street. This means that on paved streets street cars will stop at what is known as the first crossing instead of the second crossing as now. The street railway will probably be requested to paint signs on their poles, "Cars stop here."

Other by-laws passed included a by-law to raise \$20,000 by the issue of debentures for the purchase of an electric pump; a by-law to raise \$77,000 for the purchase of gas purifiers, exhaustor, holder and mains and a by-law for \$7,000 for street lighting.

A petition for a drain on Montreal street was referred to the Board of Works, and a request from Mr. and Mrs. Byron Derbyshire and their daughter, Florence Derbyshire, for exemption from income tax was referred to the finance committee for hearing.

Preference For Veterans.
On a motion of Ald. Stroud, which was introduced with a nice speech, council unanimously voted that "whereas the federal, provincial and municipal governments ap-

preciate the service rendered by the soldiers overseas and it is the avowed policy of the federal and provincial governments, we, the city council of Kingston, are resolved that, in filling appointments under our jurisdiction preference be given to the application of the returned soldiers providing his qualifications are such as to warrant the appointment." Council was addressed by H. A. Jarvis, field secretary, who pointed out just what the war veterans expected.

Communications Read.
The following communications were read:

Board of Health, recommending that a grant of \$25 be given towards expenses of a public health exhibit at the Kingston fair this fall.

R. J. Gardiner, asking for permission to go to steps to house on Wellington street.

L. N. Armstrong, concerning claim for damages to automobile.

A. C. Parkin, concerning claim for breaking motor cycle.

Kingston Automobile club, concerning roads bill.

R. McDonald, concerning condition of board walk on east side Pembroke street.

S. A. Caldwell, concerning claim for damages on account of flooding of cellar.

T. J. Rigney, for Mrs. Thomas Kane, concerning claim for damages on account of flooding of cellar.

S. G. Turpin, asking for opening of a street through Cherry street and Patrick street.

James Maxwell, asking the price of city's lot on Pembroke street south of Union street.

John Abbot and others, asking for light between station gate and city limits.

S. G. Turpin and others, concerning changing name of Stephen street.

Appropriation for Concerts.
There was no opposition to the proposal of Ald. Graham that the Salvation Army band provide eight band concerts to begin in the month of June and that the sum of \$400 be appropriated for the purpose. The mayor thought that the R.C.H.A. should provide some of the concerts but Ald. Graham believed the faithfulness of the Salvationists in meeting all troop trains should be remembered and his motion was carried. Ald. Jones wanted a concert in Frontenac Park but his amendment was squelched.

Tenders for Paving.
Ald. Graham reviewed the projected paving work of the Board of Works and stated that it would not be possible for the civic plant to do all the work. Ald. Peters suggested two day shifts owing to the length of the days but Ald. Graham pointed out that there was some difficulty in securing gravel. Accordingly it was decided that tenders would be called for the paving of Princess street from Division to Alfred streets, Barrie from Princess to Ordinance, West street from Wellington to King street, King street from William to Barrie streets, and Stuart street from Barrie to Albert. This will be asphalt pavement on concrete foundation.

Mediation Committee Appointed.
On motion of Ald. Simmons a committee comprising Mayor Newman, W. F. Nickle, M.P., and J. M. Campbell was appointed to act in view of the possibility of effecting an adjustment in the strained conditions between the Canadian Locomotive Co. and its employees. The committee will be ready to do anything to bring the parties together.

Ald. Peters suggested that the Prince of Wales be invited by council to come to the city and it was agreed that this should be done.

W. H. Sinn was appointed to sign the payroll and other necessary documents during City Engineer McClelland's absence and the salary of W. F. Noonan will revert to May 5th and that of Mr. Sinn to May 12th. Every effort is being made to secure the speedy return of Howard Dick, assistant city engineer, now overseas.

Council decided to memorialize the Prime Minister at the instance of the Kingston Motor Club to have the grant for good roads put into effect at the earliest opportunity.

The Women's Association of the General Hospital were granted permission to hold a tag day on June 13th as an entertainment, which they had planned will not be held.

"What kind of flowers this time," asked Ald. Peters.

"Cabbages, I guess," responded Ald. Crown with alacrity.

Finance Committee's Report.
These recommendations of the finance committee were adopted:

That the application of Public Utilities Commission for \$75,000 for extension of the gas works be granted.

That the application of Public Utilities Commission for \$6,676.12 for the extension of the street lighting system be granted.

That the application of Public Utilities Commission for \$1100 for the extension of gas main on Nelson street be granted.

That Mrs. G. H. Ogilvie be rebated the taxes on assessment of \$200 on account of error being made in the assessment.

That \$100 be placed to the credit of parks committee to be spent on fixing up the baseball diamond at the cricket field.

That the auditor's report be adopted and that fifty copies be printed.

That the sum of \$250 be granted to the Children's Welfare Association.

That the finance committee and city clerk be added to the committee regarding reception and entertaining the union of Canadian Municipalities delegates and that the finance committee be authorized to pay the expenses of the same.

That eighteen banners be purchased from Turner and Sons at \$10 each and two flags, Union Jacks, at \$15 each.

That the account for taxi hire in connection with the reception of the 21st Battalion be paid when approved by the auditor.

(Continued on Page 5.)
