**Why It's a Mistake To
Delay Your Purchase
of a
New Edison**

Most everything you buy wears out eventually. An automobile, for example—or a suit of clothes. So the longer you delay its purchase the longer you'll have it to enjoy.

Not so with a New Edison. It will outlive you anyway. Every month you delay is just one more month gone from your life—another month in which you might have had your life enriched by music—but didn't.

Under our new plan by which payment can be made so much a month there's no reason why you shouldn't be enjoying your New Edison right now.

The New Edison cost \$3,000,000 to perfect. It is the only instrument which successfully meets the test of direct comparison with the living artist's voice or instrument. It will bring into your home the world's best music, sung or played by the world's great artists.

Call to-morrow for a demonstration. "Send it out to the house" will be your verdict.

If you desire it, we will make easy terms of payment.

Sometimes the petition is some- thing we sign to get rid of. It is home discipline or the lack of it, that makes a man one of two things, a success or a failure.

The world is full of men and women who are willing and most anxious to be the purveyors of questionable news without money and without price.

Her choice among Gifts

WOULD undoubtedly be a piano—for what other wedding present is there that could possibly mean so much in true and permanent enjoyment?

Her choice among Pianos

WOULD undoubtedly be this little gem of an instrument, the Nordheimer Apartment Upright—for what other pianoforte could so completely fulfill her idea of what is required to "her home beautiful"? She knows it—she will fully endorse the selection of it—she admires it as much for its artistic design as for its notable tone. Its tone is that of a Grand, though its case is that of an Upright. 245, in dark shade of rich, old mahogany, or fumed oak. Transportation added west of Great Lakes.

GANANOQUE

(From Our Own Correspondent)
June 11.—A sad drowning fatality, whereby Clarence A. Smith, the sixteen-year-old son of Mr. and Mrs. Norman Smith, of Front of Leeds and Lansdowne township, near Gananoque Junction, lost his life, occurred at what is known as Bronson's Beach on the bank of Gananoque river, about five miles north of this town, on Sunday afternoon. He and several other boys were in the water and Smith suddenly sank. The other lads gave the alarm and residents of that section turned out quite promptly, but it was upwards of an hour before the body was found by Gordon Griffin. The coroner considered an inquest unnecessary. The funeral was held from the home of his parents yesterday afternoon to Gananoque cemetery.

In aid of the local branch of the G.W.V.A. a successful garden party was held on the lawn at Gananoque Inn last evening and was largely patronized. A dancing platform was provided and the Citizens' band orchestra furnished a fine programme of selections during the evening.

"Pop" Watkins' Red Sox baseball aggregation has become a fixture here for the season. "Pop" and his boys arrived here on Monday to complete the details of the affair. Quarters were readily secured and "Pop" and Mrs. Watkins will board the team. It is rumored that the team will open the season here with a game with one of Kingston's teams. Brockville Troop of Boy Scouts has arranged to make a trip to Gananoque on the steamer Britannic on Friday morning and on their arrival will be met by No. 2 Company of Grace church and will be billeted among the Boy Scout homes of the town. They will also be tendered a supper in the lecture hall of Grace church.

At latest reports, Miss Greta Richardson, daughter of Mr. and Mrs. William Richardson, Front of Leeds and Lansdowne township, a few miles east of the town, is very seriously ill with very slight hopes entertained for her recovery. Dr. J. C. Connell, of Kingston, was called in consultation yesterday.

THE PLUMBERS ASKING SEVENTY CENTS AN HOUR

They Give Their Employers Until Next Monday to Grant the Increase.

The plumbers have served a demand on their employers that they must be paid seventy cents an hour hereafter, for an eight-hour day. At present the rate is sixty cents an hour. The employers are given until Monday the 16th to accede to the request or there will be a strike.

One plumbing shop employer, in speaking to the Whig, stated that he thought six days' notice rather short. The demands of the men, he said, were being considered and he did not know whether the request would be granted or not. He said he did not think it fair to the employer who had contracts on their hands and would not complete them for perhaps two months to be called upon for higher pay just at present. On one contract alone the increase of wages would mean a loss to him of \$200.

BANQUET AT RENFREW TO W. E. SMALLFIELD

Prominent Canadians Pay Warm Tributes to the Veteran Publisher.

Renfrew, June 11.—Banqueted at Hotel Renfrew and presented with a cabinet of silver, W. E. Smallfield was on Monday night honored by a large number of representative citizens, who were joined on the occasion by Hon. Geo. P. Graham, Justice Craig, and J. G. Elliott of Kingston, a past president of the Canadian Press Association.

Mr. Smallfield lately retired from newspaper work, after having been connected with the Renfrew Mercury for about 40 years, and he has also given up other activities, among them the office of secretary-treasurer of the Renfrew Fair Association. Although not yet elderly, his health has been somewhat poor of late. The sphere of his activities has been wide, embracing among other offices that of the mayorality and the presidency of the Board of Trade. He served a term as president of the Canadian Press Association.

The banquet, taking place under the auspices of the Board of Trade, and the citizens of Renfrew, was presided over by Mayor Bolam, who in introducing a toast list, paid a high compliment to Mr. Smallfield for his work as a citizen.

Hon. George P. Graham, as an old newspaper man, dwelt upon Mr. Smallfield's journalistic career, and gave him credit for publishing one of the best weekly newspapers in Canada.

He held that the weekly newspapers will play an important part in Canadian life, and stated that the editorials of outlying journals are carefully read by public men and are watched also by editors of the metropolitan press.

An address to the guest of the evening was read by J. K. Rochester, president of the Board of Trade.

In the course of a feeling reply, Mr. Smallfield said:

"I don't know what the future has in store for me. The doctors say I must take a rest. My intention is to stay in Renfrew and so far as I can go on helping, to the measure of my strength and opportunities, to make Renfrew what I would like to see it, the model town of Canada."

TELEGRAPHERS STRIKE THROUGHOUT THE U.S.

Sixty Thousand Strikers to Leave Their Keys During the Day.

(Canadian Press Despatch)
Chicago, June 11.—A nationwide strike of Union Commercial telegraphers, called by S. J. Koenkamp, International President of Telegraphers Union, became effective at seven o'clock this morning (central time.) The companies against which the strike is called include the Western Union Telegraph Company, Postal Telegraph Company, American Telegraph and Telephone Company, and a number of smaller telegraph companies in various parts of the country. Union officials estimated that sixty thousand telegraphers would leave their keys during the day and that on June 16th more than one hundred thousand electrical workers would go on strike, while officials of the telegraph companies asserted that no such number of employees were involved. The issues involved in the strike include the right to organize and bargain collectively, wages and working conditions.

Widely Divergent Claims.
(Canadian Press Despatch)
Washington, June 11.—Officials of the Western Union and Postal Telegraph companies and Commercial Telegraphers' Union made widely divergent claims to-day as to the effect here of the strike of S. J. Koenkamp, union head, calling for nationwide strike of wire employees. The Western Union headquarters force, it was said, was one hundred per cent. while the Postal officials declared that less than ten per cent. of their force was out.

The Strike a Failure.
(Canadian Press Despatch)
New York, June 11.—Only 166 persons, including 121 operators, out of a total of forty thousand employed by the Western Union throughout the country, were absent from duty at noon to-day, Newcomb Carlton, the company's president, reported in a statement announcing "the complete failure of the strike called by the Commercial Telegraphers' Union."

OBITUARY

Late Mrs. Wemp, Amherst Island.
A highly respected resident of Amherst Island passed away on Tuesday at the General Hospital in the person of Mrs. Mary Louise Wemp. The remains were sent to the island by R. J. Reid, undertaker. Fertilizers — What They Are — What They Do
Fertilizers supply readily available plant food for the use of young crops. Fertilizers feed the young crop like whole milk feeds the young animal. Fertilizers make up for soil weaknesses and meet the special needs of the crop. Fertilizers increase plant growth, promote rooting of grain and filling of grain and fruit. Fertilizers hasten the maturity of crops and greatly increase the yield.
