Made a Fine Record.
Pitcon, June 14.—Two small boys Jack and David Cole, sons of Durward Cole, Green Point, ten and twelve years of age, one day last week swam from the Prince Edward shore, Cole's dock, across the bay to Adolphustown shore without a stop. The bay at this place is three quarters of a mile in width. The younger boy thought he could swim back to Prince Edward again without a stop. Some swimmer.

Presentation at Desert Lake.
Desert Lake, June 13.—A pleasing event took place Thursday evening, June 13th, on the spacious lawn of H. E. Butler, when friends and neighbors gathered to welcome home three returned soldiers, viz., Ptes. G. Hughes, E. Morey and G. Blackhurst. At ten o'clock the tables were spread and all sat down to a sumptuous repast. A splendid programme was given. Sydney Koech occupied the chair. The crowd was honored by an interesting speech from each of the soldiers, who related some of their thrilling experience while serving in the great war. A very fitting address was read by Mrs. Van Abrams, after which the Misses S. Drader, M. Hawley and M. Abrams presented each of the returned men with a handsome rocker on behalf of the community.

THE THREATS IGNORED.
The Railway Services Were All Well Maintained.
(Canadian Press Despatch.)
Winnipeg, June 14.—It is stated that the meeting yesterday of trainmen who voted to strike at six o'clock last evening, was unauthorized, and the men did not leave their posts. The Brotherhood issued a statement stating that the action of the meeting was illegal.
Although the Winnipeg city council ignored the threat made by the radical element of the Engineers, Firemen and Trainmen's Union to join in the general strike at six o'clock last night, if an understanding were not given to reinstate the city police, the council's action had no serious consequences for the railway companies. A new coach could not be secured for the Transcanadian Winnipeg train, but with the exception of this train the railway services were carried out as usual. Several firemen failed to report on duty on some of the Canadian Pacific Railway trains, but their places were filled by men who had been brought up for such an emergency, and the trains for the east and west got away on schedule time.

NOW "THE BIG FIVE."
Japan Has Been Included in the War Council.
Paris, June 14.—Baron Makino, Japanese delegate, to-day joined Premier Lloyd George, Clemenceau, Orlando and President Wilson and the council known as the Big Four will hereafter be styled the "Big Five."
The decision adding Baron Makino to the Council is explained by the fact that his government must be given an opportunity for full conference if full adherence is expected. His entry into the Council meeting to-day necessitated re-arranging the entire reply, article by article.
The attitude of the German delegation on the signing of the peace treaty is not clear, because the delegates as yet are unaware of the exact nature of the instrument they are called upon to ratify, owing to the conflicting earlier reports on the extent of the modifications accorded them.
The French, who alone have an opportunity of sounding the members of the German delegation informally on the prospective changes, believe that neither the present delegation nor the present Government will sign, but they look for the immediate installation of a radical Socialist administration which will accept the treaty.

30,000 MARKS REWARD
Offered by Bavarians For Capture of Communist.
Zurich, June 14.—The Bavarian Government has offered a reward of 30,000 marks for the capture of the Communist leader Levien, the only member of the Munich Soviet who has escaped arrest. A despatch from Munich says it is presumed that Levien escaped into the Tyrol or the Swiss mountains.
The name of Levien figured prominently some time ago in the newspaper despatches concerning the Munich Soviet regime, of which Levien was said to be a prominent member. It was presumed that Levien in reality was Levine Nixen, leader of the Munich Communist faction and editor of the Red Flag. The Bavarian Government offered a reward of 10,000 marks for the capture of Levine Nixen in the middle of May, and he was made prisoner, tried, sentenced to death and executed at Standheim early in June, according to despatches from various sources.

GOOSE IS PLAIN WHITE BUT LAYS "GOLDEN" EGGS

Record of Performance For 1919 Is Remarkable; Two Settings And More.

Belleville, June 12.—We have all heard of the goose that laid the golden egg and then lost her life because of her master's cupidity in wanting to discover the gold mine. Mr. Nicholas Hill, whose home is on the 1st concession of Tyendinaga, has a goose that has never figured in any of the books of fables or golden egg episodes. She is just a plain kind of white goose, and lays just the plain kind of white eggs with which we are all familiar. But in these days of the H. C. of L. she is something of a gold mine just the same. Here is her record of performance for 1919 up-to-date, which is vouched for and verified.
On February 12 last she began business operations and laid her first egg. At regular intervals in the succeeding days she laid others until the number was twelve. She was duly assigned the task of incubation, and hatched nine downy goslings. For four weeks she gave a fond goose care to her brood, and then decided that they were old enough and well trained enough to look after themselves. Anyway she appeared to realize that the great task of every patriotic goose was production. So in the latter part of April she took a loving farewell of her interesting little family turned a few goose steps and started to lay more.
On this second lap one dozen more fine eggs were deposited in the nest and then she expressed a desire to proceed with the work of incubation. Mr. Hill, by this time, however, had come to the conclusion that it was a gross waste of time to have this prolific songster doing nothing more sensational than merely sitting on eggs. Mr. Hill therefore took this second dozen, and divided them up between two Plymouth Rocks who were willing to take a few days off to hatch goose eggs.
But the white goose was still enamored of the thought of the high cost of living and what she might do to mend matter. So last week she again started to lay, and up to the hour of going to press she has produced two more beautiful white eggs on the beginning of the third round.

MAJORITY OF THE COUNCIL HAS BEEN OBTAINED.
The French, who alone have an opportunity of sounding the members of the German delegation informally on the prospective changes, believe that neither the present delegation nor the present Government will sign, but they look for the immediate installation of a radical Socialist administration which will accept the treaty.

PROTEST TO PARLIAMENT.
Ontario Municipalities Object to Senate's Action.
Toronto, June 14.—Mayor Church has written to Sir Robert Borden protesting "on behalf of the one hundred and ninety-eight municipalities using by-law power in Ontario" against the action of the Senate "in refusing to pass clauses in the railway bill safeguarding the municipalities and restoring the control of their streets to them, which was taken from them in 1902." His Worship states that the municipalities look to Parliament to address their wrongs.

FRANK McCULLOUGH GIVEN ORDINARY BURIAL—HE SOUNDS A WARNING TO BOYS.

Contrary to the usual custom, Frank McCullough was not immediately buried in "murderers' row" in the east jail yard. His body was buried yesterday afternoon at two o'clock in the jail yard. A funeral service such as is rarely given a murderer was conducted by Rev. Mr. Nelles, and was a simple one, just the same as if McCullough had died a natural death.

"Have you anything to say?" asked the deputy sheriff, speaking to McCullough before the hanging. "No," replied the condemned man, "except that I would like it known that Frank McCullough's death is a warning to other boys who start on the wrong path in life."
