A HORSE RACING MATINEE

HELD AT FAIR GROUNDS ON WEDNESDAY AFTERNOON.

Three Races Were Contested—Faust Patchen, Victor Forbes and Walnut Lamb Were the Winners. The local horsemen held a very successful matinee at the fair grounds on Wednesday afternoon. The winners of the three races were: Faust Patchen, owned and driven by E. J. Metcalfe, won class "B" by three straight heats; Victor Forbes, owned and driven by T. K. Nicholson, won in class "C" by two heats; Walnut Lamb, owned by H. Simpson, won in class "D" by two heats. Ribbons were awarded to the winners.

The weather was warm but the ground was in first class condition for the races. M. S. Grace, who acted as starter, explained to the drivers that the races were exhibitions that were calculated to educate the horses as well as the drivers and cautioned them to avoid excitement and take care of their horses. A good number of spectators were on hand for there was no charge for admission and the grand stand was free. The judges were Fred Whitney, George Darragh and Fred Laidley; starter, W. J. Nesbit. Matinees are to be a feature at the fair grounds. "B" class Faust Patchen, a pacer, was never at any time in serious danger. She had a distinct advantage over Bernard McKenny, the great trotter, as she left the tape like an arrow on the word "go" and she kept her pace throughout.

The best race was shown in class "C" in which four horses took part. In the first heat Victor Forbes and Emerine were abreast under the wire and the judges declared it a "dead" heat. In the next two heats Victor Forbes was the winner but Emerine a four year old pacer gave a good account of herself and great things are predicted for her. There were but two entries in class "D", Exaltum, owned by A. Steen and Walnut Lamb, owned by H. Simpson. Exaltum won the first heat but lost the next two. He was driven by Buskirk a driver past sixty who snowed splendid ability.

District Depot Won. The game in the Military Baseball League on Wednesday evening between Vocational Training School and District Depot was a decided contest to that played some days before. The teams were well mated and good baseball was the result. It was a game of surprises, for with the score 4 to 1 for Vocationals at the first of the month, District Depot spread their wings and notched up four runs, winning the game by 5 to 4. The Vocationals went up in the air more or less and their fall-

Bile is Useful in its Place

And By Using Dr. Chase's Kidney-Liver Pills You Can Prevent Billousness and Stomach Troubles.

Bile is usually thought of as a poison in the blood which causes biliousness, bilious headache and derangements of the digestive system. But, like most things in Nature, bile is of the greatest usefulness when found in its right place. It is the duty of the liver to filter the bile from the blood, where it acts as a poison, and to pass it into the bowels, where, by its antiseptic influence, it prevents the fermentation of the food, and hastens its passage through the alimentary canal.

Consequently when the liver is active in supplying bile to the intestines or bowels there is no constipation, no congestion of the kidneys, no clogging of the digestive system. By keeping the liver active Dr. Chase's Kidney-Liver Pills prevent and cure biliousness, constipation, chronic indigestion, as well as serious and complicated diseases of the liver and kidneys.

Mrs. Miskew, Thornhill, Ont., writes:—"Last January I was seized with a very bad bilious attack, which caused me to have trouble with my liver, kidneys and bladder. I suffered to such with pain that I became completely worn out. Fortunately I resorted to Dr. Chase's Kidney-Liver Pills, and the use of these pills has left me strong and able to do my work."

"Dr. Chase's Kidney-Liver Pills, as well as his other medicines, have been of great benefit in our household, and in fact the house is never without them. Please publish this letter for the benefit of other sufferers."

Mrs. John Dillon, 23 Pollock St., Galt, Ont., writes:—"I had been troubled with sick headache for some time, and also gas on my stomach. This was so bad at times that I felt I would suffocate before I could get relief. I got some of Dr. Chase's Kidney-Liver Pills, and after using these found I was completely cured of both the gas on my stomach and the headaches, and am now enjoying the best of health."

VACATION TIME

Should Mean Rest and Health for Everybody.

Ontario is blessed with several great lake and river areas which will always be utilized as summer playgrounds. Toronto being a centre from which radiates a large number of lines all of which are accessible. But Muskoka is easily the most popular region, and where most Torontonians plan each season comparatively inexpensive vacations in congenial and healthful surroundings. Time was when Muskoka was intended to cover only a limited section around Lake Muskoka. Now, however, it describes a general territory, embracing everything from Lake Simcoe to Parry Sound in a wide sweep.

Between these two groups of lakes lies Sparrow Lake, which, with the Severn River, is visited each season by a constantly growing list of Toronto people, who find in the different hotels and boarding-houses rest and enjoyment exactly suited to their requirements. Where Sparrow Lake is concerned it is advisable to make application early for rooms for vacation purposes.

The lake and district is served by Canadian National Railways, Sparrow Lake Station being the chief distributing point. It is located about 34 miles from Toronto, on the main line to Vancouver, and its altitude is 713 feet above sea level, or 460 feet higher than the Union station at Toronto.

There is available at the ticket offices of Canadian National Railways full information regarding the hotels, boarding houses and other facilities and rates. This information is furnished free to all enquirers, and provides an excellent means of ascertaining the facilities of this summer resort.

LOOKING FOR RECRUITS

FOR THE ROYAL NORTH-WEST MOUNTED POLICE.

Officers Say That in Spite of Labor Troubles, Conditions in the West Are Very Good.

Inspector Beys, of the Royal North-West Mounted Police, accompanied by Sergt. Bradley, arrived in Kingston on Wednesday on the hunt for recruits for that famous force. Both of them have come from Regina on a recruiting tour, and so far their visit to Kingston has been fairly successful, seven men having applied on Wednesday forenoon and afternoon. The conditions of enlistment are very promising, the engagement being for a term of three years, at two dollars a day for the first year, in addition to board and clothing, with an increase every year. Recruits will go from Kingston to Regina, where the headquarters of the force is situated, for training, and will be sent from there to one of the stations of the R.N.W.M.P. in Alberta, Saskatchewan, British Columbia, the Yukon, or the North-West Territories. There are vacancies in the force for about twelve hundred men, as the new authorization calls for a total strength of two thousand men.

The two recruiting officers will be in Kingston until Thursday night. They stated to a Whig representative on Wednesday that in spite of the labor troubles, conditions in the west were very good. Sergt. Bradley, who has just arrived from Regina, said that the crops had got an exceptionally early start, and that there were no early frosts, therefore, would break all records for Canada. The R.N.W.M.P. have been on duty in Winnipeg during the strike, and are on guard at places of importance night and day. While in Kingston the two officers are at the office of the Information and Service Branch of the Department of Soldiers' Civil Re-establishment in the Bank of Toronto building.

AN ORGANIZER HERE

To Meet the Firemen's and Oilers' Union Members.

A. A. Woodward, of Toronto, second international vice-president of the Brotherhood of Firemen, Oilers, etc., is in the city. Mr. Woodward states that this brotherhood has a membership of 36,000 in Canada and the United States, but better wages are paid in the United States, because there is a more thorough organization. There the minimum is sixty-two and a half cents an hour for eight hours, and where twenty-four-hour service is required there are three shifts of eight hours. In Canada the minimum wage is much less. In Toronto it is fifty-five cents an hour. It was through the efforts of the unions that all stationary engineers were required to hold a provincial certificate of technical qualification. Mr. Woodward says he hopes to see the members of the brotherhood in Canada paid the same as those across the border. When asked if he was here in connection with the strike, he said he was not.

ARRESTED AT NAPANEE

On Charge of Stealing Motorcycle at Ottawa.

A man giving the name of John Henderson, was placed under arrest at Napanee on Wednesday morning, by Chief of Police Barrett, on a charge of stealing a new motorcycle at Ottawa. The motorcycle was stolen in Ottawa on Tuesday morning and Henderson made the trip on it to Napanee. Chief Barrett had received word to be on the lookout for the man and the motorcycle, and his eagle eye caught the man wanted and the machine. The accused is about twenty-seven years of age. Detective Macdonald, of Ottawa, arrived in Napanee on Wednesday, and returned to the Capital with the accused.

A HAPPY ANNIVERSARY.

Dinner Marks Sixty Years of Wed-

The parents of Mrs. William Drury of this city, have just celebrated their diamond wedding jubilee. They are Mr. and Mrs. William I. Jones, No. 339 Gale street, Watertown, N.Y., and are hale and hearty after celebrating the anniversary with a family dinner on June 17th. The couple were married in London, Eng. Mrs. Jones is eighty-four and Mr. Jones eighty-three. Both enjoy excellent health for people of their age. Mr. Jones was for many years a cement contractor. He retired about two years ago.

All or nearly all of the property owners on Cedar street, Belleville, between Bridge and Catharine streets are up in arms against a proposal to erect a milk dairy and factory on Cedar street and have petitioned the council for redress. It will be given.

The Lanark representative of the Ontario Department of Agriculture states that within a radius of fifteen miles of the town of Perth about fifty horses died as a result of the intense heat.

Daniel Davern has disposed of the Campbell House Hotel property, in Napanee, to Frederick A. Perry.
