**NO CONSTIPATION NO PILES.**

We think, without a doubt, that constipation is the most prevalent, and at the same time, one of the greatest troubles human nature is afflicted with, and causes more sickness than anything else.

Unless a free action of the bowels occurs at least once a day, constipation is sure to ensue. Then comes the sore and uncomfortable piles, sick and bilious headaches, coated tongue, obnoxious breath, sour stomach, heartburn, water brash, and many other ailments.

Millburn's Laxa-Liver Pills will regulate the flow of bile to set properly on the bowels, thus removing the constipation and its allied troubles.

Mr. Dan Doucette, Eol River Crossing, N.B., writes: "Having been troubled for years with constipation and trying everything I know of, a friend advised me to use Millburn's Laxa-Liver Pills. I used four vials and am completely cured. I can gladly recommend them to anyone who suffers from constipation."

Millburn's Laxa-Liver Pills have been on the market for the past 25 years, and have been used with the best results by thousands of people in that time, and we have yet to hear of a complaint as to their curative powers.

# You Can Start With 25 Cents and be An Investor

And you can invest it in securities as safe and profitable as any held by capitalists.

Twenty-five cents saved each week can be made to earn 5% interest by a very simple plan.

Thrift Stamps cost twenty-five cents each. Sixteen of these when exchanged for a War Savings Stamp become a 5% interest-bearing security for which the Government will pay you \$5.00 in 1924.

In other words, if you lend the Government the \$4.00 odd you have saved by this easy means, the Government will pay it back to you WITH AN ADDITIONAL DOLLAR five years from now.

And you become an investor in the safest of all securities—a Government Bond.

Canada needs the small savings of her people to finance the work of reconstruction.

War Savings Stamps can be bought wherever this sign is displayed.
