

H. G. Wells' New Novel **The Undying Fire**

In his new book, THE UNDYING FIRE, Mr. Wells has taken a great spiritual conflict as the theme of his novel.

Job Huss is as commanding a figure as has appeared in any of the author's books. Unreasoned faith and agnosticism alike fail to move him, and in the end, like Job of old, he is rewarded.

141 PRINCESS STREET

WILL ASK FOR \$135,000 FOR ERECTION OF NEW SCHOOL IN CATARAQUI WARD.

The Board of Education Receives Tenders—The lowest was \$105,880—Elliott Bros. Awarded Victoria School Contract.

"That the board make application to the City Council to raise by debentures, the sum of \$135,000, for the purchase of a site, erection and equipment of the proposed new ten-room school in Cataraqui Ward."

The above resolution, moved by Trustee W. H. Godwin, chairman of the property committee, was passed at a special meeting of the Board of Education, held on Monday night. The board will send a deputation to wait on the civic finance committee in support of their requisition.

The need of a new school was brought before the board some time ago, and the matter of securing a site, and the calling for tenders for the work, so as to ascertain the cost of the new school, has given the property committee considerable extra work.

The lowest bulk tender received for the erection of the new school was \$106,000, while the lowest separate tenders for the job aggregate \$105,880, which goes to show that the work has been pretty well figured on. The sum of \$135,000, to be asked for from the council, covers the cost of the erection of the school, the land equipment, and an architect's fees. The architect's fees, it is understood, will reach \$2,700.

The amount required for the school is high compared with the cost of other schools, but not so high when the increase in the cost of labor and material is considered, for both labor and material has taken a big jump since the board erected a school.

There was but one dissenting voice to the proposition to ask the City Council for the amount mentioned, and this objection came from Trustee Cohen, the representative from Cataraqui ward, where the school is to be erected. He regarded the price too high, especially the amount that would be required to pay for the land, but when the circumstances were explained to him, he said he had no objection, so the board is therefore unanimous on the matter.

Citizens are agreed that there is a pressing need of more school accommodation—Inspector Russell Stuart has reported so to the board, and the City Council is expected to pass upon the matter by a unanimous vote, so that the work can be undertaken without delay. In view of the high cost of material and labor, and there is no prospect whatever of either taking a drop, it is not a matter that can be allowed to stand over. The board feels that the school must be erected at once, as the education of the children must be the first consideration of the citizens. In the new school, every care and attention has been given to see that it is modern in every respect, and when completed the city will be able to boast of a school which is first-class in every respect.

Trustees Mills, Lemmon, Farrell, Elliott, Henderson and Godwin addressed the board, pointing out the great need for school accommodation, and a most interesting point brought out was that when the grain elevators are established here, it is sure to bring more families to Kingston. The deputation which will wait on the civic finance committee in regard to the requisition for the money will be composed of Chairman F. R. Anglin, and Trustees Mrs. A. Newlands.

Reports come to us almost daily from persons who have suffered 10, 20, 30 years or more from piles or hemorrhoids before finding out that Dr. Chase's Ointment affords immediate relief and ultimate cure for this annoying and distressing ailment.

This is not a trouble about which people care to speak, but if you ask your friends about Dr. Chase's Ointment you will be surprised to hear how many have been cured of piles by its use. It is the only treatment for piles on which you can depend absolutely for prompt relief.

Mr. R. F. Tracy, Minesing, Ont., writes: "For about thirty-five years I was troubled with itching piles, which kept me from sleep until I was completely worn out. Then at length I would drop off to sleep and rub myself raw. I tried every kind of ointment made without any permanent good. I also tried a homeopathy doctor, but only had momentary relief from his treatments. Three years ago I tried Dr. Chase's Ointment, and about half a box completely cured me. I have never been troubled with piles since, and can heartily recommend Dr. Chase's Ointment to anyone suffering from this terrible agony or from any other skin disease."

"(This is to certify that the above statement is correct in every particular.)—Rev. H. Berry, pastor Methodist church.)"

Mr. H. B. MacDonald, Walkerton, Ont., writes: "Having suffered from piles for some time, I finally tried Dr. Chase's Ointment, which afforded almost instant relief, and in time cured me. I have great faith in Dr. Chase's Ointment, and think it superior to any ointment on the market. I would advise anyone suffering from piles to give it a trial."

Many continue to suffer from piles in the belief that a surgical operation is the only cure. Fortunately, Dr. Chase's Ointment is available, and has saved many thousands from the risk and expense of the doctor's knife, 50 cents a box, all dealers, or the order, from Edman & Co., Limited, Toronto.

HAYFEVER SUFFERER

Tells How He Found Relief. It Might Pay Others to Try the Remedy. Millville, N.J.—"I was run down could not sleep at night and entirely worn out with Hay Fever. I have charge of Golf Links, but had to lay off for weeks at a time. My grubbing had me so tired. Three bottles entirely cured me and I am healthier and stronger than I have been for twenty years. Every person who suffers from Hay Fever should try Vinol."

Vinol contains the tonic properties necessary to enrich the blood and impart health to nerves, muscles and tissue. Mahood's Drug and at the best drug store in every town and city in the country.

Godwin and Elliott, Inspector Stuart and Secretary John Macdonald.

On the recommendation of the property committee, the board accepted the tender of Elliott Bros. for work on the ventilation and other repairs, at Victoria school, for the sum of \$598.

Asked for his opinion, Inspector Stuart stated that he would not favor the closing of the classes at this period. It would not be at all convenient, as work had been planned for the closing on June 27th. Besides, the teachers had shown good judgment in their control of the classes during the extreme warm weather.

In view of the inspector's report, and the fact that he has the power to release the junior classes, Trustee Elliott withdrew his motion. He said the little children especially, had suffered much during the warm weather, and he did not think it was right to keep them in the classes under such conditions.

The chairman, F. R. Anglin, presided at the meeting, and the other members present were Trustees Campbell, Craig, Cohen, J. B. Cooke, Elliott, Farrell, Godwin, Henderson, Lemmon, Mills, McLean, Mrs. A. Newlands, and Lockett.

SERGEANT EDGAR HISCOCK

Member of Staff of Royal Canadian Mounted Police in 1915 and was retained for duty in London. Sgt. Hiscock returned on Monday.

HAD ENJOYABLE PICNIC.

Two Hundred Soldiers Had Fine Time at Brophy's Point. The picnic held at Brophy's Point on Monday afternoon under the auspices of the chaplain services was most successful. The day was ideal, and the invalided soldiers had a grand time. The steamer Wolfe Islander was chartered for the disposal of the party and left Foley's wharf at 2.30 o'clock for Brophy's Point. Radcliffe's orchestra provided music on the way, and also played a choice programme in the band stand at the picnic grounds. One of the special features of the affair was the baseball match between the young Irishmen and the Vocational Training School. The game resulted in a tie 6-6.

Dainty refreshments were provided by St. Mary's Red Cross Society under Mrs. Logus and Miss Rowlands. The boys had a splendid supper, and the bill-of-fare included ice-cream and cake, and to finish off the good meal, cigars and cigarettes were passed around. Two hundred men took in the outing, and some were present who had not been able to be out of the hospital for some months. The men were loud in their praise of all who had contributed to the success of the outing.

IN MARINE CIRCLES.

Movements of Vessels In and About Kingston Harbor. The steamer Toronto down and up on Tuesday. The steamer City of Ottawa passed up from Montreal to Toronto and Hamilton at 8.45 a.m. on Tuesday. The steamer Jeska cleared on Monday night for Oswego. The schooner Julia B. Merrill is undergoing repairs in Davis dry dock. The schooner Horace Taber arrived at Collins Bay with a cargo of coal from Oswego for Anthony Rankin. The schooner was held up at Oswego for two weeks.

KINGSTON EVENTS

25 YEARS AGO. A farmer wanted \$1.50 per bag for his potatoes to-day, but was glad to sell them at 99 cents. Business is rushing in the binder twine department at the penitentiary. Strawberries were plentiful on the market to-day, selling at four boxes for 25 cents. The Kingston Country to sing day and night to keep up to the order. C. Jones has organized a life and drum band at Spurbury.
