EMPLOYERS
THE EMPLOYMENT SERVICE OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of this unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example—

- ENGINEERS
- ARCHITECTS
- BUSINESS EXECUTIVES
- ACCOUNTANTS
- SECRETARIES
- TEACHERS
- LAW CLERKS
- COMMERCIAL ARTISTS
- SALES MANAGERS
- TRAVELLING SALESMEN

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

The Man on Watch

Now Kingston's member has turned his attention to divorcing officers and their military servants.

The rank and file of a corps who do chores for officers' families should not wear the King's uniform.

Even a Kingston policeman will not allow a fellow to tell him to go where the ex-kaiser is going.

Any bells that toll on the day the peace terms are signed will be a Hun-bell. The bulk of the bells will peel for joy.

Because the old man winds up the clock at 10 p.m. does not always signify that all visitors in the house are to get out.

Why should people not have the liberty of getting divorced when we read of the church stepping in and trying to annul marriages that do not please it?

Well, there may not be such clamoring to get into the Senate of Canada now that divorce cases are no longer to be heard there. Bill Nickle has put the lid on both titles and Senate divorces.

The law is not administered the same to all. For instance, in Toronto recently a young man was hung for causing the death of a constable, while down near Alexandria a few years ago a man deliberately shot and killed a young fellow and spent only a couple years in Portmouth penitentiary for his crime.

It has been established that the overages and screenings of wheat pay the cost of terminal elevators. That is of interest to Kingston now that this city is to be an elevator terminal.

In the old days, Kingston used to have a usurer named "Forty Per Cent," but this old lad is surely a back number when compared with the profiteers of to-day.

The Lampson always contended that military hospitals were of no benefit to Kingston, except to force the prices of the necessaries of life up to the highest notch. This has been the case, and while a few people benefit, ninety-five per cent. have to pay the price.

A Sinn Fein bunch must be in charge of Uncle Sam's immigration department in view of the fact that the president of the Irish "republic" entered the States without being "observed." If some wholly harmless individual had tried to get in, he surely would have been pinched.

LETTERS TO THE EDITOR

Standing By Canadian Girls.
Kingston, June 27.—(To the Editor): Having seen Jean Webster's letter in your good old paper I certainly give her credit for standing by us Canadian girls, as every word she says is right. I know of a lady who has letters, also photos, from an English girl which were sent to a man who was over there. If they were published the man who wrote the letter in Monday's issue would see if English girls are not after the Canadian man's money, some of them think the Canadian man is made of money. They also say here we do not give the returning soldiers the welcome that the English girls do. What would we Canadian girls be thought of if we were to carry on the same way. No, we are good, true Canadian girls, and we don't want a man for his money. All we want is a good man, able to do his day's work. We are not English; we do not want his money, or ask the man to marry us. Yours truly,
—ALICE McALLISTER.

THE WORLD'S TIDINGS IN BRIEF FORM

Tidings From All Over Told in a Pointed and Pithy Way.

The Swedish Government is insisting that the future of the Aland Islands shall be settled by a plebiscite.

The British Labor party conference at Southport, England, adopted a resolution calling for the speedy admission of Germany to the League of Nations.

Gills Peacor, official referee of the Toledo, Ohio, boxing commission, will be the third man in the ring when Jess Willard and Jack Dempsey meet in their heavyweight championship contest July 4th.

To Serve Beer and Wine.
New York, June 23.—Many restaurateurs and hotel keepers will refuse to sell beer and light wines after July 1st regardless of whether President Wilson declares prohibition completely and terminates the operation of the wartime prohibition law, it was learned to-night after a meeting of the Society of Restaurateurs.

Fateful Years For All Women

How Best to Overcome the Troubles That Afflict Women Only.

The most fateful years in a woman's life are those between forty-five and fifty. Many women enter this term under depressing conditions through overwork, worry or a neglected condition of the blood, and so they suffer heavily. Still, variations of health at this time can be relieved by home treatment.

Among the commonest symptoms are headaches and pains in the back and sides, fever-flashes, palpitation, stand in need of sleep, red blood all their life, but never more so than in middle age, when the nerves are also weak and over-wrought. Now every woman can prove the prompt help afforded to her health by renewing her blood supply. It is a test that any ailing woman can make by taking Dr. Williams' Pink Pills for Pale People, which in turn helps the appetite, strengthens the nerves and restores robust health. Thousands of women have found in Dr. Williams' Pink Pills the means by which new health and a brighter outlook of life were gained. In proof of this is the voluntary testimony of Mrs. H. S. Peterson, Missford, Ont., who says: "I have suffered greatly from those troubles that afflict my sex, and have found that Dr. Williams' Pink Pills in such cases not only do all that is claimed for them, but more. Dr. Williams' Pink Pills have done so much for me that I urge every weak woman to try them, and they will soon realize the great difference in one's health they make."

If you suffer from any of the ills that particularly afflict womanhood you should avail yourself at once of the health help of Dr. Williams' Pink Pills. You can get them from any dealer at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE MENDING OF MEN

is an after-the-war job for surgical skill. The mending of a broken stomach is a job that calls for the intelligent selection of food. Shredded Wheat Biscuit with berries or other fresh fruits is a combination that agrees with the most delicate stomach. The tasty crispness and goodness of the baked whole wheat blends deliciously with all kinds of fruits. A nourishing, satisfying meal for a few cents.
