SOLDIERS.

In last Monday's issue of the Whig soldier. a very interesting item appeared re garding the record of an old soldier and a half years in almost every part battery which fired the peace salute at London when the Crimean War came' to an end. This old soldier, with a splendid record of service to the Empire, is now eighty-five years old, and yet he is forced to earn his living by working as a street cleaner in this city. Is this not a striking Now that aviation is likely to play example of the glaring ingratitude of the Empire to the men who have carried her colors to all parts of the world, and have fought to keep the name of Britain at the head of the world's scroll of honor? After serving for so long a term, and giving the best of his life to the Empire, this soldier, at an age when he should be resting at home in quietness and comfort provided for him by a grate- middle of December, I can hall him as a twin. But the rosy month is wanful government, is found with his ing and I'd give no picayune for the man who is complaining in the happy shovel, rake and hoe, working day days of June. after day on the Kingston streets.

This case is no doubt one of many.
