CITY NEEDS A NEW SCHOOL

REASONS WHY ONE SHOULD BE ERECTED AT ONCE.

The Proposed New School Will Serve Cataract and Frontenac Wards—Other Places Expending Money in Schools.

The need of a new school is not a recent idea. The need for an accommodation to serve Frontenac and Cataract wards was recognized when the addition was made to Victoria school in 1915, and the Board of Education then approved of an addition to Central school. It was decided however, on account of the unusual conditions created by the war to suspend action. Every year since then a study of the conditions confirmed the decision that more accommodation was needed. It became increasingly clear that to attempt an addition to Central school would be unsatisfactory. The school did not lend itself to a satisfactory structural extension, and to build in stone in harmony with the existing building would prove too costly.

The proposed new school will not serve Cataract alone, but also a large part of Frontenac. Nearly half the attendance in Central school is from Cataract ward. There are nearly 900 children who could conveniently attend in either Central or the new school relieving the overcrowded classes in Frontenac and Macdonald schools. Macdonald school, thus relieved, could more satisfactorily serve the district west of that school from which some children are now sent to Louise in which they are also overcrowded classes. The new school would permit a readjustment that would improve conditions of attendance in every part of the city.

A kindergarten and primary kindergarten should be opened in Cataract ward. It is nowhere more needed. For years the younger children even up to six years of age have been deprived of the education offered in other localities. Many of these children live too far away to attend these classes in Central or Frontenac. The principles for which the public school stands demand that this locality should be as well and even better served than any other. The education of the poor is a sacred trust not to be evaded by any intelligent patriot. True patriotism expresses itself in a determination to leave our country better than we found it and the better because we have lived in it. No intelligent patriot can evade this issue. The education of the children is the chief business of a patriotic democracy. Are our future citizens going to be built up or torn down? That depends largely on the trend of thought they get in the public schools.

Other places are moving. A recent issue of the front-page papers reports Barré accepting tenders for an addition to their Central school at a cost of \$10,000 a room, and Toronto accepting tenders for two new schools to cost \$300,000. The city council in Guelph recently approved of a new \$100,000 school and the city council of the little city of Chatham of an addition to the Macdonald school to cost \$130,000.

In Kingston, during the war and this year, large sums are expended for permanent streets. We approve of this, but the need of the children should come first. Education has first claim. If construction is not begun this year the new school will not be available for use before 1921. Thus an addition pronounced by the Board after repeated investigation years ago to be imperative will be postponed for two years more.

KINGSTON PRESBYTERY MEETS.

Difficulty in Getting Students For Mission Fields. The July meeting of the Kingston presbytery, held in the John street church, Belleville, was well attended. The moderator, Rev. T. Tall, presided, and the venerable clerk, Rev. W. T. Wilkins, was in his place as usual.

Provision was made for disposing of the church at Wallbridge, and permission was given to sell the manse at Newburgh. Rev. A. G. McDonald, who was received from the Presbyterian church in United States, was given a cordial welcome, and it was announced that he would be called immediately by the congregations of Rosslyn and Thurston, where he has given stated supply for about a year. Rev. James Cumberland has expressed a desire to retire after thirty-eight years of service in St. John's, and a committee was appointed to visit his field. Dr. Gracey, superintendent of missions, has found some difficulty in finding enough students to supply all the fields. Queen's Missionary Society was cordially thanked for taking charge of so many fields.

The presbytery was pleased to note that already four congregations have decided to pay the new salary fixed by the assembly. On motion of Drs. MacTavish and Gracey the following resolution was adopted: "That whereas in the opinion of this presbytery the Ontario Temperance Act has been of incalculable benefit to this province; and whereas the question of repealing or retaining the said act will soon be submitted in the form of a referendum to the electors, this presbytery would urge by counsel all the members and adherents within the bounds to make an earnest effort to prevent the repeal of this beneficial measure."

St. Paul's School Picnic. The pupils of St. Paul's Sunday school, with their parents and friends, had a most enjoyable picnic to Brophy's Point on Wednesday afternoon under ideal weather conditions. The afternoon was spent in games, races and swimming, and several scrambles gave merriment to the occasion. About 350 persons participated in the picnic.

Took Back The Prisoner. Chief of Police Barrett of Nanawau came down from Nanawau on Wednesday night, and returned with Pte. A. Bedford, wanted there on a charge of theft, and who was taken in charge here by Sergt. Marshall Armstrong.

CITIZENS' BANK ORGANIZED

RESIDENTS OF CAPE VINCENT FORM NEW INSTITUTION.

Officers Are Elected—Charles C. Cooke Chosen as President by the Stockholders.

The Citizens' Bank of Cape Vincent was organized on Monday at a meeting of the stockholders. Charles C. Cooke was chosen president; Fred L. Burdick, first vice-president; John R. Kilborn, second vice-president; and Thomas Kileen, of Watertown, secretary-treasurer. Mr. Kileen is teller at the Northern New York Trust Company, Watertown.

A committee made up of James Davis, D. V. Soeber and Jasper W. Cornaire was appointed to fix salaries of officers and another committee, composed of C. T. Sackett, E. D. Fitzgerald and A. E. Dezenegren, was named to secure a building for the bank.

It is proposed to open the institution for business in August. The location has not been selected, but is being left to the building committee, which will report at a subsequent meeting.

Cape Vincent has not had a bank since the failure of the private banking institution there several years ago. The need of a bank has been felt severely and the movement to organize the Citizens' Bank of Cape Vincent was inaugurated early in the spring.

COL. ETHERINGTON TELLS OF HIS UNIT
Queen's Hospital Corps Handled About 120,000 Cases During the War.

Col. Frederick Etherington, who commands No. 7 (Queen's University) Canadian General Hospital, returned from overseas, stated at Halifax that the unit returns somewhat reduced in strength. Returning are fifteen officers and about one hundred other ranks. The nursing sisters of the unit will come with another party. The unit went overseas in 1915 and served in Egypt until 1916. In April of that year it went to France and served at LeTreport and Etaples until May of this year.

"Our unit handled about 120,000 cases," he said. "In one year alone there were 50,230 patients admitted. At one time we had 2,500 beds and 2,400 patients."

THE HUGO CANDIDACY.
New York Post Predicts a Merry Fight Will Be Waged. The New York Post says: At last the secret is out. Yes, Francis M. Hugo, secretary of state, admits that he is a candidate for the Republican nomination for governor in 1920. There had been some speculation that Mr. Hugo had a fancy for the governorship. For years he has been making speeches at county fairs and commencements and banquets and Sunday school conventions and granges and block parties and chowders and clam-bakes, and little social gatherings, and so on, and people had begun to believe that he was showing that he was a good mixer for some purpose. And he confirmed all those surmises last week.

Mr. Hugo was attending the annual outing of the Francis M. Hugo Association of Queens county at Lihk's Old Oak Hotel, down at Patchogue, last Saturday. Herbert Conklin, president of the association, delivered a tactful speech in which he declared that the organization was for Hugo for governor. The secretary of state was moved forthwith to make some naive and straightforward remarks on the same identical subject.

"I have served my home city of Watertown eight years as mayor," said Mr. Hugo. "At the end of my present term I shall have served six years as secretary of state. It is simply normal—simply human—for me to say to you that in 1920 I would like to be promoted."

"This is the first time I have made a public announcement of my candidacy. Some of my friends wanted me to declare myself last year, but I did not think the time was ripe. Now, however, I believe that the time has come when the upper part of the state should be recognized in the selection of a candidate for the office of governor. My hat is in the ring and it is going to stay there. If any one kicks it out, he has got to be a better man than I am."

Mr. Hugo is a native of Kingston and a graduate of Queen's University.
IN MARINE CIRCLES.
Movements of Vessels In and About Kingston Harbor. The steamer Sarnon passed down from Lake Erie ports to Montreal at 5.50 p.m. on Wednesday. The steamer Haddington passed down from Fort William to Montreal at 11.00 p.m. on Wednesday. The steamer Kingston passed down and up on Thursday. The government steamer Concretia was in port on Thursday morning. The steamer Haskell is expected to arrive to-day with a cargo of corn from Chicago for Richardson's elevator.

More Than Two Per Cent. A witness in a case at police court on Wednesday declared that all he had to drink was a few glasses of two per cent. A local lawyer, who was cross-questioning him, happened to get close to the witness and got a lawyer remarked: "It looks as if you have had more than two per cent."

The new eighteen-hole golf course at the Thousand Islands Country Club has been completed, and will be used in the place of the old nine-hole course.

Trunks, Bags, Suit Cases

You'll need new baggage for your vacation trip — our stock is well assorted with good values.

- Trunks \$8.00 to \$35.00.

WOMAN MAY SUCCEED HUSBAND AS SHERIFF
Law Won't Let Gleason Serve Two Terms—Job Stay in Family.

Watertown, N.Y., July 10.—Mrs. Michael Gleason, wife of Sheriff Gleason, may be a candidate for sheriff when her husband's term expires in a couple of weeks. Jefferson county has never had a woman sheriff, but the idea is said to be meeting with favor, especially by the woman voters.

It is contended that her three years' experience as matron at the jail would be valuable. Under the present law Sheriff Gleason cannot be re-elected for a second consecutive term.

TO CONDUCT CAMPAIGN.
Presidential Candidates Coming to Thousand Islands. Watertown, N.Y., July 10.—Frank O. Lowden, governor of Illinois and former congressman, will conduct his campaign for presidential nomination from his summer home on Castle Rest, near Alexandria Bay, according to report current at the Thousand Islands. Mr. Lowden is expected at the river in a few days, now being in attendance at the Elks' convention at Atlantic City.

The governor plans to pass the long summer at his island home and keep in touch with politics. He is a Republican and a prominent figure in the middle west, to which he journeyed in a prairie schooner while a boy. Castle Rest is said to have been the scene of many important conferences, but none as important as those coming.

Appreciated Her Services. There was an interesting event at the First Congregational church on Wednesday evening, when the members presented their soloist, Miss Winnifred Woolgar, with a gold wrist watch and an address, in appreciation of her services.

KINGSTON EVENTS 25 YEARS AGO.
The Practice Boys will be in the parade on July 12th. A pulley factory will be established in the city. Rev. J. W. Jones, of Westport, is leaving on a three months trip to England. Wheat is selling at 57 cents per bushel. Capt. Joseph Dix is doing a good business between Gananoque and Clayton on the steamer Laurel.

PILES Do not suffer with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once. Ask your dealer, or Edman, Ross & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 1c. stamp to pay postage.

Embrassing Hairs Can Be Quickly Removed

(Beauty Culture)
Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered detelone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the detelone in an original package.
