LINDSAY'S

What is Your Idea of a Bargain?

Something for nothing? We have none such to offer you. Our idea of a bargain is to give you the opportunity of buying a piano or a phonograph at a lower price than the average, yet an instrument which represents honest value. For instance, take the Nordheimer listed below. The price is not a "cut price." We do not claim that the piano is worth more than \$395, nor that at the price it is yours "for a song." BUT, in our eyes it is a bargain because you seldom get the opportunity to buy a Nordheimer of this style and size at this price. Therefore at \$395 this Nordheimer is a bargain; it is worth all of \$395, and may please you just as well as a new one at \$495.

Look over this list of bargains, then come in and see the instruments:

Letters to the Editor

Explains Master Barber's Side.

Kingston, July 12.—(To the Editor.)—In view of the letter of misrepresentation and misunderstanding that appeared in your paper I would say, on behalf of the Master Barbers' Association, that the journeymen's letter, still leaves out the holidays. Now, not long ago two men in a shop came down on a holiday and sat in their barber chairs, all morning, and watched the master barber work while they smoked cigarettes, told funny stories and read the papers. The master barber, after he paid these men for that day, had 15c for his work. Is that fair? All the master barbers ask is a fair, square deal. They ask these men that have to be guaranteed, to earn it, come down and work on holidays from 8 a.m. till 11 a.m. and be paid for the day, or else be docked. It does not give a man much heart to work hard only to give it away. Men have gone out two or three days at a time, not even saying what the cause was, and we the Master Barbers have always paid for these holidays too, but never again. You see journeymen coming to work in the mornings at almost anytime, instead of 8 a.m. so you see that gives so many more hours of the bosses time.

The schedule asked for on June 23rd was refused and asked the master barbers for not one holiday, but nearly all of them, to be paid for, and the 7 o'clock closing. Well, it sure is that half hour easily enough gained, as the journeymen when they want an hour down street take it and hardly ever ask or let the master barbers know about it. As the raise would be approximately \$1.50 per week, what about the little fellows? I have known one to pay his man \$18 per week and have just 20c to pay for the expense of that man's chair for that week. By raising the guarantee and salary from \$15 to \$20 and the guarantee from \$21 to \$26, you can see if the one-fifty looks good to these smaller shops. We have offered a fair and square deal to them, also offered to arbitrate and stand by the decision.

The man brought here by the journeymen talked nothing but to raise the prices, even illustrated how easy, but the master barbers could not see it that way, with the outside little places working till eleven o'clock at night, and cutting hair less than the city. I say, on behalf of the master barbers again, we will be just and fair and leave it to arbitration if they will.

One Boss Barber has broke, after pledging himself to stick with the rest. H. H. Blaine allowed his men to return this morning, giving as his excuse that he had too much expense, and could not afford to stick out, even after Mr. Hillier and E. Robbs closing their shops and going down to give him their support. Well the rest of the bosses have drawn together ever since, and their watch word is, "Are we down-hearted, No." They will carry on to a finish. The journeymen saying they are not trying to raise prices is wrong.

BROUGHT CLOSER TOGETHER

Western Canada and the Pacific Coast have now been brought within much quicker reach of the East by "The Trans-Canada Limited," the new popular all-sleeping-car train operated by the Canadian Pacific Railway from Toronto and Montreal to Vancouver. It makes the fastest time between terminals of any transcontinental train in America. Leaving Toronto at 7.15 p.m. daily, Fort William is reached in 26 hours, Winnipeg in 28, Regina in 50, Calgary in 64, and Vancouver in 90. By this means a business day is saved—a great convenience to the large number of business men who travel between Eastern and Western Canada. Leaving Toronto on the evening of Monday, for instance, it is possible to spend a full business day in Winnipeg and be back in Toronto by Friday afternoon. Tourists to the famous resorts of the Canadian Pacific at Banff, Lake Louise, Glacier, Vancouver will also find this train particularly convenient. It consists of standard sleeping cars, dining car, and compartment observation car, and sleeping car passengers only are carried.

"NIAGARA TO THE SEA"

Let your mind become refreshed with a change of scene so complete that all cares will be forgotten in the enjoyment of a journey that brings new interests with every mile—new wonders with every hour. Well named "Niagara-to-the-Sea," this trip begins with the beautiful Niagara River; traversing Lake Ontario and some 250 miles of the mighty St. Lawrence.

It takes you through the 1000 Islands Scenery—it gladdens the eye with glimpses of green-clad river banks—it thrills you with the novel experience of shooting mile after mile of rapids.

It gives you stop-over privileges at such points of interest as Toronto, Montreal and Quebec—also at Murray Bay and

Tadoussac where splendid Summer Hotels are operated under Canada Steamship Lines management.

The climax of this 1000-mile journey is reached when the boat steams slowly up the magnificent canyon of the River Saguenay—where the traveller's amazement is tinged with awe as he beholds Capes towering higher than the Rock of Gibraltar.

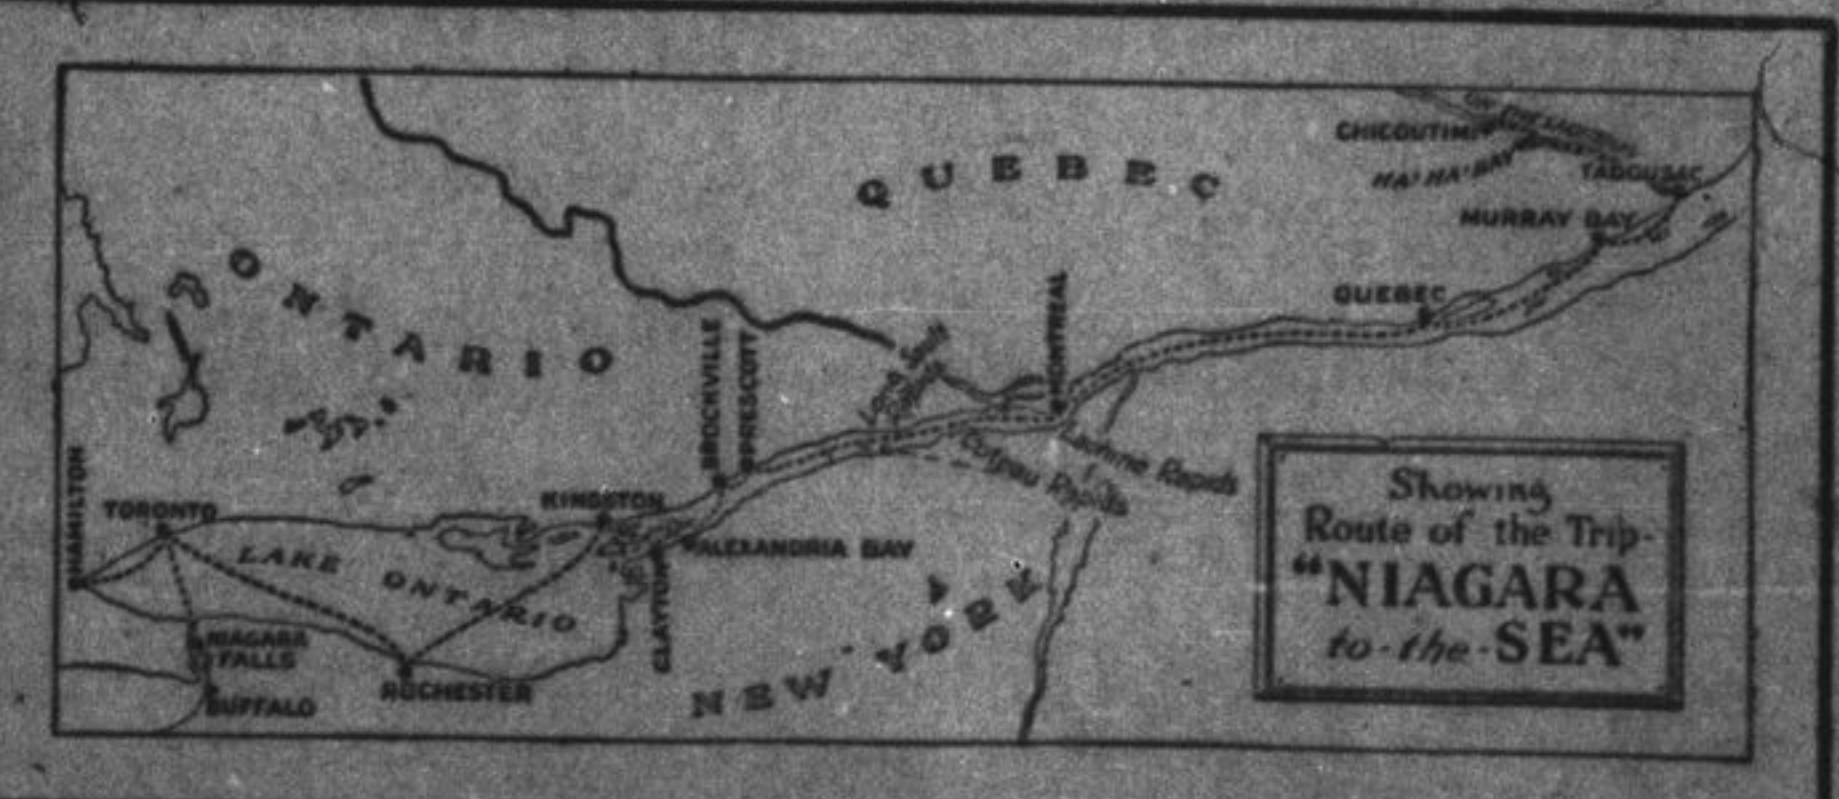

This glorious outing affords you an opportunity of seeing the most picturesque part of America, from the deck of a palatial steamer. You will return from such a trip refreshed and invigorated—satisfied, too, that you have had the finest boat-trip holiday it would be possible to conceive.
