Newboro, July 15.—While a number of boys were swimming at the canal on Friday afternoon, G. Smith, of Elgin, who was trying the entrance examinations here, fell in and was nearly drowned. He was standing near the edge of the wharf and in some way lost his balance and fell in the water. The other boys, thinking he could swim, rendered no aid until he went down for the second time and did not come up. It was not long until he was pulled out, however, and he was soon breathing well again. Most men mistake a little applause for an encore.
