THE WORLD'S TIDINGS IN CONDENSED FORM
Tidings From All Over Told in a Pointed and Pithy Way.

Sir Douglas Hazen may enter the cabinet to fill Hon. Mr. Carvell's portfolio. T. H. Platt has been re-elected for his tenth term as chairman of the Hamilton hospital governors. General Pehreing advised against the removal of the United States of the American deal buried in France. The "round trip" competitive air race between New York and Toronto, is to start at both ends on Aug. 25th. Forest fires are serious around the Soo. A large number of vessels are being held up on account of the dense smoke. General Denekine captured the town of Kamasin on the Volga, taking nine guns and quantities of war stores. Four men were seriously injured when one of the large boilers in the Canadian railway shop exploded in Winnipeg. Approximately one hundred thousand railway shop men in Chicago district went on strike to-day for higher wages. An estate valued at \$25,000 was left by George Primrose, the comedian, who died last week at San Diego, Calif. Milton Parsher, aged seventeen, Cobalt, was killed by lightning while in swimming in White River, near Liskeard.

MARSHAL FOCH PAYS HAIG WARM TRIBUTE
He Says They Were Like Two Big Brothers at the Front.

London, Aug. 1.—Marshal Foch paid a remarkable tribute to Field Marshal Haig during the course of his address after the freedom of the City of London had been bestowed on him. The generalissimo said: "He spared more than any other the lives of his men. What interviews we had during those last six months? He from the north and I from the south, despite great distances and fatigue, sought each other like two big brothers in order to live in closest intimacy and ensure by absolute community of ideas the more and more rapid march of our armies. We had to do so to force events." On November 9th I sent Field Marshal Haig the following telegram, feeling certain I should be loyally followed by him and his armies: "The disorganized enemy, owing to repeated attacks, is giving way along the whole front. It is essential to maintain and accelerate our operations. I call upon the energy and initiative of the commanders-in-chief and their armies in order to secure and render decisive the results obtained." Marshal Foch concluded: "Let us salute the glorious dead who sleep in France. Faithfully, proudly and jealously we shall guard them and keep their memory alive, because to us they are a testimony and a pledge."

In addition, ten assistant judges will be elected, five by the National Assembly and five by a committee of the German states. The sittings will be public. AMENDMENTS IN MASS FOR TREATY
One Senator Alone Has Prepared Seventy—A Curious Situation.

Washington, July 31.—Some idea of what may be expected when the Senate Foreign Relations Committee really gets into action on the Peace Treaty is foreseen in the statement that Senator Fall, Republican, of New Mexico, has prepared seventy amendments for submission to that body. No intimation is given as to the clauses at which these amendments are aimed, but evidently only a few can escape. Other Senators are not less enthusiastic over changes and by the time they would be through with the treaty, there is every reason to believe that the "Big Five" would not recognize their offspring.

LIKELY NEW MINISTERS.
But Nothing Official Has Been Yet Announced.

Ottawa, Aug. 1.—Sir Henry Drayton has arrived in Ottawa, but there is no official confirmation yet of his appointment as minister of finance, although it is generally believed here to be settled. F. SHOE PRICES GO UP.
Chicago Packers, Not Labor, Blamed for New Increase.

Hamilton, Aug. 1.—That the price of footwear within the next few months will advance 44 per cent, was stated today by W. S. Duffield, of the John McPherson Shoe Company. Labor is not to blame for this, he said. The fault rests with the Chicago packers, who have a monopoly on leather. A "now commands over \$17, while \$5 is asked for a cowhide, a sum that would once have purchased a cow. Labor will get 20 cents out of the \$4 advance. The packers will gobble up the balance.

Drops Name of "Smith."
Toronto, Aug. 1.—A musician with an eye to business in the London, Ont. organist, who has travelled through this vale of tears, the present time accompanied by the name of Leonard George Smith.

By deed poll registered at Osgoode Hall, he changed the name Smith for the new one of "Starling." He states in an affidavit, accompanying the documents recording the change, that his name is less common and more euphonious than "Smith" and one that would be better from a business standpoint. He states also that he desired to avoid certain restrictions which are associated with the name of Smith.
