**THE AGREEMENT REJECTED**

**RESULT OF VOTE IN THE MACHINISTS' UNION.**

Another Conference Will Be Necessary With the President of the Locomotive Works to Adjust Differences.

At a meeting of the Machinists' Union held on Sunday afternoon to discuss the agreement negotiated between the executive committee and President F. G. Wallace of the Canadian Locomotive Company, a vote was taken, and the agreement was rejected by a large majority, thirty voting for the acceptance of the terms offered and over two hundred against accepting them.

The result was a great surprise to many, because on Friday last it was reported that when the vote was taken by the different unions there was a majority in favor of a return to work. The explanation given for such a remarkable change is that the agreement had been misunderstood, that there were discrepancies between the verbal agreement and the written one which was submitted to the meeting and discussed before the vote was taken on Sunday.

The matter therefore stands, and the executive will be obliged to meet President Wallace for a discussion of the points which have been interpreted as being to the disadvantage of the men. The meeting will likely take place to-day, and every effort will be made by the executive to bring the whole matter to a successful conclusion, for there was evidently a strong disposition on the part of a majority of the workers to return to work on the 45-hour week at 50 hours' pay, and hopes were entertained on Saturday for an early return to work on these conditions.

The metal trades council met this morning to consider the situation produced by the adverse vote of the machinists' union on Sunday afternoon. William Harper, Toronto, came to the city on Friday and his services are being utilized in an endeavor to bring about an amicable arrangement. When questioned today he stated that no progress had been made and he was unable to say what the next move would be.

**The Official Statement.**  
A meeting of the International Association of Machinist, No. 54, Sunday, Aug. 3rd, 1919. At 2.00 p.m. had a large attendance. The written proposition of the Canadian Locomotive Co., placed before the above named organization, was turned down by an overwhelming majority. The men state that as the cost of living has risen in the last year, and as the company's proposition would mean the same amount of money in dollars and cents, they cannot see their way clear to sign up for this rate for another year, not knowing where the cost of living will stop. They do not wish to take any undue advantage of the company, but they are willing at any time to submit their differences to a board of arbitration.

Signed, Inter. Assoc. of Machinists per R. Hallett, Rec. Sec.

**At the Grand.**  
For to-night, Tuesday and Wednesday the Grand has secured an excellent programme of high-class photoplays and superior vaudeville. George Walsh, the peerless Fox athlete, will appear in a five-reel feature, "I'll Say So." Mr. Walsh won his way to fame by his excellent work in "Never Say Quit," and adds to it greatly by his dashing exploits in "I'll Say So." Gloria Joy, the fascinating young star, will be seen in a five-reel feature, "Locked Hearts," a story of love, youth and adventure, with beautiful scenes of summer homes and the great outdoors, that helps to make a most enjoyable picture. The Universal screen magazine, with a Mutt and Jeff cartoon and comedy reels, will also be shown. Barkham and Wagner, two clever vaudeville artists, will present an act combining singing and dancing, that comes well recommended and promises good entertainment for all.—Advt.

**At Griffin's.**  
Dorothy Disturber Gish, who has climbed her way to popularity in pictures with surprising speed, now comes forth with a pronunciation regarding the proper method to put one over on the young husband. But she prefaces the story with a scene of how to put it over. It is in "I'll Get Him Yet," her new Paramount picture which will be shown at the Griffin Theatre today, Tuesday and Wednesday. Dorothy is compelled to meet a man of whom her husband is insanely jealous. While the husband is in the house the other man is waiting at the grocery corner, but when Dorothy makes the excuse that she needs eggs and goes to the grocery and hubby finds many eggs in the house his suspicions are aroused and it is then the action begins. The photoplay is a charming one in every respect and provides Miss Gish with one of the best roles in which she has been seen this season. The picture must be seen to be fully appreciated.—Advt.

**At the Strand.**  
Mme. Petrova will be the principal attraction at the Strand Theatre on Monday, Tuesday and Wednesday. Her second starring vehicle from her own studios is "The Light Within," a domestic drama of the intense type. As in "Daughter of Destiny," Thomas Holding will be her leading man. Linnaden Hare forms the other side of the triangle. The story is described as a romance of misadventure, and Mme. Petrova is said to fit admirably into the role of the doctor's daughter who marries for money in order to gratify her dead father's wish that she pursue a scientific career. One of the best bits of acting seen in a long time is done by director Larry Trimble's dog "Shep" in Mme. Petrova's second picture, "The Light Within." In the story little Donald, the dog's playmate and master, dies. After the funeral Donald's mother (Mme. Petrova) goes into the silent nursery and sinks into a chair shaking with silent sobs. Old "Shep," knowing that something is wrong, walks slowly into the room, looks at

her, goes sniffing around over the scattered toys, jumps up on to the little cot where his master slept, examines it carefully to see that Donald isn't playing hide and seek under the covers—then jumps down, comes over to the weeping mother, puts his long nose up on her lap and—when you see the picture look for the tear that drops from the old fellow's eye—but watch your own at the same time, for it is a mighty touching incident.—Advt.

**Military News**

It is reported from Belleville that a prominent lawyer of that city has instituted proceedings for unstated damages on behalf of ex-Gunner Mossman, who was recently acquitted by a court-martial of the charge of striking an officer in Belgium on Nov. 28th, 1918. The complaint is that Mossman, after being formally discharged, was kept in detention for three months under most unusual circumstances without precedent.

There is a report that Major W. J. S. Sharpe, late of the 21st battalion, C.E.F., and Casualties officer, M.D. No. 3, is to be released from Burwash Provincial Reformatory on Tuesday next. The report was referred to district headquarters but no official confirmation could be obtained. The matter, it is stated, is in the hands of the officials of the Department of Justice, Ottawa, and the major's release might take place without the knowledge of the local officers. Efforts were made by the officer's friends to effect his release before Peace Day, and strong representations were made in his behalf.

Authorization for the formation of the Kingston Rifle Association is contained in the latest issue of the Canada Gazette.

The British War Medal for general service during the war has been authorized by His Majesty the King. Conditions relating to eligibility have not yet been definitely decided, but in the meantime all ranks who joined the C.E.F. in Canada between Aug. 5th, 1914 and Nov. 11th, 1918, inclusive and whilst belonging to the C.E.F. rendered approved service overseas are permitted to wear the ribband. The ribband will be: centre orange watered with stripes of white and black on each side with border of Royal Blue.

**Telephone Operators Left.**  
Miss Violet Griffith and Miss Lorna Hicks, who were sent from Belleville to assist the girls in the local telephone exchange several weeks ago, returned to Belleville on Sunday. While in the city they operated the long distance lines and have now trained several local girls for that work.

**The Late Mrs. John David.**  
Henrietta David, wife of John David, a farmer residing three miles beyond Westbrook, passed away on Sunday after an illness of some duration. She was fifty-four years of age, and besides her husband, is survived by several children, all of whom are grown up.
