BIG WOLFE ISLAND PICNIC

HELD BY FATHER FLEMING TUESDAY AFTERNOON AND EVENING.

There Were About Three Thousand Present—Several Addresses Delivered—A Baseball Match Played.

What was perhaps the biggest picnic ever held on Wolfe Island, was given in the beautiful grove adjoining the Sacred Heart Church by Rev. Father Fleming on Tuesday. Fully three thousand people were present including a large number of returned soldiers, many of them convalescents from the military hospitals, and guests of Father Fleming. The steamer Brockville was chartered to carry the soldiers and the R.C.H.A. band to the island, while the ferry Wolfe Islander made special hourly trips to accommodate the throngs of people who flocked in the occasion as opportunity for a day's outing that was full of interest and pleasure. Farmers came from Kingston, Pittsburg and Loughboro townships, and the steamer Wolfe Islander was crowded every trip. Dr. Spinkie having changed the schedule to accommodate the management of the picnic.

The picnic was a splendid success in every way. The weather was ideal and all sorts of outdoor sports were indulged in, including baseball, running and jumping. The grounds were beautifully decorated with flags and bunting, and booths had been located at intervals where refreshments were served. Most elaborate preparations were made for serving dinner, and the successful manner in which they were carried out called forth the highest praise for the ladies who had charge. There was abundance of everything delicious and enticing that one could wish for, but this is the way with the Wolfe Island people, and it is one of the reasons why there was such a large attendance.

Rev. Father Fleming received the people very warmly, and his hospitality was deeply appreciated. Among his guests were Brig.-Gen. Williams, G.O.C., M.D., No. 2; Major W. J. McManus and Major the Rev. Mr. Wilkin, Chaplain Services, C.E.F., Anthony Rankin, M.P.P., S. L. Squire, president of the Good Roads Association, Toronto; Rev. Fathers Lacey and Hanley of Kingston, and the Whig's representative. During the afternoon Father Fleming conducted several parties through his grounds and apiary. He is an expert beekeeper and gave a most interesting account of the industry which is his hobby but which has grown so large that he employs three young men constantly. It is a very profitable industry, he says, but the possibilities that lie in it are not realized because so few people keep bees.

Late in the afternoon a number of most interesting addresses were given. The speakers were introduced by Archibald Staley, who acted as chairman. The first speaker was Brig.-Gen. Victor S. Williams who thanked Father Fleming on behalf of the soldiers for the privilege of being present and expressed the great pleasure that all felt, and their appreciation of his hospitality and his efforts to make the day an enjoyable one to them. He paid a warm tribute to the soldiers who had fought in Canada's army in France and assured them of his great desire to do all he could at any time to promote their welfare in every way.

He was followed by Anthony Rankin, M.P.P., who directed his remarks to the farmers, telling what the provincial government was doing to improve their social life, and the plans to build community halls in every municipality. He took up the matter of highway, upon which millions of dollars were being expended and expressed the hope that Wolfe Island would get a share of the expenditure for its roads. The approaching referendum on the question of prohibition was mentioned and he expressed the hope that the benefits of prohibition would not be lost sight of when they voted on the measure.

S. L. Squire, president of the Good Roads Association, Toronto, spoke at some length on the good roads policy of the provincial government. Three classes of roads were described, provincial roads were highways, connecting cities, seventy per cent of the cost of which was paid by the government; county provincial roads forty per cent, of the cost of which was paid by the government; and county roads, forty per cent of the cost of which was paid by the government. He told of the work of Mr. Rankin on the good roads commission.

Mr. Staley moved a hearty vote of thanks to Father Fleming, the management committee and the ladies, and it was seconded by Mr. Kinkin. Father Fleming acknowledged the compliments paid to him in a very touching manner, expressing his admiration for the soldiers who had sacrificed so much for their country, and his abiding interest in the welfare of the people.

After the addresses supper was served and dancing was the principal feature during the evening.

The baseball game between the Y.L.C.B.A. and Wolfe Islanders resulted as follows: Y.L.C.B.A. . . . . 030301500—12 Wolfe Island . . . . . 00000010—1 The total amount of the receipts at the picnic will not be known until Thursday.

During the evening a draw was held for the beautiful cabinet Victoria and holder of the lucky number was Arthur Campbell, 421 Barrie street a returned soldier.

Excursion To Alexandria Bay. Steamer America leaves Swift's wharf 2 P.M., Thursday, calling at Alexandria Bay. A beautiful trip.

Gold ingots to the value of £1,000,000 sterling have been recovered by salvagers from the wreck of the former White Star Dominion liner Laurentic, which was sunk Jan. 28th, 1917, off Fasad Light, Ireland.

When merchants first commenced to advertise the doom of the two-price store was sounded. If advertising had never accomplished anything less than this it would have justified itself.

Sir Herbert Ames, Montreal financier and member of the House of Commons, has been appointed financial director of the permanent secretariat of the League of Nations.

THEATRICAL

At The Grand.

A splendid programme of high-class photoplays and superior vaudeville was presented to a large crowd at the Grand Opera House last evening. Virginia Pearson, the talented Fox beauty, appeared in a five reel feature film, "Buchanan's Wife," a screen adaptation of the famous novel of the same name by Justus Miles Forman. Gloria Joy, the youthful screen star, was seen in a five reel feature, "No Children Wanted," a delightful story of love and youth that provides much amusement. Other films shown were a Mutt and Jeff cartoon, "The Ace and Joker," and industrial reel showing the "Salmon Industry," and an excellent comedy, "Her Lady's Slipper." The vaudeville, Madelyn Shone, drew much applause for her clever wit in a singing and talking act. This bill will be repeated to-night for the last time. For the last half of the week, Mae Marsh will be seen in "The Kissing Strain." Bill's Rhodes will appear in "The Love Call." Other reels with an act of the better class of vaudeville will be given.—Adv.

At Griffin's.

To-night will be the last opportunity to see beautiful Ethel Clayton in her new photoplay "Men Women and Money" which has proven so popular with Kingston audiences the last few days. No admirer of Miss Clayton should overlook this chance to see their favorite in an entirely new role in which she does some of the finest work of her career. The story centres around a girl Marcel Middleton whose parents the poor manage to send their daughter to a fashionable boarding school; where she soon learns to value money too highly and becoming dissatisfied with her humble home leaves and enters into the gay whirl of society in the city. She awakes to her true self only after she has lost all her money gambling and her friends forsake her. The story is a gripping one and cannot fail to win your appreciation.—Adv.

TOWN SUPERVISOR DIES AT CLAYTON

William M. Fitzgerald Stricken With Paralysis—Driving an Automobile.

Clayton, N.Y., Aug. 11.—William M. Fitzgerald, aged thirty-eight, supervisor of the town of Clayton, died here at midnight following an attack of paralysis with which he was stricken while driving his automobile from the farm of Tad Ellis about 10.30 Sunday evening. With him at the time was Miss Catherine Hayes, of Clayton, his fiancee.

Mr. Fitzgerald and Miss Hayes had been spending the evening at the Ellis farm, and were returning at the time of the fatal attack. They were about a half mile from the farm when he complained of a severe pain in the back of his head. Seemingly to realize that his condition was serious, and would probably result fatally, he notified Miss Hayes, and both hurried through the last rites of the Roman Catholic Church. Mr. Fitzgerald gave a shriek and became unconscious.

About this time a carriage containing two young men approached, and Miss Hayes called for assistance. One of the men drove the automobile to Clayton, and three physicians were called. Mr. Fitzgerald never became conscious, and died about midnight.

IN MARINE CIRCLES.

Movements of Vessels In and About Kingston Harbor.

After inspecting the steamer America, the American inspectors congratulated Capt. R. Fleming, first officer, saying she was the cleanest passenger boat that has been their pleasure to board in Canadian waters.

The steamer America is carrying a big G.T.R. excursion from Belleville to Twelve O'clock Point and expects to carry 2,000 people during the day.

Capt. William Leslie has abandoned the salvage of the steamer Key-storm for the present, not because the boat cannot be raised, but until he can obtain steel pontoons. It was found that the wooden pontoons were not strong enough to withstand the pressure and the work had to be abandoned indefinitely.

The American hull inspector of Ogdensburg, N.Y., was in the city on Tuesday and expressed regret that there had been a mistake with regard to the certificate of the steamer America, which has been re-issued. The chief inspector at Cleveland, Ohio, was also here on Monday in regard to the matter and satisfied himself that the inspection by Mr. R. Davis, the local hull inspector, was so accurate that there was no reason for withdrawing the vessel's papers. The America was found to be the same "old reliable."
