STUCCO BOARD

is just as great. Makes substantial, artistic houses, proof against heat and cold, wind, weather, fire and vermin. With it you can build now at the price you would have paid for brick in 1914. Saves 25% of labor, 25% of cost of material. No sheathing boards, building paper, furring strips needed. Made of kiln-dried Pine Laths dovetailed to hold the stucco firmly, set by immense pressure in Asphalt Mastic, on sized Sulphite-Board. Perfectly rigid, cannot warp, shrink, or swell.

Purina Chicken Chowder Helps Hens Moult

Few hens can produce feathers and eggs at the same time. Feathers are mostly protein. Purina Chicken Chowder helps hens moult because it runs high in protein. It is not a tonic, but a wholesome, scientific, balanced feed, to be fed with Purina Scratch Feed. These two form a perfect ration for moulting and laying hens. Grain feeds are not suitable for moulting, and nless Purina Chicken Chowder is fed, moulting will be slow, recovery slow, and the chances of winter egg laying considerably reduced. than in the corresponding months of 1918. The wonderful war-record of the Mutual Life and the prompt payment of the many unexpected claims during the recent epidemic-these have proved the value of the institution. The Mutual, moreover, is in a peculiar sense a people's Company, being in its control democratic, in its economy strictly co-operative. This means that the system is in line with the "spirit of the age" and so the people naturally turn to the Mutual.

The record of the company for nearly half a century has been one of increasing beneficence, and an ever-growing number of gratified policyholders help on the good work of the agents. As a result there probably is not a more prosperous group of workers in Canada to-day than the representatives of our Company.

A Suggestion for Saving

ASH in the pocket encourages careless spending.

You will find it a much easier task to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expen-

G. B. McKAY, Manager

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working out this scheme with us to advantage.

It is a plan worthy of a trial.
