

TO SEEK OUT FOOD HOARDERS

The Canadian Government is To Probe For the Profiteers.

BIG QUANTITIES OF FOOD

TO BE ORDERED, SOLD AT REASONABLE PRICES.

Big Stump in Meat Prices At Chicago—Consumers Will Not Get the Benefit for Another Week.

Ottawa, Aug. 30.—The following statement was handed out this afternoon by the secretary of the Board of Commerce for Canada:

"Co-operation has been established between the Board of Commerce of Canada and the U. S. authorities in a continent-wide campaign against high prices. This results from the visit of Mr. W. F. O'Connor to Washington. Mr. O'Connor has been there for over a week and returns to the city on Sunday."

The intimation is made that the board will shortly commence an itinerary, one of the objects of which will be to trace those who, since the enactment of the Combines and Fair Prices Act, have been guilty of overcharging, which is now a criminal offence. Any unreasonably large quantities of goods held in cold storage will be ordered out for sale at reasonable prices, and profiteering and price-rigging generally will be given short shrift.

Meat Prices Take Stump. Chicago, Aug. 30.—Foodstuffs of all kinds continued on a downward slide yesterday. Live hogs sold as low as \$14.50 per hundred pounds, early in the buying and lack of buyers for thousands of hogs on the market made further declines almost certain. All grades have shown a drop of approximately three and a half cents a pound since the beginning of the slump.

Cattle sales began around \$16.75 per hundred, an average of \$15.00 per hundred at the close of last week's trading. Only the buying of more dressed meat by the public will revive the market, according to stock yards men. The consumer will not receive the benefit of the lower figure, it was pointed out, until hogs purchased directly from the farmer are marketed, but which will be in a short week.

MERGER IN NEWSPRINT. Concern Will Be the Third Largest in United States. Watertown, N.Y., Aug. 30.—Negotiations are pending toward the merger of the St. Regis Paper Company and the Remington Paper & Power Company, the largest newsprint manufacturing concerns in this section of the state. If the deal is consummated, it will mean a concern with more than \$25,000,000 in assets, and the third largest newsprint concern in the United States. Seven mills with an output of 450 tons of paper daily and a water-power of between 40,000 and 50,000 horsepower are involved in the deal.

Steamer Drew One Inch Too Much. Sault Ste. Marie, Ont., Aug. 30.—Being too heavily loaded, and owing to the extreme low water in the river yesterday, due to a stiff west wind that prevailed, the steamer Collingwood failed to get up through the canal, as she was drawing nineteen and a half feet of water, which was just one inch more than could be put into the locks. The Collingwood was, therefore, compelled to call for the assistance of two tugs to help her back out of the entrance to the canal locks so that she might go to the American side and up through the Michigan Soo locks.

Organize for Hunt. Washington, Aug. 30.—Governors of seven states came to Washington today as a committee from the National Conference of Governors to offer state co-operation to the Federal Government in the campaign to reduce the cost of living. They went into conference immediately, with Attorney-General Palmer, to discuss the best methods to be pursued in the hunt for profiteers and hoarders. Later the governors were in conference with President Wilson at the White House.

Paper Mill For Morrisstown. Brookville, Aug. 30.—The purchase of the Gilles lumber mill property in Morrisstown, N.Y., by interests said to be represented by William Randolph Hearst, the New York publisher, who, it is said, will erect a mammoth paper mill in the neighboring village, has given rise to much speculation throughout the country. The site was formerly owned by Gilles Bros., lumber merchants, Braeside, near Arranger, who used the plant for their American depot.

Ground Rents Reduced. Cobalt, Aug. 30.—A reduction in ground rents on Lang street and certain of other thoroughfares has been announced by the Nipissing Mining Co., owners of the property, the new scale to go into effect on Sept. 1. The reduction will be 20 per cent. on the net rentals, these being based on the amount paid by the lessees by the 25th of each month. Other companies are expected to follow suit. The leases, which were for ten years, expire on October 1st.

PEACE OF WORLD RESTS ON UNITY OF EMPIRE

Prince of Wales Pays Tribute to Inestimable Service of the Women.

Ottawa, Aug. 30.—At the Government luncheon yesterday afternoon in honor of the Prince of Wales, the Prime Minister, Sir Robert Borden, speaking briefly, emphasized what he described as the "direct and perfect relation between the Crown and the People" of the British Empire. He dwelt upon the development of constitutional relations in Canada, stating that Canada has proceeded upon lines identical with those which have been followed in the Mother Country.

"To that development," he said, "men of both our great pioneer races have concentrated their labors and given a worthy contribution." The Prime Minister spoke of the new problems which peace has brought and told the Prince that he is as yet only on the verge of that menage among the people of the world which he wished His Royal Highness Godspeed in the journeys that still lie before him.

His Royal Highness, speaking in reply to the Prime Minister, referred to the lessons to be drawn from the achievements of the Canadian army corps at the front, and also to those who served at home carrying on the great industries to feed and equip the fighting men.

"Nor must we forget the women of Canada," he said, "whose help both overseas and on this side has been inestimable." He referred also to the problems of reconstruction. "The splendid services of the British Dominions in the war have given them a new prestige among the peoples of the world," he said, "and they have established their status as self-governing nations once and for all. It must be our aim to maintain our unity in the more complex conditions of peace, for on our unity depends, not only the security of British institutions, but the peace of the world."

His Royal Highness then proposed the health of the Dominion, coupled with the names of the Prime Minister and the Opposition, Mackenzie King.

THE DEATH OF BOTHA CALAMITY TO COUNTRY

South Africa Has Lost Its Greatest Advocate of Racial Conciliation.

London, Aug. 30.—The death of Premier Botha of South Africa is prominently featured in all the papers. The fact is emphasized that Botha was one of the most romantic figures in the Empire, and a great personality in the African continent, news of his death was immediately made known to the King, the Premier and others, and messages of condolence have been sent to the South African Government, and the Botha family.

He began life as a shepherd boy on a Boer farm and became a farmer. He was a member of the first Volkskranz of the Transvaal, and rose from a Veld Cornet in the Boer army to Generalissimo. The romance of his subsequent career is well known. Everywhere profound regret is manifested at the loss to the Empire in the death of this South African statesman. It is regarded as a practical irreparable at present, while his death is regarded as a calamity to South Africa, as it has lost its greatest advocate of racial conciliation.

CONTRACTS FOR NEW ONTARIO HIGHWAY

Forty Miles in Provincial Scheme to Be Finished Next Year.

Toronto, Aug. 30.—In pursuance of the Ontario government's promise a highway policy tenders were accepted by the department of public works yesterday for the construction of an additional forty miles of road. It was stated by the department of highways that the composition of these sections will be a bituminous road construction with a top surface three inches thick of stone or asphalt tar used as a binder.

Work on the roads will commence as soon as the contracts are drawn up, which will be within a week, and completion must be effected by the fall of next year.

BASEBALL ON FRIDAY.

National League. New York, 7; St. Louis, 1. Pittsburgh, 5; St. Louis, 3. Philadelphia, 4-4; Boston, 3-6. International League. Toronto, 6; Newark, 5. Jersey City, 18; Buffalo, 0. Birmingham, 4; Baltimore, 0. Rochester, 13; Reading, 5. Michigan-Ontario League. Hamilton, 4-4; Kitchener, 1-0. Stratford, 5; London, 0. Saginaw, 5; Flint, 1. Battle Creek, 6; Bay City, 5.

American League. New York, 4-5; Washington, 1-1. Boston, 7; Philadelphia, 1. Chicago, 3; Cleveland, 2. Detroit, 5; St. Louis, 2.

Good Growth At Gaspé. Quebec, Aug. 30.—Over 25 feet nine inches high, and with grain of a full growth were cut at Gaspé, Que., this week. Samples were mailed in Quebec for exhibition, and make a very good showing. This is particularly remarkable owing to the fact that depression prevails that Gaspé, being the easternmost point of Quebec province, is not a good farming district. The oats exhibited here are ample proof that lots of good things can be cultivated there.

U. S. officials will ask jail terms for food profiteers. Wholesale arrests of dealers are looked for.

ADVISED PRINCE TO GET MARRIED

And Raise a Family As Handsome And Good As Himself.

AN OLD LADY AT OTTAWA

HELD THE HAND OF HIS ROYAL HIGHNESS.

And Gave Him Good Advice—Thousands Disappointed at Not Being Able to Shake Hands With the Prince.

Ottawa, Aug. 30.—The main feature of Friday spent by His Royal Highness at the capital was his formal reception of the people at the City Hall. Many thousands of all classes personally met the Prince of Wales. Early in the proceedings the procession was held up by an old lady who undertook, while she held on to his hand, to give him some homely advice. "Get married soon, your highness," she advised, "and raise a family of children as handsome and good as yourself." The prince kept a straight face until the old lady had passed on, after which he could not restrain his smile.

When the hour had closed there were still thousands outside who had to go away disappointed without having shaken the royal hand. The prince assured them of his regret and that he would like to shake hands with every one in Ottawa, "but I have only two hands," he said, "and I can only shake hands with one of them at once."

M'GILL IS EXPECTING A RECORD ENROLMENT

Indications That 3,000 Undergraduates Will Have Registered October 1.

Montreal, Aug. 30.—Judging by the amount of correspondence involved, McGill University will be at the forthcoming session, which opens on the first of October, have a record attendance of undergraduates. Last year there were only about 1,000 undergraduates in attendance. The war had taken a large toll from the several faculties.

The record of McGill is well known and appreciated. Many of the undergraduates returned after having done their bit; not a few sleep in foreign fields. It is expected that some 3,000 undergraduates will have registered by the first of October. The growth of the school system in Montreal, the superior facilities for obtaining an education at slight expense owing to the free schools, tell upon the matriculation examinations for McGill.

ALLIES ARE RUFFLED.

Wilson's Change of Opinion Does Not Bind Conference.

London, Aug. 30.—The Paris correspondent of the Daily Telegraph writes: "I regard what I believe to be the view taken by the conference of President Wilson's message to the Sublime Porte, in which he indicates the possibility of withdrawing one of the famous fourteen points—that which relates to the Turkish Empire—when I say that this action must be regarded entirely outside the conference. The president cannot go over the heads of the council in Paris and, if he chooses to alter his personal point of view, he cannot, thereby, commit the conference. It is a fact that the dignity of the statesmen here is a little ruffled."

Losses Cast, Even in Germany. Berlin, Aug. 30.—The bridge over the Teltow Canal, formerly known as the Schloss Brücke or Castle Bridge, was some time ago, by exalted desire, renamed the Ever Pasha Bridge.

The local authorities have now recommended that the bridge should receive its old name again, as, says the Lokal Anzeiger, the population is not enthusiastic over Ever Pasha's heroism.

With hogs selling for \$15 on the Chicago market, housewives will still have to cut the bacon very thin and use it sparingly as there is no indication yet that the Canadian hog will follow the example of his American brother.

KINGSTON INDUSTRIAL FAIR SUBSCRIPTION LIST.

The campaign for funds for the Kingston Industrial Fair is making splendid headway, and the list is growing daily. The following is a list of the subscriptions to date:

Table with 2 columns: Name and Amount. Includes: Robertson Grocery Co. \$10.00, W. Y. Mills \$10.00, E. W. Baker \$5.00, J. M. Gordon \$5.00, Louis Abramson \$5.00, F. G. Dinne \$5.00, W. S. Nichol \$5.00, Duncan Cays \$5.00, C. J. Shannon \$5.00, David Purdy \$5.00, J. J. Stewart \$5.00, A. Friend \$5.00, Carlton Hotel \$5.00, Frank Robb \$5.00, Frank Robb \$5.00, N. E. O'Connor \$5.00, Res Bros. \$5.00, J. Stewart \$5.00.

PRICES OF SUGAR TO BE CONTROLLED EXPORT PROHIBITED

(Canadian Press Despatch) Ottawa, Aug. 30.—The Board of Commerce has taken action to control the sugar prices by restraining and prohibiting certain parties from disposing of sugar in such a way as is calculated to unfairly enhance its cost. They are particularly restrained from exporting sugar out of Canada.

It was stated at the office of the Board to-day that this action was taken in view of excessive and unfair prices charged for sugar, and also because large quantities are being or are threatened to be exported from Canada, notwithstanding the urgent need for it in the Dominion.

The Board will hold an investigation in Montreal early next week to consider generally the supply and prices of sugar, and the effect on the community of the threatened export of this commodity.

There seems to be reasonable ground for the expectation that prices are about to drop, and that it will be advantageous for holders to sell promptly and avoid losses that will undoubtedly occur. The board of commerce sits in Montreal on Tuesday.

CURRIE'S APPEAL FOR SOLDIERS

Vicious Propaganda of Individuals Trying to Wean Them From Ideals.

REPLIES TO CRITICISM

LEVELLED AT HUN REGARDING ATTACK AT MONS.

He Acted Under Orders From Marshal Foch Not to Lessen the Sacrifice Upon the Enemy.

Toronto, Aug. 30.—An earnest appeal to the business men of the country and to the women to aid the returned soldiers to meet the vicious propaganda of individuals who are trying to wean the returned men from the ideals for which he fought, and for which he now stands, was made yesterday by General Sir Arthur W. Currie in his address at Massey Hall at a joint meeting of the Empire and Canadian Clubs held in his honor.

In the course of his story of the last hundred days of the war, Gen. Currie took occasion to reply to some of the criticisms that had been levelled at him with respect to the attack on Mons. He said "Orders, which had come to me through the usual channels from the commander-in-chief, ordered that there should be no lessening of pressure upon the Germans during the visit of the German plenipotentiaries to Marshal Foch. So we kept up the pressure. The German plenipotentiaries did not sign the armistice until five o'clock on the morning of November 11th. We did not know whether or not they were going to sign. Before they signed these terms, Mons was in our possession. No order, verbal or otherwise, by me ordered an assault on Mons. Mons was never assaulted. The word of the signing of the armistice did not reach my headquarters until 7:38 o'clock on the morning of November 11th, when I at once ordered the line to hold fast."

Between 1,500 and 2,000 officers, who enlisted from Toronto, paid tribute to their chief, Gen. Currie, at a banquet held in his honor at the King Edward Hotel last night. In addition to the banquet, Gen. and Lady Currie were presented with a huge silver service, the gift of the officers of Toronto who served under him.

John G. Lethbridge was nominated by the United Farmers of West Middlesex for the Legislature.

NO FLAGS FOR SEDAN DAY.

Exportation Will Become Possible After June 30th. Melbourne, Aug. 30.—The exportation to the United States will become possible after June 30th, 1920, when the Central Wool Committee, which has controlled the output of the commodity for the British Government, ceases its activities.

According to an arrangement between the British Government and Australia, all Australian wool had been sold to Great Britain until the end of the 1920 fiscal year. Further control of the commonwealth wool may be necessary, it is believed, unless an effort is made to increase the available shipping.

MOB DELIVERS DEFAUTER.

Portneuf Youths Surround Operative and Prisoner. Quebec, Aug. 30.—When an operative of the military police landed at St. Casimir, County of Port Neuf yesterday, to arrest a defaulter under the Military Service Act, he was surrounded by a mob of young men who forced his prisoner from him and would have clubbed him had not he hurriedly taken refuge in a nearby hut.

Refugees from Turkey declare country has been thoroughly devastated by Bolsheviki and the population is poverty-stricken. The Meaford Woollen Mills has received an order for 17,000 yards of khaki frieze, worth about \$55,000, for the Greek army.

LLOYD GEORGE IS CRITICIZED

The British Premier is Probed About the Press Comment.

WILL HIS EXHORTATION

FOR NATIONAL ECONOMY HAVE THE DESIRED EFFECTS

The London Press Doubts It—Suggested That the Campaign For Retrenchment Is Political Strategy.

London, Aug. 30.—While a general welcome is given to Lloyd George's letter to his colleagues as evidence that the Government is in earnest as regards the need for economy, some of the Premier's newspaper critics express doubts as to whether it will produce any substantial results. The London Times says: "Was it not Lloyd George himself in his less notable days who told the Ministerial magnates that it was a complete fallacy to imagine that the press could work up an effective agitation unless there was strong public feeling behind it? That earlier wisdom has evidently come back to the Prime Minister by the attitude of the press, and must say to-day again, that this sudden conversion must have some more substantial result than the mere appearance of Lloyd George in a white sheet, however moving that not unprecedented spectacle may be."

The Daily Mail, which printed the Premier's letter fully although it was apparently a confidential document, points out that it was dated two days after the Premier made his speech in the Commons, and declares it clearly shows the impression which press criticisms of that speech made upon him. The Westminster Gazette suggests that it is the political strategist rather than the convinced economist which is directing the new campaign for retrenchment.

The Globe says: "Lloyd George in the role of publicist is rebuking his colleagues for what 'cannot be defended' is perhaps more edifying than convincing."

NAPANEE PERSONALS

Death of Mack Williams On Tuesday Last.

(From Our Own Correspondent.) Napanee, Aug. 30.—Miss Hattie Fox left yesterday for Fort Williams after spending the vacation with her father, Max Fox, and Mrs. E. Miss Marion Kaylor of Morven left last week for Calgary, Alta., where she has accepted a position on the Public school staff.

Miss Norma Shannon left this week for Saskatoon, Sask., after spending the vacation with her parents, Mr. and Mrs. W. J. Shannon, Bridge street.

Miss Isabel Wagar is visiting her aunt, Mrs. Barry, in Toronto. Mrs. W. S. Provins and son Gary, left on Tuesday to visit her sister in Pueblo, Col. Miss Caroline Perry, returned last week to Smith's Falls, after spending three weeks with her parents, Mr. and Mrs. F. H. Perry, Miss Minnie Miller and her sister Mrs. Malloy and her husband of New York, are the guests of their parents, Mr. and Mrs. S. R. Miller, John street.

Mr. and Mrs. E. J. Boyle and Mrs. Vandebogart and Miss McLaughlin motored on Tuesday to Toronto. Mr. and Mrs. Boyle will also visit friends in Barrie.

Mrs. Lang of Toronto is the guest of her sister, Mrs. Eakins, Miss Hester Gibbard is spending the week in Toronto. Miss Ruby Bowen is visiting friends in Ottawa.

Mrs. W. Miller left on Wednesday for London, Ont., where Major Miller is stationed. Dr. and Mrs. E. Meng and son Louis, and Miss Caroline Perry motored last week to Ottawa where they visited Dr. and Mrs. Fisher.

Miss Alice Craig visited to Toronto with her sister, Miss Winifred, who is returning to Fort William. Stanley C. Warner of Denver, Cal., is visiting his sister, Mrs. Eakins, Mrs. O. A. King is visiting Mr. and Mrs. W. J. Hall, Toronto. Miss Laura Rockwell is spending this week in Toronto. Harold Baughan of New York has been visiting his parents, Mr. and Mrs. George Baughan, Mrs. W. H. Hunter and daughter Kathleen are spending the week in Toronto.

The death occurred on Tuesday last of Mack Williams, eldest son of Mr. and Mrs. G. H. Williams, after a lingering illness. The funeral took place on Thursday afternoon from his father's residence, East street.

John G. Lethbridge was nominated by the United Farmers of West Middlesex for the Legislature.

THE BRITISH FAITH IS TAXED BY AMERICA

Senate's Delay in Ratifying Treaty Hardly Better Than a Refusal.

London, Aug. 30.—In an editorial the Daily News says: "The League of Nations, which drew its inspiration from America will be a league in which America has no part so long as the Senate refuses ratification of the treaty. Even that will not prevent the league from coming into being and fulfilling the duties entrusted to it by the peace treaty, but it will mean that the collective voice of the nations will be lamentably weaker in authority from the defection of the greatest and most disinterested power in the world."

"The faith of the vast body of English admirers of America is being heavily taxed by the attitude of the Senate. They find it hard to believe that after all America has done for the world since 1917 she should be blind and deaf to the need of the world today."

"The need of the world is to get straight and without America it cannot get straight. If America decides that her rule shall be based on dry land and watch the nations of the world still struggling in the surf, she has the right to do it. Nothing that may happen now can diminish the value of the indispensable services of America as a whole and the great services Americans like President Wilson and Mr. Hoover have rendered to the world. If we have to get straight without America, we shall face the situation as we must, but her refusal would be a heavy blow, and at this crisis delay is hardly better than refusal."

IMPORTANT CHANGES IN SCHOOL SYSTEM

Studies to be Replaced by Subjects in Accord With Needs of Day.

Quebec, Aug. 30.—Important and almost drastic changes in the primary schools system of teaching in Quebec province are expected at the meeting of the sub-committee of the Catholic branch of the council of public instruction at the Parliament building on Tuesday next. The Hon. Cyrille F. Delage, superintendent of the role of public instruction, will preside. The revision of the programme of studies in Quebec's primary schools will probably be completed at that sitting and then the committee will submit a report to the Catholic committee of public instruction, which meets at Quebec Sept. 24th.

A large number of matters will be eliminated from the schools programme of studies so that the studying children will get a deeper knowledge of certain matters supposed to be more in accord with the needs of the day.

MINISTERS IN WEST.

Tell 500 Farmers of Desire to See Irrigation Extended. Lethbridge, Alta., Aug. 30.—Arthur Meighen and Hon. J. A. Calder addressed a mass meeting here which was attended by more than 500 farmers, coming from a radius of 75 miles. In his speech, Meighen declared that much as he believed in irrigation in the so-called dry belt, the contemplated projects in southern Alberta were wholly local improvements and therefore constitutionally came within the realm of provincial administration. He declared, however, that the Dominion is anxious to see irrigation widely extended in the arid regions in order that production might be brought to its height and intimated that the federal government would endeavor to aid the province in irrigation matters.

Calder also declared strongly for irrigation extension. In the meantime, in the dry belt, seed and feed relief would have to be arranged as in former years.

BIG DROP IN PRICES.

High Cost of Living Battle Is On In Chicago.

Chicago, Aug. 30.—Prices of live hogs, grain and provisions fell on the Chicago markets yesterday. The manner in which the federal and state governments are bestirring themselves to force a reduction in the cost of foodstuffs is giving food hoarders panicky feelings, and the outlook is for further sharp declines in prices. Corn options were off on the average three cents a bushel, May, which closed around \$1.33 and December around \$1.27, according to the lowest prices of the season. Cash corn was off two to six cents and was 12 under the level of about a week ago. Declines in oats were less striking, but ran from 1c to about 1-1/2c a bushel. Pork was off \$2.50 a barrel, lard from 21c to \$1.32 and ribs from \$1.10 to \$1.85.

WOOL FROM AUSTRALIA.

Exportation Will Become Possible After June 30th. Melbourne, Aug. 30.—The exportation to the United States will become possible after June 30th, 1920, when the Central Wool Committee, which has controlled the output of the commodity for the British Government, ceases its activities.

According to an arrangement between the British Government and Australia, all Australian wool had been sold to Great Britain until the end of the 1920 fiscal year. Further control of the commonwealth wool may be necessary, it is believed, unless an effort is made to increase the available shipping.

Refugees from Turkey declare country has been thoroughly devastated by Bolsheviki and the population is poverty-stricken. The Meaford Woollen Mills has received an order for 17,000 yards of khaki frieze, worth about \$55,000, for the Greek army.

NEW PARTIES IN AUSTRALIA

Farmers And Soldiers Likely to Affiliate With Producing Interests.

HUGHES' BIG INFLUENCE

GREAT DANGER CONFRONTING PREMIER IS PROFITEERING

Unless He Can Overcome This Evil, Even His Tremendous Prestige May Vanish in a Single Day.

London, Aug. 30.—Outlining the general situation in Australia which confronts Premier Hughes, the Sydney correspondent of the Times states that the Premier finds the political situation very uncertain. The mixed driving force which has been assembled for the necessities of the war has expended itself now, and the Nationalists are displaying a decided desire to reconstitute themselves on new lines.

Already there is evidence in West Australia, South Australia, Victoria and New South Wales that the farmers and perhaps the returned soldiers will create new parties closely identified with the producing interests, while the employing class shows a strong disposition to revert to conservatism. At the same time the Labor party has ejected from its ranks all known extremists who have bent on forming a Soviet party.

As the State and also the Federal Parliaments approve proportional voting, future elections will possibly substantially alter the present representation of the Nationalists. Distinguishing influences are also markedly present in the State Legislatures.

Has Commanding Position.

Nevertheless Premier Hughes holds a commanding position in the Federal arena and remains unchallenged, and in view of the fact of the break-down in former Premier Watts' health, the Premier is certain to remain in office until the elections. His party, however, contains distinct elements, and he may be compelled to seek a new alignment with the moderate Labor wing, which, associated with advanced Liberals, would give him control of a new radical party.

With the high cost of living, profiteering, heavy taxation, industrial strife, soldiers' grievances, tariff revision, Bolshevism and naval expansion as the urgent constitutional problems, coupled with friction with the States and myriad reconstruction problems, Premier Hughes will have to satisfy a whole continent which wishes and believes that he is to have many millions from the German indemnity to distribute.

His greatest danger is profiteering, and unless he can scotch this evil even his tremendous prestige may vanish in a single day. Premier Hughes will have to survive the political strife which will accompany reconstruction.

IRELAND PROSPEROUS.

Suggested Carson Be Sent to U. S. To Tell Truth.

London, Aug. 30.—Lord Middleton, presiding at a meeting of the Unionist Anti-Partition League in Dublin, said those who gave advice to Great Britain on the assumption that Ireland was poor and downtrodden were absolutely ignorant of the condition of the country, for while the Valera was cadging for a loan of a million in America, the Irish national revenue had risen during the war, and her reconstruction would be more rapid than that of any other country.

If some speaker who would be listened to in America, like Sir Edward Carson, would put the real condition of Ireland before the American people in six or eight speeches, he refused to believe that responsible Americans would continue to approve a policy of forcing separation on a country already prosperous, which was the reverse of that on which they had founded their prosperity. Sinn Fein and Home Rule, he said, would bring them nearer to the conditions of Russia than that of the United States.

NEWS IN BULLETIN.

The Prince of Wales shook hands with over 2,500 people in Ottawa Friday.

Between 1,500 and 2,000 officers attended a banquet in honor of General Currie Friday night in Toronto.

The Board of Commerce for Canada has decided to order on sale any unreasonable quantities of goods held in cold storage and to forbid the export of sugar.

Major J. W. Simmons made a non-stop flight from Toronto to Mineola, N.Y., 520 miles, in three hours and four minutes Friday.

A party of five hundred British settlers, composed of young men and women, will sail for Canada next March.

The British government has decided to abolish the press censorship in Ireland Aug. 31st.
