GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble Caused By Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis, accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach, and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of follies to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any drugist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulified cocoanut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulified cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

CONDEMN HEARST'S BID FOR VOTES

Unwarranted Interference in Federal Matter is Considered Cheap Politics.

ANTIDOTE FOR DRY LAW

IS HOW THE PREMIER'S ACTION IS VIEWED

Misleading and Unfair to the Soldiers Raising Expectations That It is Claimed Cannot Be Realized.

Ottawa, Sept. 12.—Sir William Hearst's bid for the soldiers' vote at the coming provincial contest is strongly condemned here as cheap politics and unworthy of the Premier of a Great Province. Many Conservative members were very indignant and did not hesitate to express their condemnation. Some believe that Sir Robert Borden should have asked Sir William Hearst to implement his promise to the soldiers that Ontario will cheerfully bear its share of the burden imposed by granting the \$2,000 gratuity.

Ontario has now a provincial debt of \$70,000,000, and Ontario's share of the burden, if assumed directly by that province on the basis of enlistment, would increase this debt to \$470,000,000. The fixed charges on this provincial debt would be equal to the total provincial revenue at the present time. Federal members are anxious to do the best possible for the soldiers, but resent the unwarranted interference by the Ontario Premier in a federal matter, and its only object in view of the impending election cannot be considered otherwise than political manoeuvring for the electoral vote. It is to be an antidote for the unpopular temperance legislation, condemned by the soldiers. Many condemn it as misleading and unfair to the soldiers raising expectations that cannot be realized.

Attacked Farmer With Pitchfork

Brookville, Sept. 11.—According to reports received by the police, there has been extensive robbing of chicken coops throughout this district lately. A New Dublin farmer named Joseph Moore folled an attempted raid last night by three men. They were in the act of gathering up the fowl when he appeared, and all beat a hasty retreat except one, who attacked him with a pitchfork. Moore beat him off, and the trio disappeared in the darkness, leaving behind a horse and wagon, which later investigation showed had been stolen in Brookville.

The thiefing has been wholesale, in many instances whole coops having been stolen.

The police have three suspects, Roy Smith, Daniel and William Blair, under arrest, who will be tried by the county judge on Monday next. The thiefing is thought to be the work of organized gangs.

Every Monday morning he gets up at four o'clock and attends to the fire under the boiler, which is used for washing the clothes of the inmates at the house. His activities are very remarkable considering his advanced years.

Penian Veteran Dead.

Brookville, Sept. 11.—Reuben Eden, aged 72 years, Penian Raid veteran, was found dead in bed on Monday night by his wife shortly after retiring. Heart disease was given as the cause. Deceased was born in Montreal and lived in Ottawa before coming to Brookville forty years ago.

Mr. Eden responded to the call of arms at the outbreak of the Fenian Raid and was therefore one of the few surviving veterans who served Queen and country during those troublesome times on the frontier. He was an esteemed member of Brock Lodge, No. 9, I.O.O.F., and also a member of Suffolk Lodge, No. 27, Sons of England. In religion the deceased was an Anglican and a faithful attendant upon the services of St. Paul's church, at Ottawa, in 1875. TREACHERY TO LEAVE IN HOUR OF NEED

Colonel John Ward Makes Plea Against Abandoning Russia to Bolshevists.

London, Sept. 11.—Col. John Ward, labor member of the House of Commons, who has just returned from Russia, in an interview said that to desert the Russians who had rallied to our standard will make our name stink in the nostrils of every non-Bolshevik Russian.

"We went to Russia to prevent the Germans from transferring men to the western front," he declared. "Are we now to say to those who rallied round us, you have served our turn, we are going, we wish you luck?"

"That," said Col. Ward, "is unthinkable. It would be black treachery to leave them to face the enemies they have made for our sakes without anything more substantial than our good will."

Prices are as follows: Potatoes, \$2.25 to \$3 a bushel; green corn, 15c to 40c a dozen; green cucumbers, 25c to 60c a peck. Apples are scarce, and there is also a shortage of beef cattle. A SAD ACCIDENT

Cyclist Rides Off Dock and Drowns at Belleville.

Belleville, Sept. 11.—John Sheehan, aged 25 years, was on Monday drowned in the bay here, and the body was recovered this morning. The victim, it is surmised, was riding a bicycle along the new Government dock, when he accidentally fell into the bay and lost his life. The bicycle was last evening found on the dock and identified as Sheehan's property. This morning, by the aid of grappling devices, the body was recovered about 20 feet from the dock's edge. The father of the victim lives at Proctor, Minn., and the young man was boarding with relatives in this city. An inquest was not considered necessary.

ARTHUR SAYS

Well, I surely have met a bunch of my old friends—selling them their FALL HATS the last few days. I'm mighty glad we don't find it necessary to mention the names of our notables, cause if we did the public would think we were getting out a new City Direc-

tory. Believe me, it goes to show that men appreciate Hat values from the number we have decorated. Value giving is a religion with us. Give our line the once over and you'll agree.
